AWARDS HANDBOOK

2024-2025

**National Scholarship and Fellowship Opportunities
for Undergraduates and Graduates**

"After having the opportunity of studying abroad here at the university, I felt a lasting impression that led to a desire to continue broadening my cultural awareness skills and furthering my self discovery. Thanks to the assistance from the lovely people I worked with in the College of Liberal Arts and the ONSA office, I was able to make this dream become a reality through pursuing a Fulbright Award."

WHAT DO WE DO?

The Office of National Scholarship Advisement (ONSA) supports and advises students applying for a select number of competitive national and international merit-based awards.

These awards offer life changing opportunities where academic excellence, leadership and active communal engagement are valued and nurtured. This is not just a gateway to undergraduate and graduate school funding, but an opportunity to further your mind, commit to bettering our world and actively engage in a scholarship community.

WHO WE ARE

ONSA supports the University of Mississippi's mission to engage minds, transform lives, and serve others by helping students become effective citizen-scholars. ONSA helps eligible students, including University of Mississippi undergraduates and graduate students, find and apply for national competitive scholarships and fellowships that fund research, international study, professional development, or post-baccalaureate study. We provide advice and professional guidance throughout the application process and offer information and writing workshops as well as individual advising throughout the year.

Diversity Statement: ONSA serves ALL students and alumni of the University of Mississippi, including all majors and areas of study. Many awards we promote specifically support underrepresented students in higher education. We highly encourage students of all backgrounds to explore opportunities with us!

BOREN

Open to: All students (Institutional Endorsement Recommended)

Award Deadline: January 2025

Description: Boren Fellowships & Scholarships provide a unique funding opportunity for U.S. students to add an important international and language component to their education in world regions critical to U.S. interests, including Africa, Asia, Central & Eastern Europe, Eurasia, Latin America, and the Middle East.

The Boren Awards focus on countries, languages, and fields critical to U.S. national security, recognizing a broad definition that includes traditional concerns of protecting American well-being, as well as challenges of global society, such as sustainable development, environmental issues, disease, migration, and economic competitiveness. In exchange for funding, Boren Awards recipients commit to working in the federal government for at least one year after graduation.

Boren Awards recipients are selected on the basis of merit, with consideration for the following six criteria:

1. National Security
2. Federal Service
3. Academic Record and Cultural Adaptability
4. Language Study
5. Boren Awards Preferences
6. Boren Fellowships ONLY (graduate students): Proposed Research Plan

Application Procedure:

- Complete application online (general information, two essays, language assessment, transcript and letters of recommendations)
- Book an appointment with ONSA for feedback and campus evaluation (Strongly recommended)

Requirements:

- U.S. citizens at the time of the national application deadline.
- At least 18 years of age or older at the time of the national application deadline.
- Planning an overseas program in a country outside of Western Europe, Canada, Australia, or New Zealand.
- Planning to study in a country of which they are not a citizen.
- Matriculated for the duration of their Boren Awards-funded program in an undergraduate or graduate degree program located within the United States and accredited by a body recognized by the U.S. Department of Education.

BOREN AWARDS 2024

CHURCHILL

Open to: Rising seniors and graduates within 12 months (Institutional Endorsement Required)

Campus Deadline: October 2024

Description: Funds one year of research in science, mathematics, and engineering. 16 awards are made annually. Applications for the Churchill Scholarship are reviewed by a Selection Committee comprised of at least eight former Churchill Scholars from a variety of STEM disciplines. An offer cannot be made before completion of an informal telephone interview.

Candidate Profile

Someone interested in conducting research on their own project. The Churchill offers the opportunity to ask big questions and also spend a year looking for some answers.

