

Directions:

1. You will define S.O.A.R. in your own words (minimum of four complete sentences).
2. Then, you will answer the following questions:
 - 1) Why is S.O.A.R. fundamental to our school?
 - 2) What do we need to do to achieve S.O.A.R.?
 - 3) How can we represent S.O.A.R. in the Biomedical Engineering classroom?
(minimum 2 complete sentences each).

Once complete, you will have a MINIMUM of 10 complete sentences.

Keep in mind: All team members must contribute and agree to the sentences that are written. If you don't agree, talk amongst yourselves until you do.

S.O.A.R is an acronym to remind students to be the best person in and out of school. S.O.A.R represents the way that students should behave in class and around the school. S.O.A.R is also a way to keep students motivated throughout the school year. Overall, S.O.A.R is a guide for students to do well by following the rules that it provides.

- 1) S.O.A.R is fundamental to our school because it's basic & necessary rules for students to follow throughout the school year to keep us focused.
- 2) S.O.A.R can be achieved by students following the directions that S.O.A.R is guiding us to follow.
- 3) We can represent S.O.A.R in Biomedical Engineering by seeking knowledge from our teacher. We can organize ourselves in class and be ready for class. We need to advance ourselves to do work even when it's hard. We also need to reflect on what we can do better in biomedical engineering.

4) S.O.A.R is important to our school because it keeps students on track (behavior)
