

How To Use GPT4 For Free (Without Paying For ChatGPT Plus)

Now if you are using Free ChatGPT under GPT 3.5 Model, it's still great.

But GPT3.5 only has the database updated till before Jan 2022, and it also has some limitations.

If you want your articles to be more natural and get the latest output using the current web database, GPT4 is what you need.

Currently if you want to use GPT4 inside of ChatGPT, you have to pay monthly fees.

Today I will show you the free method to use GPT4 without paying monthly fees.

About GPT4:

GPT-4 is the latest and most advanced version of the generative AI model developed by OpenAI.

It can create amazing content based on text and images, such as stories, poems, essays, songs, code, and more.

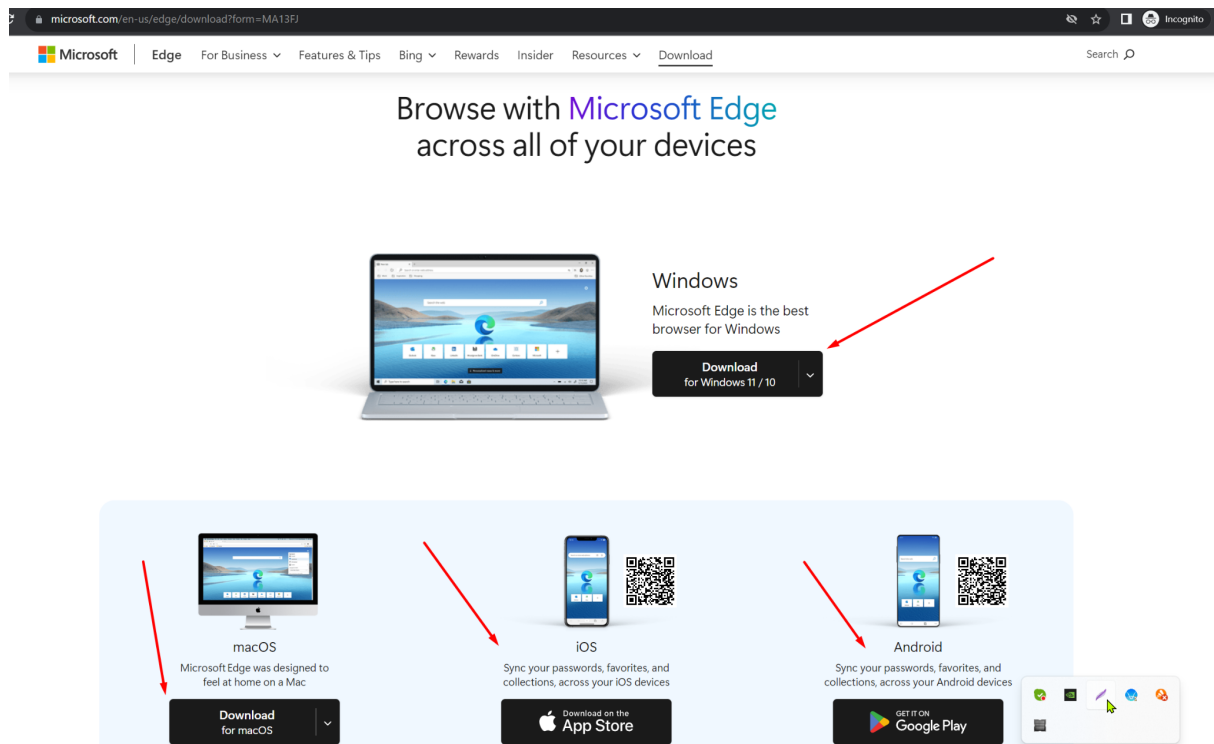

Microsoft is a major investor in OpenAI, and has integrated GPT-4 into Bing's AI Chat feature.

You can chat with GPT-4 for free using Bing AI Chat, and enjoy its multimodal capabilities.

Here are the steps to use GPT-4 for free with Microsoft Bing:

-First, you need to download and install Microsoft Edge browser on your computer or smartphone. You can get it from here:

<https://www.microsoft.com/en-us/edge/download?form=MA13FJ>

-Next, open Microsoft Edge and go to Bing:

Once you are in Bing AI Chat mode, you will see three options to choose a conversation style: Balanced, Creative, and Precise.

To chat with GPT-4 for free, you need to select the Creative mode.

This mode will allow you to chat with GPT-4 using text and images as input.

-To start a conversation, you can type anything you want in the text box, or upload an image by clicking on the camera icon.

GPT-4 will respond to you based on your input, and try to create engaging and imaginative content for you.

You can also ask GPT-4 to create specific types of content, such as poems, stories, code, essays, songs, celebrity parodies, and more.

Just use the format “Create a [type of content] about [topic or image]”.

For example, you can type “Create a poem about love” or “Create a story about this image” and upload an image of your choice.

