

Dear NAME

The Government of Ontario is currently moving forward with [Bill 60](#), which will greatly harm our communities and hospitals. Current plans to convert our local public hospital's core services to for-profit clinics and hospitals is unsustainable, and will cause further, severe, damage to our already broken and overloaded healthcare system.

The [Halton Health Coalition](#) is a local, non-partisan, non-profit, grassroots community organization created to advocate for and improve our public health care system. We are one of the hundreds of organizations that work with the [Ontario Health Coalition](#) to protect the healthcare of all Ontarians.

Together, we will be holding a province-wide, citizen-led referendum on May 26 and 27. We aim to give Ontario citizens the opportunity to voice their support of our public hospital services and make their feelings about Bill 60 heard.

We hope that you will join us by helping us with any of the following:

- Hosting a polling station at your business on May 26 and 27.
- Advertising the referendum at your business with our leaflets and posters.
- Providing meeting and or/storage space.
- Donating to the Halton Health Coalition to support our work.
- Helping us spread the word about our upcoming citizens' referendum.

Your support is vital to our efforts to save and improve public healthcare in Ontario. We hope you will join us in the fight to save our public hospitals.

I will be following up with you in the next few days to answer any questions you may have. Please let me know if you would prefer to be contacted via phone call or an in person visit.

Sincerely,

YOUR NAME
