1.1 The Board of the Harwood Unified Union School District recognizes the Harwood Unified Education Association for the purpose of collective bargaining, pursuant to Title 16, Chapter 57 of the Vermont Statutes Annotated, as the exclusive representation of a unit consisting of all teachers of the Harwood Unified Union School District, licensed by the State of Vermont, excluding administrative personnel as defined by Chapter 57 of Title 16 V.S.A.

1.2 Throughout this merged Collective Bargaining Agreement (hereinafter the "Agreement"), reference to the Board or District shall be deemed to refer to the Harwood Unified Union School District noted in §1.1 of this Agreement.

ARTICLE 2 – Board Rights

2.1 Board Rights

By way of example, these rights include, but shall not be limited to, the sole discretion and authority to:
 - i. Establish the curricula, methodology and standard for instruction;
 - ii. Plan, direct, schedule, assign, transfer and control work assignments and duties;
 - iii. Establish evaluation criteria and processes;

- B. The Board's exercise of any retained right or function in a particular manner shall not preclude the Board from exercising the same right or function and any other manner which does not expressly violate a specific written provision of this Agreement. The Board's failure to exercise any right or function reserved to it shall not be deemed to be a waiver of its right to exercise such right or function at any future time.
- C. It is understood that the Board may carry out its functions and responsibilities through the Superintendent and his or her staff, as well as other managers, supervisors and the Building Administrators.

ARTICLE 3 – Teacher Rights

3.1 Teacher Rights – The Board and the Association agree that each teacher shall have the right to or not to join, assist or participate in any teachers’ organization of his/her choosing. Notwithstanding the foregoing, it is understood and agreed that no teacher will conduct or participate in activities related to teacher organizations or other non-school activities during the normal weekday unless participation in such activities does not affect the efficient conduct of school business, which shall prevail in all instances. It is further agreed that neither Association or the Board nor their agents or representatives serving in any capacity, nor any other person or organization shall interfere with, restrain, coerce, or discriminate in any way against or for any teacher engaged in activities protected by Chapter 57 of Title 16 V.S.A. with respect to salary, economic conditions of employment by reason of his/her membership or non-membership in the Association or its affiliates, nor for participation in any of the lawful activities of the Association.

ARTICLE 4 – Association Rights

4.1 The Association shall have the right to use such facilities and equipment as are normally located for teachers’ use within the school, as well as school audio-visual equipment, at reasonable times and upon appropriate request to the Building Administrator, provided that such use does not interfere with the teaching of pupils or interrupt normal school operations. Any cost for repair or replacement as the result of such use of the equipment, or any use of materials beyond a reasonable amount as determined by the Building Administrator, will be borne by the Association.

4.2 Duly authorized representatives of the Association shall be permitted to transact official business on school property at reasonable times, provided that this shall not interfere with assigned duties, or interrupt normal school operations.

4.3 The Association shall have the right to use the teachers’ workroom/lounge for the posting of notices of its activities and matters of Association concern, provided that no matter be placed in the workroom/lounge which is in any manner confidential, is derogatory to any school personnel or to the Board or detrimental to the best interests of the district. The Association may use the teachers’ mailboxes for communications to teachers, provided that the above mentioned safeguards are followed. Subject to District rules and guidelines, the Association may use the District’s network for e-mail communications and internet service.

ARTICLE 5 – Procedures for Negotiations of a Successor Agreement

5.1 Notification — The Association or the Board will notify the other party in writing of its intent to negotiate a successor agreement no later than October 1 but not before July 1 of the contract year preceding the date of expiration of this Agreement. Said notice will be sent to the Superintendent of Schools or the President of the Association as the designated agent of the respective party.

5.2 Schedule — A mutually agreeable schedule and meeting place for the first bargaining session will be decided upon within thirty (30) calendar days after the above-referenced notification. Procedures for negotiations and for the resolution of impasse shall be as defined in 16 V.S.A., Chapter 57, Subchapter 3, which is hereby adopted and incorporated into this Agreement by reference.

5.3 **Mediator/Factfinder** — The costs for the services of a mediator and/or fact finder, including per diem expenses and his/her actual travel and subsistence expenses will be shared equally by the Board and the Association.

