Rosanne Foley, Executive Director
Boston Landmarks Commission
20 City Hall Avenue, 3rd floor
Boston, MA 02108
BLC@boston.gov

Thank you for your letter soliciting nominations to the South End Landmarks District Commission.

Chester Square Neighbors has voted to nominate Lloyd Fillion, who has a wealth of knowledge related to the history and architecture of this district. As a contractor in the South End for over 45 years, he has been an active in preserving many of our South End rowhouses, at the same time inspiring and training neighborhood youth to continue the craft.

Lloyd's approach to historic buildings includes thorough examination of problems and exploration of possibilities, with a clear understanding of tradition and a practical sense of limitations. In SELDC meetings, he provides valuable information about intricate architectural details while keeping his questions and comments professional and respectful. In Chester Square Neighbors meetings and activities, we have found him to be resourceful, reliable, and helpful in focusing discussion.

Lloyd has lived in the South End Landmarks District since it was designated in 1983, on the Roxbury side of Mass. Ave., and we believe he will add greatly to the knowledge and perspective of the Commission. Thank you for your considering our nomination.

Respectfully offered
by Carol Blair, President
on behalf of Chester Square Neighbors
