Rep. Stansbury Statement on Planning to Vote No on Resolution to Condemn NM's Governor

WASHINGTON — “I will vote NO on the GOP’s efforts to undermine New Mexico’s executive and distract from House Republican’s complete inability to govern and pass a budget as they careen the U.S. government towards a shutdown. As millions face the prospect of not knowing how they’ll pay their bills, extremists in the GOP are pulling political stunts rather than addressing the needs of the American people, including the epidemic of gun violence. New Mexicans understand that and know we must take action.”