ARTICLE 6 – Grievance Procedures

6.1 **Purpose** — The purpose of this procedure is to secure, at the building administrative level, equitable solutions to grievances that may arise. Both parties agree that these procedures will be kept as Informal and confidential as may be appropriate at any level of the procedure.

6.2 Definitions

- A. **Grievance**— A grievance is any claim by a teacher(s) or the Association that there has been a violation, misinterpretation, or misapplication of this Agreement.
- B. **Grievant**— A grievant is the teacher(s) or the Association claiming the grievance.
- C. **Days**— All time limits consist of calendar days.

6.3 **Informal Resolution of Grievances** — Nothing contained within this grievance procedure shall be construed as limiting the right of any teacher or of the Association to discuss a grievable matter informally before filing a formal grievance, and of having the grievance adjusted through informal discussion. Any agreement reached as a result of informal discussion shall be consistent with the terms of this Agreement.

6.4 **Sharing Information** — The grievant(s), Administration, and the Board agree to cooperate in the investigation of any grievance, and to furnish one another with any information that is pertinent to the processing of a grievance.

6.5 **Association Participation** — The Board acknowledges the right of the Association's grievance representative(s) to participate in the processing of a grievance at any level. A teacher has the right to have an Association representative present at any grievance discussion.

6.6 **Class Grievances** — Class grievances may be filed by the Association on behalf of teachers.

6.7 Procedures —

Time Limits — The number of days indicated at each level shall be considered maximums, and every effort should be made to expedite this process. A grievance shall be filed by the grievant(s) within thirty (30) days following the date at which the grievant(s) became aware of the occurrence that gave rise to the grievance.

The formal filing of a grievance will be in accordance with the following procedure, except as noted under the Abbreviated Grievance Procedure below. A written grievance shall contain a short, plain statement of the facts at issue, shall identify the section(s) of the Agreement alleged to have been violated, and shall identify the remedy sought. All written communications required under this Article shall be in a non-electronic format, i.e., hard copy.

Step 1 — The grievant shall forward a written copy of the grievance to the Building Administrator setting forth the specific problem being grieved and stating the remedy sought. The Building Administrator will arrange for a meeting within seven (7) days after receipt of the grievance and will issue a decision in writing within ten (10) days of the conclusion of the meeting. The decision shall contain the reasons upon which the decision was based.

Note: Upon mutual agreement between the grievant(s) and the Building Administrator, Step 1 of the grievance procedures may be bypassed and the grievance brought directly to Step 2.

Step 2 — If the grievance is not resolved at Step 1, the grievant may, within ten (10) days after receipt of the Building Administrator's decision, forward a written copy of the grievance to the Superintendent, setting forth the specific problem being grieved and stating the remedy sought. The Superintendent will arrange for a meeting within ten (10) days after receipt of the grievance. The Superintendent will issue a decision in writing within ten (10) days of the conclusion of the meeting. This decision will include the reasons upon which the decision was based.

Step 3 — If the grievance is not resolved at Step 1 or 2, the grievant may, within ten (10) days after receipt of the Superintendent's decision, forward a written copy of the grievance to the Board indicating the reason(s) for dissatisfaction with the decision of the Superintendent and stating the remedy sought. The Board shall meet within twenty (20) days after receipt of the grievance. The Board shall issue a written decision within ten (10) days after the conclusion of the Step 3 meeting. The Board's decision shall include the reasons upon which the decision was based. The Step 3 meeting shall be conducted in executive session if requested by either the Board or the grievant(s).

For grievances involving non-renewals, suspensions, or dismissals as outlined in 16 V.S.A., Chapter 53, Section 1752, the reference to whether the meeting shall be open or closed shall be governed by the statutory language in Section 1752(b).

Step 4 — If the grievance is not resolved at Step 3 or the time limits expire without the issuance of the Board's written answer, the parties may elect to submit the grievance to mediation. The mediator shall be chosen by the parties; if the parties are unable to agree on a mediator, they shall utilize the services of the Federal Mediation and Conciliation Services (FMCS). The decision to submit a grievance to mediation is strictly optional and must be agreeable to both parties. Any cost for mediation will be shared equally between the parties.

Step 5 — If the Board and the grievant(s) do not submit a grievance to mediation or are unable to reach a mediated resolution at Step 4, the Association may submit the grievance to final and binding arbitration. A written request for arbitration must be filed with the Superintendent's office within forty-five (45) days following receipt of the Board's decision at Step 3 or, if mediation is pursued, within forty-five (45) days after the conclusion of the unsuccessful mediation process; otherwise, the grievance is considered withdrawn.

