

[Pictou County's 'significant' deer problem](#) September 4, 2019 Nova Scotia,  
TheChronicleHerald.ca

... white tailed deer populations were at their highest in 1954 and 1985. Their numbers dropped off significantly in the years after both booms, and each decline was followed by a period where the populations leveled off. According to the DLF website, the province of Nova Scotia is capable of supporting a herd of approximately 100,000 deer in the pre-hunting season...
