

## Vision Pages – Distance Learning

Assignment: Complete pages 10-12 of your vision pages. These can be actual magazine collages in your fashion notebook if you have it, or digital collections of photos placed on a google doc/google slides. (View my example to give you ideas.)

**Page 10. Beauty.** Collect 10-12 pictures of health and beauty products including makeup and pictures of people wearing makeup. You can also include shampoo, nailpolish, face masks, hair gel and products, vitamins, exfoliating scrubs, etc.

**Page 11. Colors & Prints.** Collect 10-12 pictures of color combos and prints that you enjoy.

**Page 12. Outfit with Historical Influence.** Collect 2-3 pictures of current outfits and describe how they are influenced by any fashion era that we studied. It could be a color combination that an era used, or the silhouette of the garments, a popular neckline, hairstyle or makeup look. Look at my example for clarification.