The person of the arbitrator shall be determined by mutual agreement between the Board or its designated representative, and the Association. Should the parties be unable to agree upon the person of an arbitrator within forty-five (45) days of the demand for arbitration, then the grievance shall be submitted to the American Arbitration Association ("AAA") for selection of the arbitrator in accordance with its rules. If the grievance is not submitted to the AAA within forty-five (45) days of the date of the demand for arbitration, the grievance shall be considered to be withdrawn with prejudice. Each party shall bear the full costs for its representation in arbitration. The cost of the arbitrator and the services of the American Arbitration Association will be divided equally between the parties. Any request for transcripts of the proceedings will be paid for the party requesting it. Should both parties request a transcript, the costs will be divided equally between them.

The arbitrator shall have no power to alter the terms of this Agreement. Neither the Board nor the Association will be permitted to assert any grounds or evidence before the arbitrator that was not previously disclosed to the other party.

6.8 Records — All documents, communications and records dealing with the processing of a grievance will be filed separately from the personnel files of the grievant(s).

6.9 No Reprisal — No party will experience any reprisals as a result of participation in the grievance procedure.

6.10 Precedent — A grievance may be withdrawn or settled at any level without establishing precedent.

6.11 Abbreviated Grievance Procedure — For reduction-in-staff grievances under Article 8 of this Agreement or for cases involving the non-renewal, suspension or termination of a teacher, a grievance shall be processed according to the following schedule:

- A. The grievance must be initially filed at Step 3 within ten (10) days of the date when the grievant became aware of the action that precipitated the grievance.
- B. The Board shall hear the grievance and issue its decision in writing within twenty-one (21) days of the date the grievance was received by the Board.
- C. If the grievance is not resolved within fourteen (14) days from the date of receipt of the Board's Step 3 response, the Association may request arbitration in writing to the Superintendent. If a timely request for arbitration is submitted, the Superintendent and the Association shall agree upon the services of an arbitrator with or without the assistance of the American Arbitration Association. The arbitrator selected shall hear the grievance and communicate a decision to the parties as soon as it is reasonably possible to do so.
- D. Except as otherwise specifically provided in this abbreviated process, all other provisions of this Agreement relating to the filing and processing of grievances shall be applicable to grievances processed under this abbreviated procedure.

ARTICLE 7 – Evaluation, Personnel Files and Complaint Procedures

7.1 Evaluation

- A. The purpose of teacher evaluation is to provide feedback and assistance to a teacher to improve his/her effectiveness in the classroom and to identify successful educational practices. All monitoring or observation of the work performance of a teacher will be conducted openly and with the full knowledge of the teacher. The use of surveillance devices is strictly prohibited. The parties agree that a formal evaluation document should present an accurate portrayal of a teacher's total job performance; i.e. strengths and areas in need of improvement.
- B. Teachers will be given copies of any class evaluation reports resulting from any class visit for evaluation purposes prepared by their supervisors, within ten (10) school days of the date of the class visit and will, at their option, be entitled to conferences to discuss said reports within seven (7) school days after receipt of the copy of the evaluation report. The period for discussing evaluation reports may be extended by mutual agreement. No such report will be submitted to the central office, placed in the teacher's file or otherwise acted upon without prior conference with the teacher if a conference is requested within four (4) school days, or such other period of time reached by mutual agreement.
- C. No teacher will be required to sign a blank or incomplete evaluation form.

7.2 Personnel Files

- A. Teachers will have the right, upon request, to review the contents of their personnel file and to make copies of any documents contained therein. A teacher will be entitled to have a representative of the Association accompany him/her during such a review. At least once every year, a teacher will have the right to indicate those documents and/or materials in his/her file that he/she believes for any reason to be inappropriate for retention. Said documents will be reviewed by the Superintendent in consultation with the Building Administrator. If the Superintendent agrees, in his/her sole discretion, the documents will be removed from the personnel file and destroyed.
- B. The Board shall maintain only one personnel file per employee, and said file will be stored at the central office of the school district. The Board agrees to protect the confidentiality of the contents of a teacher's personnel file, and it will not establish separate confidential files. It is agreed that the Building Administrator of each school may maintain a working file; however, any document within that working file which does not become part of a teacher's official personnel file within one year of the date it was written shall be destroyed.

