✓ Tasklist:

- ☐ - 15 seconds and check plans
- ☐ - Power up
- ☐ - Review 10 minutes
- ☐ - Send 3-10 outreaches or have a work session
- ☐ - Train
- ☐ - Review your day and plan your day accordingly, and put it in the OODA LOOP notes
- ☐ - Sun

Yesterdays Plan

- have a hard talk with ourselves to know if we are really consuming content because we need it or because we're afraid of doing the work
- See why klavyio doesn't let us add the same person into different lists
- Check how the landing page looks on Samsung

Today's plan

- Finish the how to analyze and module top players again to do it better and find better ideas for our client and understand better
- Practice doing some copy applying all that you've learned

OODA loop .

"I have more time to work , I need to find a way to use the time I am at school to learn better copy

I'm taking too long to copy and understand it.

Packaged chicken makes me feel sick.

Find a way to at least review notes or do empathy exercises in class.

Practice and review notes and break down copy.

Everything processed makes you feel this way.

Put on AirPods with background sound and study them. Finish the 'how to find top players' tomorrow.

Practice writing your copy and apply what you've learned

Don't eat them, and that's it.

Act."

"Al principio cuando empecé a organizar mi boda estaba muy asustada de no poder controlar cada detalle o no poder cumplir con las expectativas, pero en La Casa de Celia **se encargaron de todo**. 3-WHAT THEY SAY ABOUT US:

4-Alejandra P.

"At first, when I started planning my wedding, I was very scared of not being able to control every detail or meet expectations. But at La Casa de Celia, they took care of everything. From food, flowers, furniture, tastings, to things for the event like shot carts, snack stations, etc. They took care of everything, I even forgot I was going to have my wedding, they truly did it all. And on the wedding day, it was perfect; I felt like a princess."

"Thank you!"
