

Panopto: Signing In & Using the Mobile App

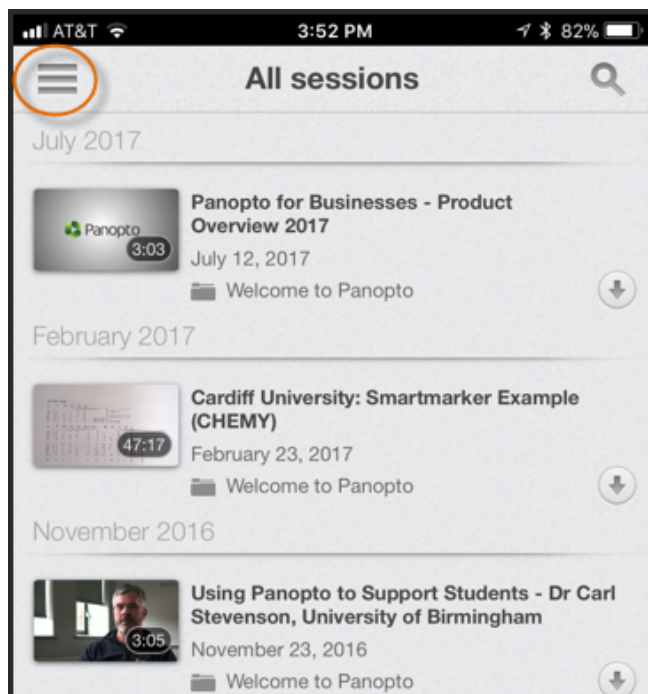

This tutorial will show you how to use the mobile Panopto app from an iPhone or Android device. We'll cover both how to sign in and how to select a video to view.

Step 1

Download the Panopto App from the App store or Google Play Store.

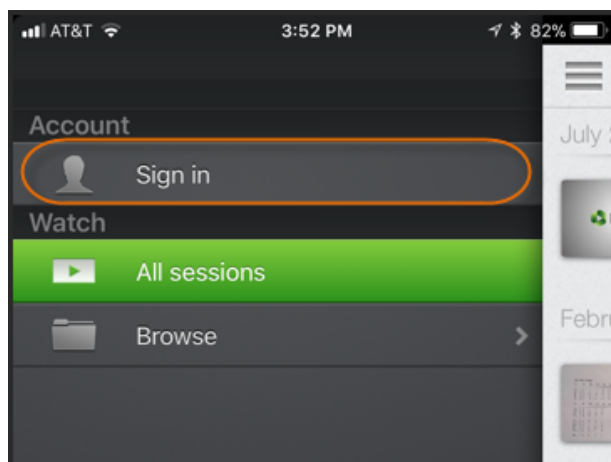

Step 2

Open the Panopto App and select the menu at the top, left.