- *Outstanding academic achievement.* There is no minimum GPA, though most applicants have a very high average. The Committee looks at achievement in STEM courses, especially in the major, as indicated by course grades and recommendation letters.
- *Proven talent in research.* Applicants in the sciences and engineering will demonstrate extensive laboratory experience, internships, or other related work, while applicants in mathematics will show substantial independent work or other projects. The Committee looks for originality and creativity.
- *Outstanding personal qualities.* Understanding the time commitment required by research, the Churchill Foundation does not seek so-called “well-rounded” applicants; instead, it seeks applicants with what we call interesting “jagged edges.” The Committee takes into account interests and achievements outside of research, but it does not favor any particular kind of activity.

Application Procedure:

- Candidates need to select a course. Check the [Programs of Study](#) page for a list of eligible and ineligible courses. Applicants interested in the MAST in mathematics should first read the Foundation's guide, [Part III Mathematics for Churchill Scholars](#).
- A complete Churchill application (including all essays) is submitted online prior to the campus deadline. If you receive a UM institutional endorsement, you will be able to make changes to your application ahead of the final deadline.
- After the campus deadline, the campus Churchill Endorsement Committee will review all applications. Applicants may be asked to interview with the committee as part of the endorsement process. Endorsed applicants will then be notified and guided through the final steps of the application process.
- Candidates need to develop a 2-page personal statement and a 1 page proposed program of study statement
- **Fill out the online application and include**
 - proposed program of study,
 - personal statement,
 - correspondence with a potential lab supervisor (if applicable).
 - Transcripts for all colleges or universities attended, including study abroad
- **Request four academic letters of recommendation.** You should seek four people who are directly familiar with your academic or research work. They must submit their letters of recommendation through the online portal. When you request letters, they will receive an email linked to instructions and an upload portal.

- **Apply to the University of Cambridge.** The Churchill Scholarship is only tenable at Churchill College, so you must put Churchill College as your first choice on the Cambridge application. The Scholarship is only for a 1-year Master's degree, so your application must be for an MPhil or MAST. Because of Cambridge's rolling admissions, you should apply by the deadline for the Gates Cambridge Scholarship, in early October, 2022.
- **Complete the application**

Requirements:

- Must be a U.S. citizen
- A senior enrolled in UM or graduated within last 12 months.
- Upon taking up the Churchill Scholarship, a Churchill Scholar must hold a bachelor's degree or an equivalent, and may not have attained a doctorate.

Endorsement by Office of National Scholarships (Dr. Ibrahim)

DAAD RISE

Open to: Sophomores, Juniors and Seniors completing a 5th year.

Deadline: November 24, 2024

Description: RISE Germany offers undergraduate students from the US the opportunity to complete an REU summer research internship at top German universities and research institutions. RISE Germany is funded by the German Federal Foreign Office.

Candidate Profile

Someone interested in conducting research and experiencing research and culture in Germany. Students are matched with a host university or institute according to their area of interest (biology, chemistry, physics, earth sciences, engineering, or a closely related field) German language is not required and the working language will be in English. Host universities, universities of applied sciences (UAS) and institutes provide housing assistance and match students with Ph.D. student mentors or researchers. DAAD provides students with a monthly stipend for three months (minimum of 10 weeks) to help cover living expenses. This includes: health-, accident and private liability insurance, a three day meeting of all RISE interns in Heidelberg at the beginning of July in Germany, limited travel within Germany, assistance with international travel costs, and for those who plan to attend an accompanying language course in Germany, DAAD will cover 70 % of course-fees (max. 500 Euros).

Application Procedure:

- The application is submitted completely online through the RISE database.
- Register and login to access the internship database. Complete the online application form and upload all necessary documents. Please check the list of application documents you must submit at the [Application portal](#).
- The internship database is open between **October 15 to November 30**.

Requirements:

- Currently enrolled at UM, as an undergraduate student in the field of biology, chemistry, computer science, physics, earth sciences or engineering (or a closely related field)
- be an undergraduate who will have completed at least 2 years of a degree program by the time of the internship placement
- prove that you will maintain undergraduate status after the internship has taken place

Fulbright-UK Summer Institutes

Open to: Freshmen, Sophomores and Juniors who will complete a fifth year

Deadline: Early February 2025

Description: There are several UK Summer Institutes available every year. Each Institute is hosted by a different university, and each focuses on a specific historical or cultural context, or a subject or topic. You do not need to be familiar with these to apply and are encouraged to explore your interests.

