EDUCATING OUR STUDENTS TO BECOME INDEPENDENT THINKERS AND LIFE-LONG LEARNERS!

Digital Equity Standard Survey Questions and Responses

*Collecting accurate data regarding digital resource access for our New York students will greatly help educators to better serve their students and families. In order to accomplish this, the New York State Education Department is asking parents or guardians to complete a Digital Equity survey (for each student in the family) in grades Kindergarten – Grade12. This survey will provide information on student access to devices and internet access in their places of residence. To assist us in this process, **please answer each question below** and follow any additional instructions provided for submitting or returning the survey.*

Thank you for your time and cooperation.