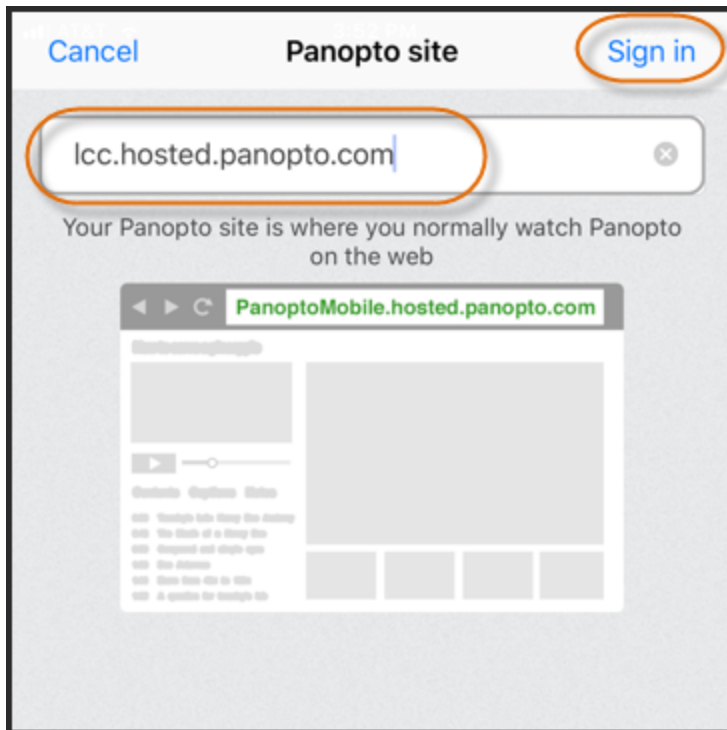

Step 3

Select the Sign in option.

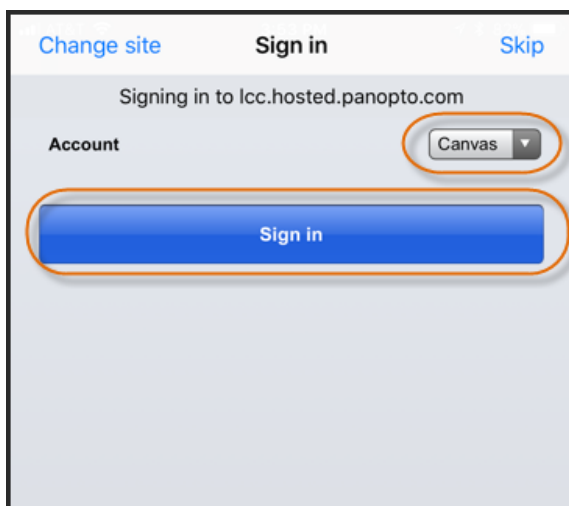

Step 4

Type in the address to the Panopto hosted site: lcc.hosted.panopto.com. If you've logged in before, it may not have this step.

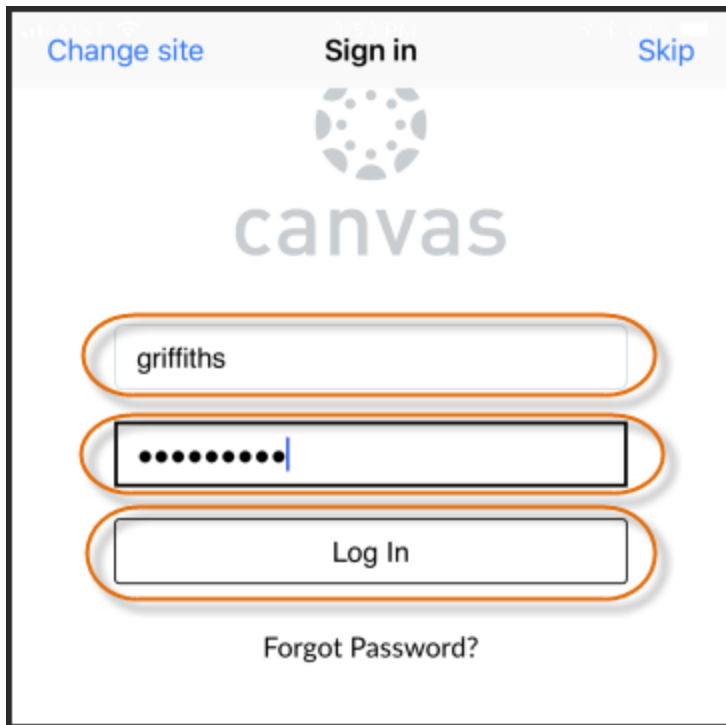

Step 5

Select Canvas in the drop-down menu and click the blue "Sign in" button. If it says Signing in to something other than lcc.hosted.panopto.com, you'll want to click the Change Site option in the top, left corner.