Depending on the Institute, students will have the opportunity to:

- Study alongside leading academics and professionals
- Develop knowledge in specific fields
- Experience cultural and social events
- Visit UK cultural sites and areas of scenic beauty
- Receive credit to transfer to their home institution
- Meet people from different backgrounds and cultures
- Become an ambassador for studying in the UK, for the Fulbright Commission and their host institution(s)

The Institute costs covered by the Fulbright Commission and its partner institutions include:

- Return US-UK airfare
- Tuition and fees at the host institution
- Accommodation
- In some cases, a small daily allowance for meals

Application Procedure:

The best applications are from well-rounded students who can demonstrate:

- Strong academic ability
- Ambassadorial skills
- Intercultural sensitivity
- Genuine desire to learn more about the UK and to share aspects of American culture
- Extracurricular activities
- Community involvement
- Leadership potential
- Plans to further the Fulbright mission and give back to the US upon returning

Applications are currently closed and will open in late November. When applications open, applicants should follow the steps outlined below.

1. Read the [FAQs](#) and [terms and conditions](#)
2. Read the [Privacy Policy](#) for applicants
3. Apply online and upload a transcript to the application form as a PDF (official transcripts are preferred)

4. Select two (2) references and enter their email addresses into the application. They should receive a notification message that will lead them to their own online portal to submit a reference letter.
5. The application form must be completed, with transcript attached, and submitted before the deadline. Your references should also submit your letters before the deadline or your application will be incomplete. An application will not be considered completed if any of these items are missing or submitted late.
6. Finalists will be invited to interview in April. Summer Institute interviews are by video conference call and can only be rescheduled under extreme circumstances.

Requirements:

- Be a US citizen and possess a US passport
- Have had no or very little study/travel experience outside of North America
- Have a minimum GPA of 3.7
- Be at least 18 years old by the start of the program
- Be able to participate in the program in its entirety
- Have at least two years of undergraduate study remaining after the Institute finishes

KNIGHT-HENNESSY

Open to: Rising seniors and graduates

Deadline: October 2024

Description: The mission of the Knight-Hennessy Scholars program is to attract the most promising future leaders from all disciplines and geographies. As a scholar, you will broaden your knowledge, develop skills, and strengthen your character; this will prepare you to effect positive change.

There are three criteria:

1. **Independence of Thought:** Exhibits first-step mental sharpness; Seeks out knowledge and new experiences; Full of original ideas; Makes sense of ambiguity; Can hold a contrarian or dissenting point of view
2. **Purposeful Leadership:** Ambitious, in the best sense; Driven to improve self; Able to bring others along; Self-aware; Persistent and resilient
3. **Civic Mindset:** Personally, humble and kind; Supportive and accountable; Embraces difference; Concerned for and helpful to others

Application Procedure: Applicants must submit two applications:

- Knight-Hennessy Scholars online application
- [Stanford graduate program](#) application (Deadline will vary by program.)

You can only be selected as a Knight-Hennessy Scholar if a graduate program admits you to Stanford. The graduate program, however, may admit you to Stanford even if you are not selected as a Knight-Hennessy Scholar.

Requirements:

- A citizen of any country.
- Received your undergraduate degree in or after 2015.
- You are eligible to apply to the Knight-Hennessy Scholars program if you are applying to enroll in a full-time graduate program(s) at Stanford or if you plan on pursuing a joint- and dual-graduate degree options.

MARSHALL

Open to: Rising seniors and graduates (Institutional Endorsement Required)

Campus Deadline: July 1, 2025

Description: Funds two years of graduate study leading to a degree in any field at a U.K. institution. Award covers university fees, tuition, books, a thesis grant, research and daily travel, plus fares to and from the U.S.

