(If you need more space, use a second page)

2. Look at all of your Social Media / Online Accounts and clean them up. Think about your Digital Footprint and all of the things you are sending or posting. Make sure you delete anything that is not appropriate, or something you should remove. Explain below (school appropriate please) what you found and what content you removed. Make sure to check your usernames and other information about you and change them if necessary.

(Write 2-3 sentences about what you found, and how you “cleaned it up” if you had too.)
