SUBJECT: Urgent Appeal Regarding the Wrongful Deportation of Kilmar Abrego Garcia

Dear [Inter-American Commission on Human Rights / UN Special Rapporteur on the Human Rights of Migrants],

I am writing to urge your immediate attention to the case of **Kilmar Abrego Garcia**, a Maryland resident who was wrongfully deported to El Salvador on March 15, 2025, despite a standing U.S. immigration court order that explicitly protected him from removal to that country due to credible threats to his life.

Mr. Abrego Garcia is now imprisoned in a high-security Salvadoran prison. His deportation defied a U.S. court ruling, and he is being held in conditions that endanger his health and safety. A U.S. District Court judge described the deportation as “wholly lawless” and ordered his return. That order has been ignored.

This situation represents a violation of Mr. Abrego Garcia’s human rights, as well as a serious erosion of judicial authority and due process.

I respectfully request that your office:

- Investigate the deportation and current detention of Kilmar Abrego Garcia.
- Issue a statement or urgent call for his release and safe return.
- Monitor the U.S. administration's compliance with court orders related to this case.
- Treat this as a matter of regional and international human rights concern.

Thank you for your time and commitment to justice.

Sincerely,

[Your Full Name]
