

SpringI, 2022

Dear Parent or Guardian,

The Millennium Soccer Club is beginning its 21st year of sponsoring a soccer program for boys and girls who live in the neighborhoods near Leopold School, which includes the High Ridge Trail neighborhood. It will provide all of its participants a tremendous opportunity to develop the skills needed to have fun and success playing soccer. Students are welcome to sign up whether or not they have had any previous soccer experience.

Our program will consist of six Saturday sessions beginning on **April 23rd and ending on June 4th. There will not be a session on May 14th due to the Annual Timberwolf Trample.** The students who sign up will be playing on teams in one of our two grade-level groups: 1st/2nd or 3rd-5th. **The sessions for both groups will run from 9:30-11:00.**

At each session, our volunteer coaches will provide their players a variety of practice activities that will enable them to improve their individual and team skills. Following the practice, each team will play a game against another team in its grade-level group.

All sessions will take place on the playing field behind Leopold School, which is located at 2602 Post Rd.

The cost to participate in our program is **\$7** and covers the spring season. Millennium will provide all **new** players a soccer uniform (jersey, shorts, shin guards, and socks).

In order for your child to play in our soccer program at Leopold School this springI, you need to:

1. Fill out and sign our registration form.
2. Sign the information sheet about concussions/head injuries that is on the backside of the registration form. Wisconsin state law requires Millennium to provide this important information to its players and parents.
3. Bring a mask for your child and any spectators.

You should arrive by 9:15am so that you can fill out her/his registration form. You should also bring your fee payment.

You can obtain additional information about the Millennium Soccer Club by visiting its website at <https://millenniumsoccerclub.org>

If you would like more information about Millennium's spring program at Leopold, please call Tiz Goff at 773-620-4404 or tiz.goff@gmail.com.
