[Click here to buy Sony DVD Architect Pro 6](#)

Professional-looking DVDs made easy

Now available on DVD/Blu-ray Disc™: your own captivating home movies, multimedia photo albums, and music compilations-complete with dazzling menus, special features, and custom soundtracks. With DVD Architect™ Studio software, you can swiftly create professional-looking DVDs, even stunning widescreen productions, on your home computer. Simply drag-and-drop to start building your next blockbuster.

Features

- Import audio, video, and stills from an extensive range of formats
- Easy to use menu-based and drag-and-drop interface for DVD design and authoring
- DVD movie creation
- Create picture slideshows and music compilations
- Still and motion menu creation
- NTSC and PAL in standard (4:3) and widescreen (16:9) formats
- Add, edit, and move chapter points
- Adjustable project and file optimization settings
- Virtual remote to preview the final project before burning to DVD
- View safe grid areas to ensure proper image and button placement
- Text editing and shadow effects
- Customizable themes
- Get started right away and learn as you go with interactive Show Me How tutorials
- Supports a wide variety of DVD burners
