Here are a few important things to note:

1. The online registration “button” is available by going to <https://studentcentral.bigteams.com>
2. **BOTH** the parent/guardian **AND** student-athlete **MUST** create accounts. (1 account for the parent/guardian and 1 account for the student-athlete)
3. Once you create your account, you must link your account with your student-athlete(s) account(s) by either email or cell phone number.
4. Once you are linked with your student-athlete, you will be able to complete all of the required PIAA forms, as well as the required WASD forms. (the student-athlete can be linked to multiple parent/guardian accounts (example: mom can create her own account and dad can create his own account, using different email address/phone numbers)
5. You will need to print sections 5 (health history) and 6 (physical) and take both of those forms to the doctor in order to receive a physical. You can scroll to the bottom of your “homepage” **after** all forms are complete to find Section 5 and Section 6 to print.
6. Once you have the completed physical from the doctor **DATED AFTER MAY 1st, 2025** (section 6), you must login to your Parent/Guardian account and **upload the physical ONLY**. (Please do not upload Section 5) You will simply take a picture of the physical with your phone and upload it to the parent account.
7. For future reference, we now have the ability to change/update your login information. If you forget your login or password, please email kstern@wyoarea.org
