Name: _____

All About Me Math: Week 1 Assignment-Due first week of in person classes.

Welcome to "All About Me Math." This week, we'll explore how math is all around us, even in our daily lives. Get ready to use your creativity and math skills to share more about yourself.

Fill in the Blank: Fill in the blank with the correct words.

- ☐ My age is __ years old, which is a __ number (odd or even).
- ☐ I have __ siblings, making our family size a __ number.
- ☐ My favorite number is _____, and it's a _____ digit number (single, double triple, etc).
- ☐ The **shape** of my face is most similar to a _____.
- ☐ My height is about _____ inches, which is close to _____ feet.

Open Ended Questions:

1. On a separate piece of paper, draw a picture of yourself using only geometric shapes (circles, triangles, rectangles, etc.). Then, write a sentence explaining how many of each shape you used.

2. If you could have any number of pets, how many would you choose? Explain your answer using addition, subtraction, multiplication or division.

3. Create a math problem about your favorite hobby or sport. Then, solve it and explain your solution.