Candidate Profile:

As future leaders, with a lasting understanding of British society, Marshall Scholars will strengthen the enduring relationship between the British and American peoples, their governments and their institutions. Marshall Scholars are talented, independent and wide-ranging in their interests, and their time as Scholars will enhance their intellectual and personal growth. Marshall Scholars are expected to contribute to the advancement of knowledge in science, technology, the humanities and social sciences, and the creative arts, at Britain's centers of academic excellence.

The specific selection criteria are:

1. Academic merit: The quality of the applicant's proposed program of study, their knowledge of their proposed courses and supervisors, evidence of academic excellence and background relevant to their planned field of study, and the quality and breadth of their recommendations
2. Leadership potential: Ability to deliver results, strength of purpose (as evidenced in commitment to extracurricular involvements), creativity and innovation in the applicant's approach to solving problems, and self-awareness in their desire to contribute to society and their impact so far
3. Ambassadorial potential: Knowledge of US/UK relations, evidence of transferable extracurricular activities, interpersonal skills and ability to engage with others, self-confidence, and ability to seize opportunities

In sum, applicants should have a clear idea of what they want to study, how their goals build on their past accomplishments in and out of the classroom, and how they expect to make a major contribution or help to advance their field.

Application Procedure:

- A complete Marshall Scholarship application (including all essays) submitted online. If you receive the UM endorsement, you will be able to make changes to your application ahead of the final deadline.
- Transcripts for all colleges or universities attended, including study abroad
- Three recommendation letters specifically tailored for the Marshall Scholarship. Letters should be written to the "Marshall Scholarship Selection Committee" and are limited to 1,000 words. Recommenders should email their letters to ONSA

After the campus deadline, the campus Marshall Endorsement Committee will review all applications. Applicants may be asked to interview with the committee as part of the endorsement process. Endorsed applicants will then be notified and guided through the final steps of the application process.

Requirements:

- Must be a U.S. citizen.

- Seniors, graduate or professional students, and recent alumni are eligible to apply within two years of earning their undergraduate degree.
- A minimum 3.7 GPA is required.

NSF GRFP

Open to: Rising seniors and graduates

Deadline: October 2023

Description: The NSF GRFP recognizes and supports outstanding graduate students in NSF-supported STEM disciplines who are pursuing research-based master's and doctoral degrees at accredited US institutions. The five-year fellowship includes three years of financial support including an annual stipend of \$34,000 and a cost of education allowance of \$12,000 to the institution.

All NSF proposals are evaluated through use of the two National Science Board approved merit review criteria.

- **Intellectual Merit:** The Intellectual Merit criterion encompasses the potential to advance knowledge; and
- **Broader Impacts:** The Broader Impacts criterion encompasses the potential to benefit society and contribute to the achievement of specific, desired societal outcomes.

Applicants should address:

1. What is the potential for the proposed activity to:
 - a. Advance knowledge and understanding within its own field or across different fields (Intellectual Merit); and
 - b. Benefit society or advance desired societal outcomes (Broader Impacts)?
2. To what extent do the proposed activities suggest and explore creative, original, or potentially transformative concepts?
3. Is the plan for carrying out the proposed activities well-reasoned, well-organized, and based on a sound rationale? Does the plan incorporate a mechanism to assess success?
4. How well qualified is the individual, team, or organization to conduct the proposed activities?
5. Are there adequate resources available to the PI (either at the home organization or through collaborations) to carry out the proposed activities?

Application Procedure:

- Applicants must submit the following information through the GRFP portal.
- Material required: Personal Information; Education, Work and Other Experience; Electronic Transcripts; Proposed Field(s) of Study; Proposed Graduate Study and Graduate School Information; the names and email addresses of at least three reference letter writers; Personal, Relevant Background and Future Goals Statement; and Graduate Research Plan Statement.

