

Daily Highlights

Week of January 19

Monday

• Today we started with Weekend News, followed by a Heggerty lesson and an introduction to the letter Rr. We also did a bit more work with the number 8. We had snack, exploration time, and gym with Ms Hanlon. We also learned about our new Math Bins (practicing skills with numbers 1-10) and did our first rotation. In the afternoon, we had Quiet Time, Number Corner, a story, and had a choosing day at Centers.

Tuesday

• We read some stories about snow fun and wrote/drew in our Journals about what we like to do in the snow. We did some more work with Rr, had library and some extra movement breaks today. We watched Canada Crew about Early Settlers and Jack Hartmann letter Rr and Number 8 episodes. We had Number Corner and Center choosing.

Wednesday

• Mrs Brulotte was away for appointments today and Mrs Rowe worked with the class. They did Sound Journals and word blending in the morning, had gym with Ms Hanlon, played math games, had Number Corner and some stories. In the afternoon Big Buddies came to play a winter tally math game before another choosing day at Centers.

Thursday

• We have been practicing many fun rhyming greetings and did some rhyming match ups and began coloring a rhyming counting book. We finished work with the letter Rr and had a round with new Math Bins before lunch. In the afternoon, we did a robot Directed Drawing, read a funny story called *Frog on a Log?* and had Number Corner and Centers.

Friday

• First thing this morning we had a visitor from Huble Farm do a presentation on the Lheidli T'enneh people. We learned about the land, their activities during the different seasons, and we got to feel a beaver pelt. We did some more rhyming and received our own mini rhyming greetings booklet. We also colored some more in our counting rhyming book. We did a rotation of our math bins, watched a Scratch Garden episode about composing and decomposing numbers and had choosing Center time. Our Gotcha winner was Cash.