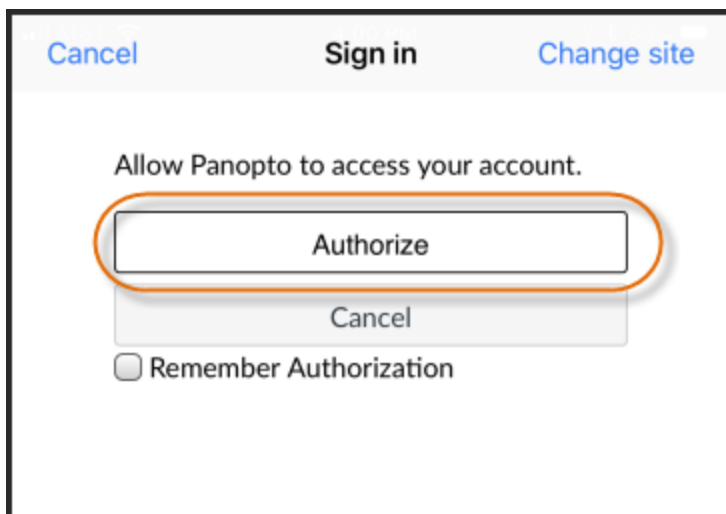

Step 6

Type in your LCC Canvas username and password and select “Log In.”

The image shows the Canvas login interface. At the top, there are three links: "Change site" in blue, "Sign in" in black, and "Skip" in blue. Below these is the Canvas logo, which consists of a circular icon made of dots above the word "canvas" in a lowercase, sans-serif font. Under the logo are two input fields, each outlined with an orange rounded rectangle. The first field contains the username "griffiths". The second field contains a password represented by ten black dots, with a blue cursor at the end. Below the password field is a "Log In" button, also outlined with an orange rounded rectangle. At the bottom of the form is a link that says "Forgot Password?".

Step 7

Select Authorize. It may take a moment to log you in.

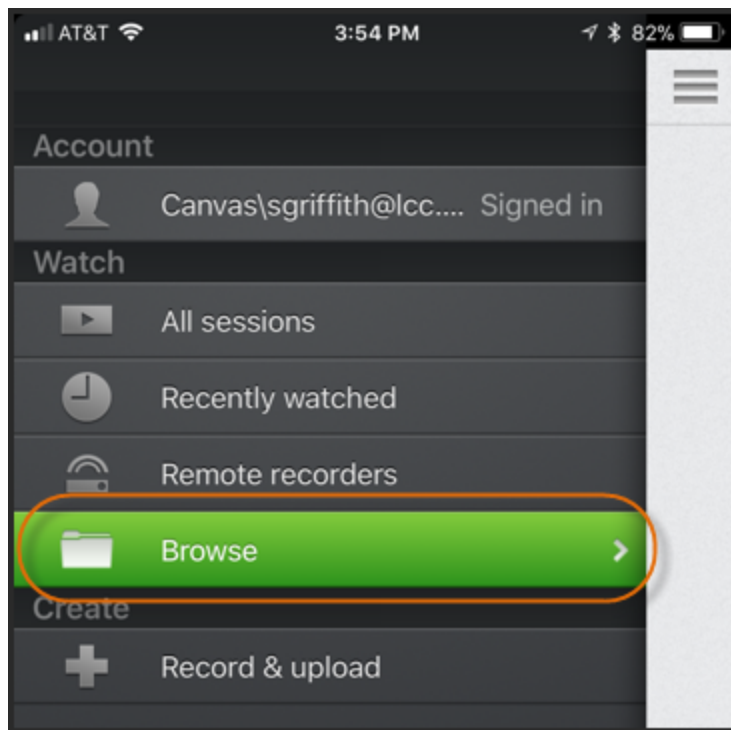

The image shows a Panopto authorization screen. At the top, there are three links: "Cancel" in blue, "Sign in" in black, and "Change site" in blue. Below these is the text "Allow Panopto to access your account." in black. Under this text are two buttons, each outlined with an orange rounded rectangle. The top button is labeled "Authorize" and the bottom button is labeled "Cancel". Below the buttons is a checkbox labeled "Remember Authorization", which is currently unchecked.

