MATERIAL AND METHOD

This section contains problem solving framework, implementation, target, and used method.

RESULT AND DISCUSSION

This section contains the results of what has been obtained in community development implementation and then discussed with various references.

CONCLUSION AND RECOMMENDATION

Presenting conclusions and suggestions submitted by researchers.

CONFLICT OF INTEREST

The authors declare that there is no conflict of interest regarding the publication of this article.

REFERENCES

It contains referred paper writing sources. Every manuscript must include a minimum of 17 references published within the last 10 years. The list of expected references is at least 80% from primary sources derived from accredited national and international research articles.

References must be written in APA STYLE. It contains referred sources in paper writing, and only used sources are listed in the references and arranged alphabetically. Suggested to use Mendeley, EndNote, or Zotero application.