Each teacher's personnel file shall have a cover sheet attached to it. The sheet will be formatted to provide for the recording of the following information: the name and title of each person granted access to said file, the signature and date of each inspection of the file by a properly authorized person, and the purpose of each individual inspection.

- C. The personnel file shall be maintained by the Superintendent and shall contain but not be limited to the following:
 - i. Placement data gathered during the hiring process.
 - ii. Copies of the teacher's individual employment contracts.
 - iii. Certification information.
 - iv. Transcripts and other education records.
 - v. Formal evaluations.
 - vi. Performance issues, complaints and related issues.
- D. Material derogatory to a teacher's conduct, services, character, or personality will not be placed in his or her personnel file unless the teacher has had an opportunity to review the material. The teacher will acknowledge that he or she has had a chance to review such material by affixing his or her signature to the copy to be filed, with the expressed understanding that such signature in no way indicates agreement with the contents. The teacher also has the right to submit a written answer to the material within thirty (30) days of receipt of the document(s); his or her answer will be reviewed by the Superintendent, or his/her designee, and attached to the file copy.

7.3 Complaint Procedures

- A. Any complaint regarding a teacher made to any member of the Administration by a parent, student, staff member of the school or other person that could be used in any manner to evaluate a teacher or could become the basis of disciplinary action will be promptly investigated and called to the attention of the teacher. If a complaint is reduced to writing, the teacher shall be given a written copy of it, as well as a copy of any other documents related to the complaint. The teacher will be given an opportunity to respond to and/or rebut such a complaint prior to a letter of reprimand being issued.
- B. Whenever a teacher is requested to meet with an administrator concerning a complaint or a matter that could result in disciplinary action, he/she will be entitled to have a representative of the Association present.

- C. Whenever any teacher is required to appear before the Superintendent, the Board, or any committee or member thereof with respect to a written complaint or formal charge concerning his/her competency or his/her position of employment, he/she shall be entitled to have a representative of the Association or its affiliate present to advise and represent him/her during such appearance.
- D. No teacher will be suspended, terminated, reprimanded, disciplined, reduced in compensation or otherwise deprived of any professional advantage related to the terms and conditions of employment without just cause; and in all such cases, he/she shall be entitled to have a representative of the Association present. Any suspension of a teacher pending final Board action will be with pay.
- E. The procedure for suspending teachers shall be in accordance with Title 16 V.S.A., Chapter 53, Section 1752. The foregoing shall in no way limit the authority of the Superintendent to recommend dismissal under State Law, nor the authority of the Board to dismiss teachers as provided for in this Agreement.

ARTICLE 8 – Reduction in Force

8.1 The Board agrees that any reduction of teachers covered by this Agreement will not be made arbitrarily, capriciously, or without basis in fact, or without just cause. Decisions will be made after consultation with the Association to discuss potential impacts of reduction of teachers on programming. Consultation must occur at a minimum of two weeks prior to the subject announcement. The Board may issue a reduction in force (RIF) where there is a loss of funding, a drop in student enrollment, or when it believes there are educationally viable reasons to do so. The Board will provide a written rationale regarding the reasons for a reduction in force.

8.2 **Association Notification** — In the event that a reduction in force is deemed necessary by the Board, the Association shall be notified of any proposed staff reduction as early as possible, but in no event later than March 15. The Board will provide, at the request of the Association, an opportunity to meet with the Board and discuss the need for a reduction in staff. The request to meet must be made by the Association within ten (10) school days following receipt of notice of the contemplated RIF action from the Board. If a timely request to meet is made, the opportunity to meet will be provided prior to any final decision by the Board on staff reduction. Such notification will be in writing and will include the specific positions under consideration.

8.3 **Teacher Notification** — Any teacher who is to be laid off will be notified in writing no later than April 1. Such notification will include the effective date of layoff. Layoff of a teacher will only be issued after a meeting between the teacher involved and the Building Administrator, at which time the teacher will be notified in writing of the reason(s) for the layoff. The teacher may, at his or her option, have a representative of the Association present at such meeting.

