To: Struggling Online Entrepreneurs
From the Desk of: Jeremy Kennedy and Johann Saffache

Dearest Acquaintance,

I'm writing this letter to share with you an unbelievably <u>simple</u> way to get sales online.

In fact, this could possibly be THE most simple system ever created and tested for the sole purpose of:

    #1 - Providing real value to your customer.
    #2 - Making it **easy** for you to get sales online.

This system is created in such a way that it is repeatable and able to be implemented by anyone who uses it.

Now, I've put this system to the test for you.

Not only does it work, I'll give you undeniable proof inside.

I've been generating sales online for a little over 8 years.

I've been fortunate enough to have helped **tens of thousands** of people get results on the internet.

Strategies like the one in my Super Simple Sales System have allowed me to maintain a home office lifestyle, taking care of my family and two young boys while running my entire business from a laptop.

There are literally thousands of things you can sell online and a thousand different ways to sell them.

I've tried and tested hundreds.

Usually either require a lot of time or a lot of money and most of them require <u>both</u>.

That's not to say you can't make money online other ways.

Certainly you can but you have to decide what you are willing to sacrifice.

For the past 8 years I've constantly scoured the internet looking for the easiest ways to turn a profit online.

I've tested method after method.

I failed at most but have also seen great success as well.

For example, my online information products business has done well over ***<u>half-a-million</u>*** alone but I've found it can be really difficult for beginners to get a start.

It's usually either too tech heavy and the client gives up, or it costs too much for the tools & advertising and they simply can't afford to move on.

My Super Simple Sales System solves all of these problems.

With my system:

- You DON'T need a website.
- You DON'T need to spend a dime.
- You DON'T need expensive tools.
- You DON'T need any previous experience.
- You DON'T need an email list.
- You DON'T need to spend more than 10-15 mins per day after setting this up.

In fact, you could have this completely setup before you go to sleep tonight!

Think about having something for sale on the internet by tomorrow… ***think about actually GETTING sales!***

And I don't just show you how to set it up but also WHERE the people are to sell it to and HOW to sell it to them!

You won't have to even touch inventory or dropshipping.

These are <u>digital</u> products we are talking about, in a way like you've never seen before.

Leveraging completely free tools (minus paypal transaction fees when you get a sale) and completely free traffic (which I'll also show you how to get).

Now, you might be wondering… "How much work am I about to get myself into here?"

Not much.

Best of all, you set this up ONCE and put it on autopilot.

You can start getting sales immediately after setup and they can continue to come in for, well...as long as you keep sending people to it!

You might also be wondering if this has anything to do with YouTube videos or affiliate marketing.

Nope, not at all.

Although you I do show you a way to get affiliate sales with this just as well if you wanted.

Introducing… the

Super Simple Sales System

An Easy Way to Get Sales Online Immediately Without A Website, Budget or Experience

My system allows regular people to follow it's steps and render results. Each and every time.

You can apply my framework system to **any niche**, passion or industry.

I use no-cost tools and make it **brain-dead easy** to set up.

You might also be wondering just how far you can take it. Can you scale it up?

Abso-stinkin-lutely.
To the moon baby, no joke.

"Ok, I've heard this kinda stuff before, what if I can't get it to work for me?"

No worries, I get it. Listen, get access, setup at least one (won't take you long) and if you don't get sales within the next, let's say 30 days… I'll pay you that $19 right back.

==="$19 bux, that's it ???"===

Yep. In the long run, if you get sales you are going to buy more products & coaching from me in the future, so I'd be a dummy if I didn't give you a great deal to start off with.

And, btw, you can get that back with just **ONE sale** from the system you're getting access to today.

And I'm not stopping at just this training.

In fact, I'm also going to add you to my private, ==students only FB group== because I know you will have questions and need help plus encouragement from peers.

And another bonus, because I know it will help…
I'm adding in my ***ProCa$hinator Masterclass*** which allows you to ==destroy procrastination and actually get stuff done== in your business and in your life.

But I must give you a bit of a warning...

Because this is currently working for me, I MUST limit access to only <u>100 people</u>.

By the time you read this, I will have shared this document to over 27,178 of my most loyal customers & clients

I'm really not sure how long those 100 spots will last.

If you want to get inside and get started **<u>TODAY</u>** with a brand new sales system designed to bring you customers regardless of your previous experience or budget….

If you are ready to learn a repeatable, proven system to **<u>free your time & bring you sales</u>** while you sleep.

If you are ready to have something to be proud of, delivering value to your dearest customers while making it extremely easy for you to rinse and repeat for on-demand, bill paying profits...

P.S. You may wonder...

"I live in XYZ country, is that ok?"
Oh yea, you can do this from nearly anywhere in the world as long as you have an internet connection, no problemo.

"I've never made money online before, can I do this?"

Absolutely. This is one of the easiest ways to start!

"Do I need a big budget to get sales with this?"

Not at all. In fact, I use <mark>free tools and free traffic</mark>… both that ACTUALLY WORK. That said, I also show you how you can optionally scale (properly) with paid traffic but paid traffic is <u>NOT</u> the focus of this training and <u>NOT</u> how I get my results with this system.

"Do you offer a refund period?"

Yep! I'm more than happy to refund your purchase with the contingency that you follow the steps and send me links to your system built from this course. If you haven't made sales using my system within 30 days, I don't even want your money and will gladly send it back.

"Do you offer additional support if I get stuck?"

Absolutely. I'm including access to my private, open 24/7 FB group where you can **get help directly from me** when you need it.

Because this is currently working for me, I MUST limit access to only <u>100 people</u>.