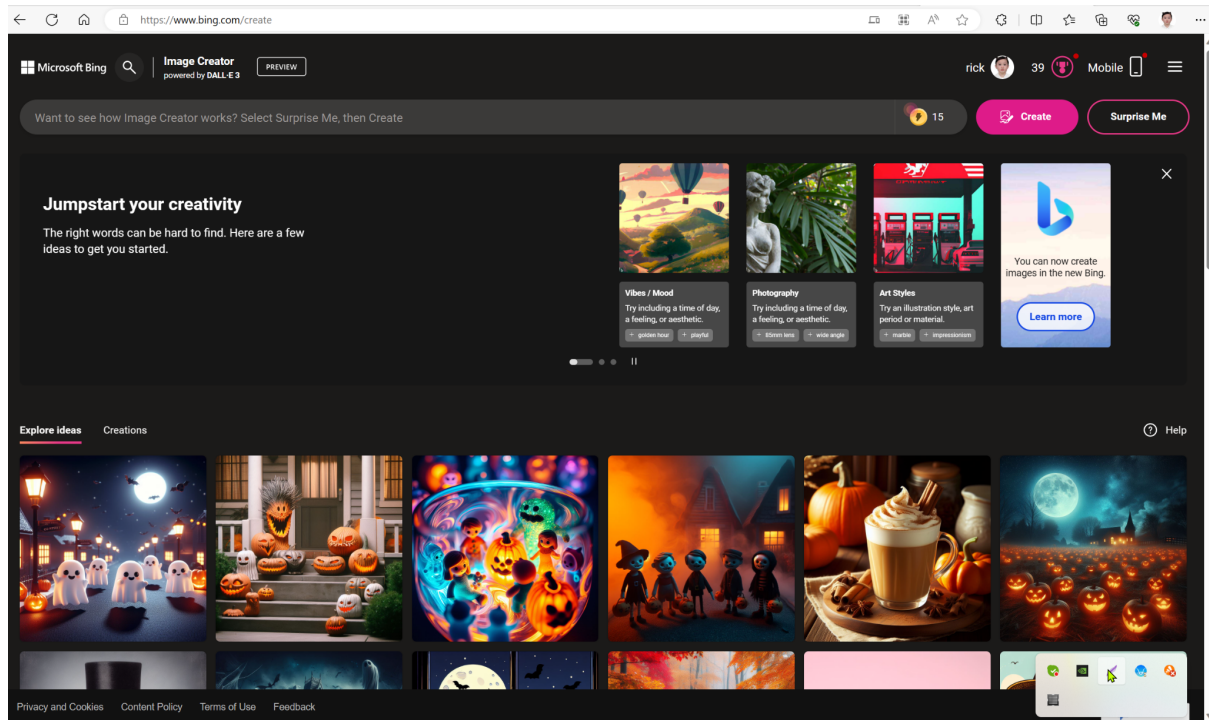

You can chat with GPT-4 for as long as you want, and explore its amazing abilities.

You can also switch to other conversation styles, such as Balanced or Precise, if you want to chat with GPT-4 in a different way.

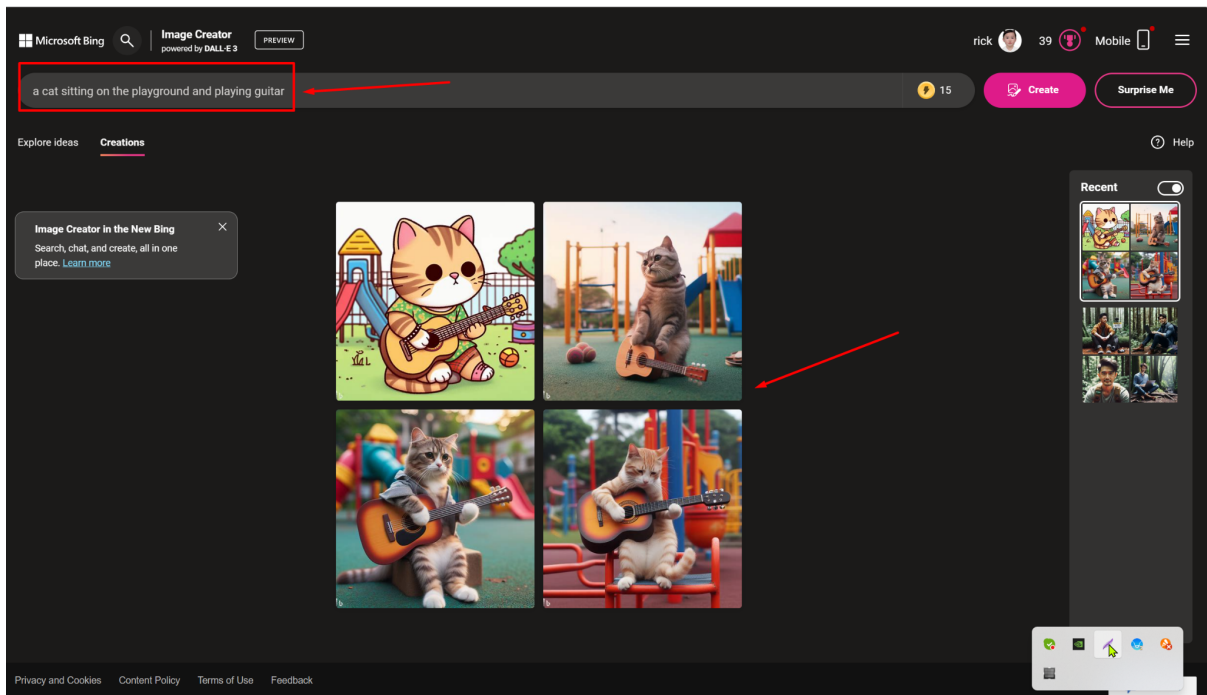

Balanced mode will give you a balanced mix of factual and creative responses, while Precise mode will give you more factual and concise responses.