8.4 **Attrition, Turnover, Transfer** — No teacher will be laid off under the provisions of this Article if the reduction can be accomplished through staff turnover, attrition, transfer or reassignment within the building or within the District. The Building Administrator(s), in consultation with the teachers involved, shall make reassignments within or between grade levels or the areas to be reduced according to the teacher's licensure and qualification by education or experience.

8.5 **Reduction in Force Criteria** — The criteria for the selection of teachers to be laid off in the event of a reduction in force will be seniority within any licensure and/or endorsement under which they have been employed within the District, as computed in 8.6.

8.6 **Seniority Computation** — For purposes of this Article, seniority for all currently employed and newly employed teachers will be computed by licensure and/or endorsement from a teacher's most recent date of hire for continuous employment in the District (including any prior credited experience with the Harwood,

Duxbury and Waterbury School Districts as a result of the Waterbury-Duxbury merger; and any prior credited experience with any of the member school Districts for teachers employed by Washington West Supervisory Union). Teachers who are, or have been, employed in the District under more than one licensure and/or endorsement will have their seniority based on original date of hire (for continuous employment), provided said licensures and/or endorsements have been maintained continuously throughout the entire period since date of hire for that licensure and/or endorsement. Seniority accrues as of the date he or she signed his or her contract. In the event of a tie, the date of a contract signed by a teacher shall apply.

Seniority will be retained for a period of two years from the effective date of a layoff. Seniority will continue to accrue during all paid leaves of absence. Seniority will not be broken by unpaid leaves of absence or employment by the Board in a position outside of the negotiating unit, but such time will not be counted in computing seniority except as outlined in 15.11.G. Part-time teachers shall accrue seniority on a pro rata basis.

8.7 Seniority will be established annually as of October 10, at which time the Superintendent will provide the Association with a list showing the seniority of each teacher by licensure/endorsement under which they have been employed in the District according to Section 8.6 and will, thereafter, promptly notify the Association of any changes in said list. The Association, by its president, shall after examination of such list or notice of change, sign the Superintendent's copy indicating concurrence.

8.8 Recall Rights — Laid-off teachers will be recalled to vacancies in seniority order as defined above in this Article. A laid-off teacher shall have job recall rights for two (2) years following the effective day of layoff, which is July 1, and if recalled, shall retain all benefits, including seniority, accrued at the time of layoff. A teacher may refuse any recall offer without penalty and shall remain eligible for the remainder of his/her two (2) year recall period unless he/she:

- A. waives his/her recall rights in writing;
- B. resigns;
- C. [fails to accept recall to the position offered by the Board](#)¹; or
- D. fails to report to work in a position he/she has accepted within thirty (30) days from when the offer is made.

If a teacher has secured employment elsewhere, he/she will be allowed a reasonable amount of additional time, not to exceed five (5) days before being required to report to work.

8.9. Recall Notice — Notices of recall shall be sent by the Board certified mail/return receipt requested to the last address given to the Board by the teacher and a copy of the recall notice will also be given to the President of the Association. If a teacher fails to respond within fifteen (15) days after receipt of the above notice of recall, he/she will be deemed to have refused the position offer and waives recall rights under this Agreement.

8.10 Health Insurance Coverage — A teacher who has been laid off pursuant to this Article will be allowed to continue in the District health insurance plan, subject to the same conditions of payment which would apply were the teacher actively employed by the District, for a period no longer than three (3) months, after which time the teacher may continue insurance subject to the provisions of COBRA. However, should the teacher accept employment with any other employer who has available a medical insurance plan in which the teacher is eligible to participate, eligibility for continuance in the District health insurance plan will immediately cease, regardless of the comparable level of benefits of the two plans.

¹ See recall rights side letter between the Harwood Unified Education Association and the Harwood Unified Union School Board dated October 2024.

8.11 All benefits to which a teacher was entitled at the time of his/her layoff, including unused accumulated sick leave, will be restored to the teacher upon return to active employment, and he/she will be placed on the proper step of the salary schedule for his/her current position according to experience, education and applicable contract provisions. A teacher will not receive increment credit for the time spent on layoff.

8.12 Any grievance arising under the provisions of this Article 8 shall be processed according to the Abbreviated Grievance Procedure of this Agreement set forth in section 6.11 above.

8.13 **Reassignment of Instruction** – In the event the Board reduces or eliminates teaching positions, it shall not assign the instructional duties from these positions to other teachers unless these teachers are properly licensed or endorsed to perform those instructional duties.