Requirements:

- Be a US citizen, US national, or permanent resident
- Intend to pursue a research-based Master's or Ph.D. program in a GRFP-supported field
- be enrolled in an eligible program at an accredited United States graduate institution, with a US campus, by fall following selection
- Be at an early stage in your graduate career

- Completed no more than one academic year of full-time graduate study (or the equivalent)
- Graduate students are limited to only one application to the GRFP, submitted either in the first year or in the second year of graduate school

Deadline: September 26, 2024

Description: The Thomas R. Pickering Foreign Affairs Fellowship Program provides graduate fellowships to qualified college seniors and college graduates committed to joining the Foreign Service. The fellowship helps finance two-year graduate programs, provides two summer internships, offers mentoring from a Foreign Service Officer, and provides other professional development activities. It welcomes the application of members of minority groups historically underrepresented in the State Department, women, and those with financial need.

The Pickering Program awards 45 fellowships of up to \$42,000 annually for a two-year period for tuition, room, board, books, and mandatory fees for completion of two-year master's degrees. This includes up to \$24,000 per year for tuition and mandatory fees and an academic year stipend of \$18,000.

Upon successful completion of a two-year master's degree program and fulfillment of fellowship and Foreign Service entry requirements, fellows have the opportunity to work as Foreign Service Officers with the U.S. Department of State, in accordance with applicable law and State Department policy, serving in Washington, DC or at a U.S. embassy, consulate, or diplomatic mission around the globe. Fellows also agree to a minimum five-year service commitment in the Department of State's Foreign Service. The five-year service commitment begins upon entry into the Foreign Service.

Application Procedure:

- Completed online application (including **personal background information, personal statement**, a short essay, transcripts and a statement of financial need).
- **Two letters of recommendation and proof of citizenship needed.**

Requirements:

- Be a U.S. citizen.
- Seek admission to a two-year, full-time, on-campus, master's degree program at a U.S.-based graduate institution to begin in the fall of 2022 in an academic field relevant to the work of the Foreign Service (public policy, international affairs, public administration, business, economics, political science, sociology, or foreign languages).
- Have a cumulative grade point average of 3.2 or higher on a 4.0 scale

INTERNSHIPS & SUMMER INSTITUTES

American Economic Association Summer Program

The [American Economic Association Summer Program](#) increases the participation and advancement of women and underrepresented minorities in economics. The fellowship allows the fellow to spend a summer in residence at a sponsoring research institution. Apply as a Junior.

DAAD Rise Germany

[DAAD RISE \(Research Internships in Science and Engineering\) Germany](#) offers summer research internships in Germany for undergraduates from North America, Great Britain, and Ireland. During internships, students are matched with doctoral student mentors with whom they work closely. Interns receive a monthly stipend to cover everyday costs while host universities and institutes provide housing assistance. About 300 scholarships are offered each year. The German language is not required as the working language will be English.

The objective of the grant is to promote student exchange to Germany in the fields of natural science, engineering, and life sciences, and to motivate undergraduate students to learn more about Germany's research landscape and study opportunities.

Fulbright UK Summer Institutes

U.S. Citizens can go to the UK for the summer through the [US-UK Fulbright Commission Summer Institutes](#). Programs provide 3-4 weeks of academic and cultural engagement. Applicants must be over age 18 and have at least 2 years of undergraduate study remaining.

Morris K. Udall Internship

The Udall Foundation established the [Native American Congressional Internship Program](#) to give Native American students an opportunity to learn about the federal government from the inside. Each year, twelve candidates are selected for a ten-week, intensive internship in Washington, D.C. Interns work full time in congressional offices or federal agencies, fulfilling a variety of tasks ranging from general support work to special research and writing projects. Application deadline Late January - Early February.

Public Policy & International Affairs Junior Summer Institute

The [PPIA Junior Summer Institute](#) is an intensive seven-week summer program that focuses on preparing students for graduate programs in public and international affairs and careers as policy professionals, public administrators, and other leadership roles in public service. Apply as a Junior.

