We offer:

- University Style, Hybrid Model
- Accelerated schedule of 30 weeks
- Preparation for high school
- Blended learning through e-Learning campus
- Focus on critical thinking, personal responsibility, academic growth and teamwork
- Two campuses in Central Florida

Core Academic Classes: English | History | Science | Math

Elective Classes: Intro to Culinary | Bible: New Testament | MS Art | Intro to Music Ensemble | MS STEM | Math Tutoring Lab. **Elective options vary from year to year and campus to campus. See Course Guide.*

Times/Locations: Each Core class is 75 minutes for 2 days a week | Classes are located at our Longwood and Winter Garden campuses | Separate schedule and lunch period from High School

Courses: Purchased a'la carte | Students can register for the classes they desire | Registration for study halls is required if the student is on campus and is not signed up for a class.

Classroom teachers: Focus on an active learning environment | Encourage student responsibility and critical thinking incrementally as the school year progresses | Craft a classroom community in which students are nurtured and encouraged | Involve students with interesting teaching methods and ways of problem solving | Weekly Assignment Sheets (WAS) are designed to assist both students and parents in understanding what work is required for each class

Parents: Have access to the online learning campus (eLC) to see grades and comments for assignments and tests | Parent involvement is vital to students' success

Students: Grades 7th and 8th can build their own schedule and take the campus classes they desire

This program is great for: Students who are preparing for high school | Students who desire to follow a typical grade-level course structure | Parents who want to foster blended learning via classroom and online learning | Parents who want to wholly engage in their child's learning experience without lesson preparation and grading for the chosen classes.