ARTICLE 9 – Employment of Teachers, Work Year, Part-time Teachers

9.1 **School Calendar** — The Association may appoint a committee not to exceed three (3) teachers to provide input to the Superintendent regarding development of the school calendar. Input may be provided in written or oral form. If a meeting is desired, the Association will advise the Superintendent not later than November 1 of the preceding school year so that the meeting may be scheduled in a timely manner.

The Association may appoint an In-Service Committee to provide input to the Superintendent regarding appropriate in-service content. Input may be provided in written or oral form. If a meeting is desired, the Association will advise the Superintendent not later than December 1 of the preceding school year. Pre-service days (teacher in-service work days scheduled before the first day of school) will be determined by June 1.

9.2 **Annual Work Year** — The Board may, at its sole discretion, reduce the number of pupil attendance days and assign these days as additional Board Discretion days in the annual calendar for teachers.

- A. The teacher work year shall not start more than seven (7) days before the first pupil attendance day of the school year, and may not extend later than seven (7) days after the last pupil attendance day of the school year.
- B. For the duration of this contract, the annual calendar for teachers shall provide for up to 188 working days, at least 175 days of which shall be pupil attendance days. All remaining shall be scheduled as Board Discretion days, with no more than two (2) assigned as Parent Conference days. Teachers without responsibilities for conferences will have other duties or training assigned by the Building Administrator on days designated as Parent Conference Days. Teachers whose conferences extend beyond the 7 ³/₄ hours allotted for each conference day will be paid at their per diem rate.
- C. The annual calendar for high school counselors shall provide for up to 198 working days, at least 175 of which shall be pupil attendance days. The additional ten working days for counselors beyond 188 days shall be paid at the per diem rate of the school counselor.
- D. New teachers to the district shall attend two (2) additional inservice days for orientation in August, for a total of up to 190 working days. These days shall be paid at each teacher's per diem rate.

9.3 **Extended Work Year** — Teachers who choose to perform work requested by the Building Administrator shall be compensated \$50 for the 2024-2025 school year, \$52.50 for the 2025-2026 school year, and \$55 for the 2026-2027 school year, or their individual hourly per diem rate for that year, whichever is higher, for work that extends his/her number of contracted days unless the teacher is notified in advance that there shall be a

stipend rate for voluntary extra work. A teacher may request an extended work year and upon approval by the Building Administrator will provide the Building Administrator with a written proposal explaining the nature and scope of the work and its approximate cost. The terms of a teacher's extended work year, as approved by the Building Administrator, including but not necessarily limited to the nature and scope of the work, its approved cost and schedule of payments to the teacher, shall be reduced to writing and signed by the teacher and the Building Administrator. Final approval by the Superintendent is required. Proposals must cover educational practices, activities, curricula, Action Plan, or other facets of the school's mission. All proposals must be approved in writing by the Building Administrator and Superintendent.

9.4 Part-Time Teachers — Teachers shall be offered employment contracts calculated upon the teacher's full-time equivalency (F.T.E.). Part-time teachers shall be notified of the specific days of the week and time frame by June 30 of each contract year. Part-time teachers will work a prorated year. His/her total number of days worked will include a pro-rated number of pupil attendance days and a prorated number of non-pupil attendance days. Part-time teachers will work the scheduled pupil attendance days. If a part-time teacher works longer than his/her contracted work year, s/he will be compensated additionally on a per diem rate (e.g. 1/number-of-contracted-days) of their total yearly salary for each additional day worked. If a part-time teacher works fewer days than his/her contracted work year, his/her compensation will be reduced on a per diem rate (e.g. 1/number-of-contracted-days) of their total yearly salary for each day not worked.

All salaries, benefits, duties and preparation time for part-time teachers will be prorated based on his or her full-time equivalency (FTE) status, unless specified differently elsewhere in this Agreement. Any teacher who does not return a signed contract by the due date shall be considered not returning to the district, and the Board may take immediate steps to fill the position, unless the Board has granted, upon written request of the teacher, an extension of the time to return the contract. A probationary teacher will receive a minimum of two (2) classroom observations per year that will be included in the final evaluation of the year. One (1) of the observations shall occur by December 1st of each of the first two (2) years. - E. If a teacher issued a non-renewable contract is hired as a continuing teacher and receives a continuing renewable contract in subsequent years, the teacher will be credited with the time served under the non-renewable contract(s) and for the purposes of seniority, the time served on such a contract will not count towards the teacher's probationary period.