Rangel International Affairs Summer Enrichment Program

[The Charles B. Rangel International Affairs Summer Enrichment Program](#) is a six-week summer program designed to provide undergraduate students with a deeper appreciation of current issues and trends in international affairs, a greater understanding of career opportunities in international affairs, and the enhanced knowledge and skills to pursue such careers.

This program encourages the application of members of minority groups historically underrepresented in the Foreign Service, women, and those with financial need. Students live at Howard University, attend classes, and participate in a variety of programs with foreign affairs professionals at Howard and at diverse locations around Washington, DC.

The Program covers the costs for tuition, travel, housing, and two meals per day. It also provides a stipend of \$3,200. Applicants must be full-time undergraduate students, with at least sophomore status on the date of the application deadline.

UNESCO Internships

The [UNESCO Internship Program](#) offers practical work in one of UNESCO's priority areas. Placements aim to help understand the Organization's mandate, programs, and main thrusts. It also enhances academic knowledge with work assignments relevant to future career goals.

OTHER OPPORTUNITIES

[Mississippi Teacher Corps](#)

The Mississippi Teacher Corps (MTC) is a University of Mississippi graduate teacher preparation program with a mission to: recruit, train, and support empathetic participants to become committed, talented, and passionate educators who have a desire to partner with and serve communities as teachers in critical-needs public schools. MTC provides training, support, certification, and a full scholarship for a Master of Arts in Teaching (MAT) from the University of Mississippi. During the school year, participants receive full pay and benefits from their school district and attend graduate classes at the University of Mississippi. Each year, MTC accepts between 25-35 candidates. Due to the size of the program, MTC can offer individualized support. All participants move as a cohort through each stage of the training and coursework.

[Presidential Fellows Program: Center for the Study of the Presidency](#)

The PMF Program is a flagship leadership development program at the entry level for advanced degree candidates. The Program attracts and selects the best candidates possible, developing a cadre of potential government leaders. It provides some sustenance during the first years of employment and encourages development of leadership capabilities. The PMF Program inculcates a lasting bond as well as a spirit of public service, ultimately encouraging and leading to a career in the government.

In addition to salary and benefits, your two-year appointment will provide a fast-paced opportunity to gain experience working in a Federal agency.

[The Herbert Scoville, Jr. Peace Fellowship](#)

The Herbert Scoville Jr. Peace Fellowship, established in 1987, is a highly-competitive national fellowship program that provides recent college and graduate school alumni with the opportunity to gain a Washington perspective on key issues of peace and security. Twice yearly, the fellowship's Board of Directors selects a group of outstanding individuals to spend six to nine months in Washington. Supported by a salary, the fellows serve as full-time junior staff members at the participating organization of their choice.

[White House Fellows Program](#)

White House Fellows gain first-hand experience in the process of governing the Nation and a sense of personal involvement in the leadership of society. White House Fellowships offer exceptional emerging leaders first-hand experience working at the highest levels of the Federal government. Selected individuals typically spend a year working as a full-time, paid Fellow to senior White House Staff, Cabinet Secretaries, and other top-ranking government officials. Fellows also participate in an education program consisting of roundtable discussions with leaders from the private and public sectors, and trips to study U.S. policy in action both domestically and internationally. Fellowships are awarded on a strictly non-partisan basis.

NEXT STEPS

The key to a strong application is.... START EARLY!

- STEP 1:** Look through the handbook and identify potential awards.
- Each award in the handbook includes eligibility, a description, application procedures, and links to videos/webinars.
 - Some awards identify “institutional endorsement required” or “institutional endorsement recommended”. In order to be endorsed by ONSA and the university of Mississippi you must have a complete application by the [campus deadline](#).
- STEP 2:** Complete the [Fellowship Interest Form](#) (required)
- STEP 3:** Make an [appointment with a Fellowship Advisor](#) (strongly recommended)
- STEP 4:** If you apply for a national fellowship, you will need to complete the [Nomination Permission Form and Waiver](#) (required)
