18-20 students

Civic plaza (roofed)

Gardens

#### Zone D

Library (60 students)

Play room (40 students)

\*Construction and schooling might happen at the same time

### Design statements

1. The priority is to use local building materials, not necessary to use the local building materials in an archaic or standard way of using.
2. Spaces are meant to be open and integrated with the landscape
3. Look at all the processes of the building as a cycle.
  - Water
  - Food
  - Energy
  - Materials and Resources
