«Afficher» in French means “display”, and «télécharger» means “download”. You are encouraged to quote parts of the articles and to give the reference to this web site. There are two ways of downloading an article. If you first went to «Afficher» you will notice at the upper right corner an icon for downloading. By clicking on it you will get the article.

If you first went to «télécharger» and clicked on it, a rectangle with the name of the article will appear in the bottom left-hand corner. Click on it and in about 5 or 10 seconds the article will show up on the work space of your computer screen. You can then save it to your hard disk, to a USB memory stick, or to the cloud.
