Hello guys..

I am Annie Rose Tee.

This is a letter from a humble and aching heart.

I am very shy to do this but I want to try my luck.

Due to the large scale destruction brought by the super typhoon Goni in the Philippines especially my island Catanduanes, my house was damaged and badly need to be repair immediately. I am working abroad but my salary is too cheap to handle the cost of repairing the damage of my house plus my brother and sister entirely lost their houses 😞.

This is my house that need to be repair, the windows and roof.

This is my brother's house that is
not a house anymore

I humbly ask for a little help financially that you can lend to me. I cannot give it back to you but I will pray you to God to let him pour you a blessing back trice the help you gave to me.

I am not using myself as a BXG or influencer but I'm asking your help being me, A poor person who really needs help 🙏🙏🙏🙏🙏🙏🙏.

If you can and if you feel like helping fellow humans, I wish you'll extend a hand, be it a very small amount or a larger. However small, added together it will be a great help.

If I should, by extraordinary, receive more money than needed, it would of course be used to help in the needs of food for my entire family.

Humbly asking help to all of you.
Annie Rose Tee.

Thank you very much.

After more than a month,

My house is fixed already from the donations.

About my sister's situation right now, she's living with my parents because they still don't have a home.

About my brother's situation, he constructed a little home if you can call it home from the materials left by typhoon because they need to have shelter for their baby.

Just in case you feel like helping for my siblings, just please contact me from the above information. They're badly need of help.

Again, Thank you for those who help and for those who are willing to help for my siblings. I'm knocking at your heart 🙏🙏🙏.
