 - <https://schools.clever.com/http://www.factmonster.com/countries.html>
 - <http://www.maps.google.com> (See where this country is, what's around it and read Quick Facts)
 - <http://www.kids-world-travel-guide.com>
 - <http://www.timeforkids.com/around-the-world>
 - <http://www.sciencekids.co.nz/sciencefacts/countries.html>
- If you can't find the information you need, you can go to google.com and google your question. Best is to include "for kids" in your search, for example "China facts **for kids**" or to be specific about what you are looking for, such as "What is the capital of China?".