ARTICLE 11 – Work Day, Preparation Time and Duties

11.1 All teachers may be assigned appropriate starting and dismissal times provided that the work week will be no longer than 38 3/4 hours, giving an average work day of seven and three-fourths (7 3/4) hours. Hours worked on a particular day will be consecutive hours except by mutual agreement. Teacher FTE's hired as of June 30, 2012 will not have their schedule changed from a daily to weekly basis except by mutual agreement.

11.3 Teachers will have a duty-free lunch period that is equivalent in duration to the lunch period accorded students. Duty-free means that the Administration shall not assign duties during this time. Lunches are also meeting-free unless by mutual agreement.

The duration of this meeting shall average approximately one (1) hour per week. After-school meetings will be held as soon as feasible after students are dismissed. In addition to meetings scheduled during the normal work day, teachers are responsible for attending scheduled student-related meetings directly before or after school. If a meeting must happen outside of contractual hours, the teacher will be compensated at their per diem rate.

11.6 Teachers may use their unassigned time to participate in on-campus opportunities and activities, as long as it does not interfere with the performance of their professional responsibilities. When students are away from school for a scheduled activity and teachers who are not involved in that activity do not have students attending their assigned classes, it is expected that these teachers are accountable for professional responsibilities which may be assigned by Building Administrators provided the teacher has received his/her required minimum preparation time specified by the Agreement for that week.

11.7 **ELEMENTARY SCHOOL TEACHERS: Preparation Time and Non-Teaching Duties-** Each teacher will have at least the following amount of time per week for preparation:

Said preparation time will be scheduled within the students' instructional day for general classroom teachers (those teachers who provide instruction with a pre-K or K-6 general education endorsement). The Building Administrator will make a good-faith effort to schedule preparation time for specialists within the students' instructional day; however, if this is not possible due to the nature of the daily teaching schedule or student needs, preparation time for specialists may be scheduled outside of the student's instructional day.

Teachers may be assigned no more than sixty (60) minutes of non-teaching duties per week, providing said duties are not custodial in nature and in compliance with work day language provisions. Teachers with unassigned teaching time within the student instructional day, and who are being provided with their 4 hours per week of preparation time within the instructional day, may be scheduled for additional student supervisory duties beyond sixty minutes.

11.8 CROSSETT BROOK MIDDLE SCHOOL: Teaching Time, Preparation Time and Non-Teaching Duties

A teacher will not have an excessive number of preparations, as adjudged by the Building Administrator.

Teachers may be assigned to regularly conduct student advisory groups for approximately seventy-five (75) minutes per week of instructional day time, which shall be calculated from the beginning of the scheduled time to the beginning of the following class.

In addition to teaching time and student advisory group responsibilities, teachers may also be assigned no more than one hundred (100) minutes of non-teaching duties per week, providing such duties are not custodial in nature and in compliance with work day language provisions. Teachers with unassigned teaching time may also be scheduled for additional student supervisory responsibilities for up to the remainder of their teaching minutes.

Teachers will receive at least four (4) hours per week of preparation time. A good faith effort will be made to schedule preparation in blocks that are a minimum of forty (40) continuous minutes long. This preparation time will be scheduled within the students' instructional day for teachers who are regularly scheduled to teach classes.

11.9 HARWOOD UNION SCHOOL Teaching Time, Preparation Time and Non-Teaching Duties

A teacher will not have an excessive number of preparations, as adjudged by the Building Administrator in consultation with the Department Head, if applicable.

The remainder of the work day shall be utilized by teachers for the purpose of individual, departmental and inter-disciplinary team based planning and preparation, including but not limited to participation on support teams in accordance with federal and state mandates relating, among other things, to students who are at risk or who have special learning needs. The Board shall not require teachers to dedicate more than fifty percent of

available planning and preparation periods to inter-disciplinary departmental and support team meetings.

11.10 A teacher who is assigned to teach in more than one of the school types listed above shall have their teaching time, preparation time and non-teaching duties allocated according to the school type to which they are assigned for the majority of their teaching responsibilities.