Step 8

Select the menu () at the top, left.

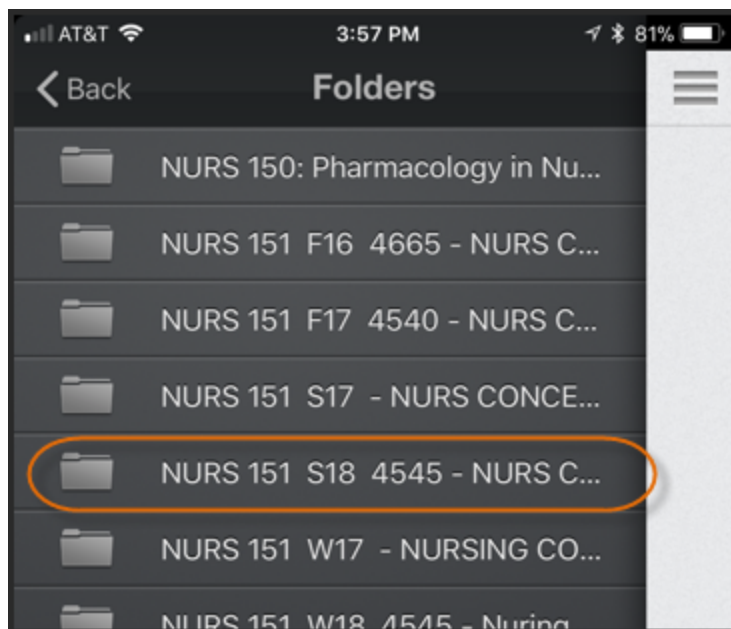

Step 9

To view videos in a specific folder, select Browse.

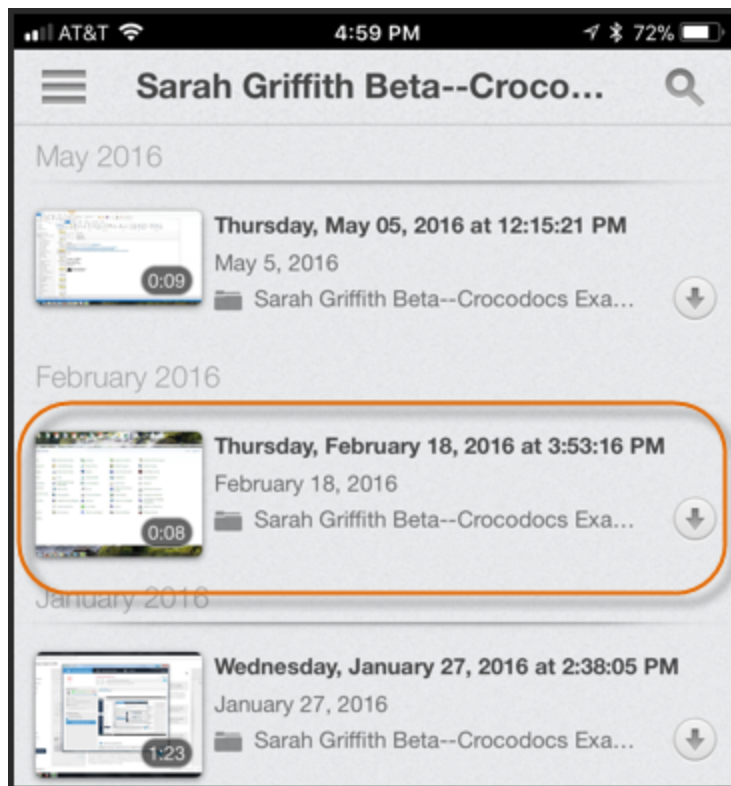

Step 10

Click on the folder with your course name.

Step 11

Click on the video to watch.
