

Mini Community

Materials

- A piece of paper
- Something to draw with. You can use color or not.

Instructions

- First, think of some things that make up a community. Look around your area and think about what people need in a community.
- People need places to live, so draw some houses and apartments.
- People also need food to eat, so draw some stores for your community
- People also need ways to get to these places, so draw some roads
- A community also needs schools for kids to learn at, so draw one of those
- If someone in this community gets hurt, they're going to need a doctor,, so draw a hospital.
- People also need to have fun, so add some parks and playgrounds!
- These are only some of the things that a community needs! Try to think of some of your own to add!
