- ***What if I'm pretty advanced and have an established, successful business?*** There is always more to learn, my friend! We have advanced, creative courses as well as health + wellness courses/video tutorials that will not only improve your business but your creative well being.

- ***How often is new content released?*** At the beginning of each month, we have Release Week, where we release the new content for that month. Each month, students can count on two large Courses, two Lessons (medium-sized, digestible courses) and an editing video. Each Course and Lesson also has an editing/behind the scenes video, if it's applicable to the content that is being taught. And every third month, we release a Health + Wellness Course as a bonus, because we truly believe that being an excellent photographer is only part technical application. We teach to the mind, body and soul of each creative.
