Frequently Asked Questions

Who provides premium heating services near Bentley St?

Markham Heating & Air Conditioning provides premium heating and HVAC solutions for homes and businesses near Bentley St. Our **certified technicians** deliver dependable repairs, installations, and maintenance services focused on long-term comfort and system performance.

What HVAC services are available in Markham?

We offer complete HVAC solutions, including **air conditioner** repair and installation, **water heater** and **tankless water heater** services, **heat pump** installation, **heat pump repair**, furnace repair, boiler repair, and comprehensive **installation services** for residential and commercial properties.

Is emergency heating repair available?

Yes. We provide emergency heating and furnace repair services for unexpected breakdowns. Our team responds promptly to restore safe and reliable heating when you need it most.

How much does furnace repair cost?

The cost depends on the issue, equipment type, and replacement parts required. We provide transparent estimates and cost-effective solutions that prioritize long-term value and system reliability.

What heating systems are commonly serviced?

Our **certified technicians** service furnaces, boilers, **heat pump** systems, central HVAC equipment, ductless units, and integrated heating and cooling systems. We also repair key HVAC components such as the **evaporator coil** and other performance-critical parts.

Are HVAC technicians licensed in Ontario?

Yes. Our technicians are fully trained, licensed, and qualified to perform HVAC work according to Ontario regulations and industry standards, ensuring safe and professional service.

MARKHAM HEATING & AIR CONDITIONING SYSTEMS

SINCE 1983

How often should heating systems be serviced?

Heating systems should receive **professional maintenance** at least once per year. Following a regular **maintenance plan** helps improve efficiency, reduce breakdowns, and extend equipment lifespan.

What are signs a furnace needs repair?

Common warning signs include unusual noises, inconsistent temperatures, weak airflow, frequent cycling, rising utility costs, or a malfunctioning **evaporator coil**. Prompt service can help prevent more serious issues.

Can heating systems be replaced in Markham?

Yes. We provide complete replacement and **installation services** for furnaces, **heat pump** systems, and other HVAC equipment. Our team can recommend energy-efficient solutions tailored to your property's needs.

Is same-day HVAC service available?

Yes. Same-day service is available whenever scheduling permits. Our technicians work efficiently to restore heating, cooling, and **air conditioner** performance as quickly as possible.

Why choose a premium heating contractor?

A premium contractor provides expert workmanship, quality equipment, experienced **certified technicians**, and dependable customer support. This helps improve system performance, **indoor air quality**, energy efficiency, and long-term reliability.

What areas near Bentley St are covered?

We proudly serve Bentley St and surrounding Markham neighborhoods, providing local support for heating, cooling, **water heater**, **tankless water heater**, **heat pump repair**, **air quality**, and complete HVAC service needs.