11.11 A part-time teacher's schedule will be prorated for the FTE he/she works.

11.12 **Scheduling Committee**

As soon as practicable following the ratification of this Agreement but no later than September 30, 2025, the Superintendent will initiate the formation of a Scheduling Committee with the Association and District that will be charged with examining both student and teacher instructional minutes across the schools, as well as additional functions such as conferences and open house. It is the goal that the Committee can reach agreement and will make a joint recommendation of new contract language that supports teacher efficacy, student learning, and equity across schools in the District, but regardless of whether or not that goal is met, the Committee shall prepare a recommendation for the District and the Association for consideration in the collective bargaining of the successor Collective Bargaining Agreement on or before November 30, 2026. Approval for credit-granting courses and workshops that take place during the teacher's normal work day shall be at the discretion of the Superintendent with recommendation from the building principal. Courses under this section must normally be at the graduate level but under special circumstances undergraduate courses may be approved by the Superintendent for consideration for column movement. Each teacher shall be limited to reimbursement by the District for a maximum of six (6) credits per year.

To support teacher growth and development, the Board will pay for courses, workshops, seminars, conferences, or other training that are directly related to the teacher's assignment in the District under the conditions below.

Approval will be determined by the date the request is received in writing to the Superintendent. The intention of this is for one teacher per school, but if a school does not have a candidate, this benefit will be available from July 1 to January 1 as a first come, first served allocation for a teacher in another school. Approved courses shall be interpreted as those referred to the sections of this Article. This shall not, however, preclude the Board from paying all or some greater part of the rest of any course or special program which it desires to have a teacher participate in; but such greater payment shall be solely and exclusively at the option of the Board.

- B. **All Other Courses/Workshops/Trainings Requested by Teacher:** The Board will pay for courses, workshops, seminars, conferences, or training sessions that are directly related to the teacher's assignment in the District. This includes courses, workshops, and training sessions that permit the granting of graduate credit for an additional fee. Advance payment or reimbursement under this section is limited to registration, course fees, and add-on credit charges only, plus up to \$1000 towards travel/flight and lodging for attendance. The approval of travel/flight and lodging expenses up to or beyond this amount shall be at the discretion of the Superintendent. Verification of comparable travel/flight and lodging costs may be requested by the Superintendent if costs submitted by the teacher appear to be above typical market costs. Other expenses (e.g. mileage, rental cars, meals, technology devices) shall be at the discretion of the Superintendent. Advance payment or reimbursement for lodging and travel/flights shall require an itemized receipt as proof of payment. The Board will establish a "pool" of monies yearly in an amount no less than \$70,000 for professional development under 13.1(B). Reimbursement for these expenses shall be outside of the professional development funds defined in this article and shall be in accordance with Article 12.2.

- D. Upon completion of the course the teacher shall provide the Superintendent or designee with proof that he or she has earned a minimum grade of "B". In courses where the normal mark given is "Pass" or "Fail," if an option for a regular grade is offered, it must be taken. In the event no option is offered, the teacher shall attempt to obtain evidence of successful completion, in writing, from the professor and institution.
- E. A teacher who intends to qualify for horizontal movement on the salary schedule shall give written notice to the Superintendent by December 1, for placement on the new column during the subsequent school year. The Superintendent shall notify each teacher by November 1 of each year of the December 1 notice requirements. Course work must be completed and an official grade report pertaining to those credits which qualify that person for the increment must be submitted to the Superintendent by September 30 for column movement retroactive to July 1 and January 31 for column movement retroactive to January 1.

- D. Notice of disability shall be given by the teacher to the Superintendent as early as determinable. A teacher who is disabled shall be allowed to continue in the teacher's regular employment as long as the teacher is medically able to perform the teacher's full and regular teaching duties. It shall be the right of the Superintendent to require periodic medical certification, in writing, from the teacher's physician attesting to this fact. 14.7 Continued Health Insurance During Absences — The Board will continue contributing to the health insurance coverage for a teacher who has exhausted sick leave benefits, is on workers' compensation, or long term disability in accordance with the health insurance policy the teacher elected and the terms of this Agreement. - G. In the case of parental leave, a teacher who has fewer than thirty (30) accrued sick leave days may receive donated sick leave to cover up to six (6) weeks of paid leave. The number of donated days will be determined by exhausting accrued paid time off before accessing donated days needed to reach 30 days of parental leave. The sick bank may only be utilized for parental leave once per employee.
