Conference dual matches will consist of four singles and three doubles. No crossover's allowed.

At home duals, the host school shall provide balls.

Upon arrival of the opposing team, approximately 4:15 p.m. or sooner, with appropriate warm-up times provided, the match may start. No schools will be allowed early dismissal for a conference dual meet.

Varsity and junior varsity matches will be played at the same site unless other arrangements are made.

- a. Effective for the spring season in 2023, the seed meeting will be either Sunday or Monday of the week of the conference meet.
- b. Any singles and/or double teams entered in the line-up for the Conference Tournament must have played in three conference dual meets at that same flight to be eligible for that flight at the Conference Tournament. Exceptions for illness/injury can be requested at the seed meeting. A majority vote by the coaches is needed.
- c. The conference meet starts at 8am and will be played at 2 different sites on Tuesday morning. 1st/2nd singles and doubles will be played at

the host school. 3rd/4th singles and doubles will be played at the secondary site. After two rounds of play, all play will take place at the host school site. Rain date is Wednesday (the next day of the originally scheduled conference meet).

- d. Scoring format for the Conference tournament is 2 out of 3 sets with the 3rd set being a match tiebreaker (First to 10, win by 2).

Players shall call their own matches; however a player may request a line judge.

All SLC dual matches are to be completed prior to the seeding meeting for the SLC meet. Coaching is permitted in accordance with WHSTA policy.

Seeding:

- 1) Coaches are required to submit, at the seeding meeting, entry forms with individual records and requests for seeds. Failure to do so may eliminate players of that school from consideration for a seed. Voting by coaches may be taken on each individual request or on all requests as a group.
- 2) There will be two seeds per flight by a majority vote of the coaches, additional seeds and placements are allowable.
- 3) Considerations for seeding will include:
 - A. A singles player or doubles team shall play three matches in that flight during the regular season to be considered for a seed at the same flight in the conference tournament. By a majority vote of the coaches, this provision can be waived in order to seed the bracket accurately.
 - B. Illness and similar situations at time of a loss will not be considered.
 - C. The win/loss record prior to the conference meet.
 1. Head-to-head play.
 2. The position and comparative scores against other opponents will be used only when the position cannot be resolved by the results of direct play.
 3. Where one person has played fewer times than another, the record with the best percentage need not necessary be considered the best. For example, a 16-3 record could be considered better than an 8-1 record.
 - D. The caliber of competition from which a record has been established must be considered.

- E. The basic objective of seeding, a ratio of one to every four players, is to space these players so they will not meet each other in the early rounds.

A vote of head coaches will resolve disagreements. Coaches will not be required to vote, but should do so if they feel they have sufficient information to help make a decision.
