

Hello hello!

I hope everyone is doing well! I've received quite a few requests for an animation that's focused purely on belly expansion/cumflation, so I'll start working on one.

I've already got the pose and general animation in mind, but I'm a bit stumped as to which character I should use. So, I thought it would be best to set up a poll and see who everyone would like to see! ***Bloom and Aqua are both new OCs. I've already finished their animations, and I'm just waiting for them to finish rendering.***

Please see the images below for the characters:
