SCHOOL ADDRESS : .....

TEACHER'S NAME :.....

WEEK: 1-2	LEARNING AREA: NUMBERS AND OPE	RATIONS TOPIC : 1.0 WHOLE OPERATIONS	NUMBE	ERS AND BASIC
CONTENT	LEARNING STANDARD	REMARKS	PER	FORMANCE STANDARD
STANDARD			TP	DESCRIPTOR
Pupils will be able to:  1.1 Number value  1.1.1 State numbers up to 100 000:  (i) Read any number given in words.  (ii) Say any number given in numerals.  (iii) Write numbers in numerals and words.  1.1.2 Determine the value of numbers up to 100 000:  (i) State the place value and digit value of any numbers.	Notes: Say the number correctly. 12 425 is read as 'twelve thousand four hundred and twenty-five' and not 'one two four two five'. Numbers can also be said as follows: 4 500 said as forty-five hundreds.	1 2	State any number up to 100 000.  Read number sentences involving basic operations and mixed operations.  Explain the value of numbers up to 100 000.  Explain the steps of solving basic operations and mixed operations.	
	Suggested activities:  Use various representations including concrete models, manipulative tools, square grids, diagrams/pictures, sounds, movement signals, number lines and symbols to represent numbers.  Use ICT to state and	3	Determine the value of numbers including estimating and rounding off numbers up to 100 000.  Justify answers and solve number sentences involving basic operations and mixed operations.  Justify answers and solve number sentences involving value of unknown in addition and subtraction.  Solve daily routine problems	
	sequence in ascending	determine the number value.	5	involving whole numbers, addition and subtraction up to 100 000 with one unknown.  Solve daily routine problems involving whole numbers, addition and subtraction up to 100 000 using various strategies.  Solve daily non-routine problems involving whole

	numbers, addition and subtraction up to 100 000 creatively and innovatively.

WEEK: 3-5	LEARNING AREA: NUMBERS AND	OPERATIONS TOPIC: 1.0 WHOLE I	NUMBE	RS AND BASIC
CONTENT	LEARNING	REMARKS		FORMANCE STANDARD
STANDARD	STANDARD		TP	DESCRIPTOR
1.2 Odd numbers and even numbers	<ul><li>1.2.1 Characterise odd numbers and even numbers.</li><li>1.2.2 Classify odd numbers and even numbers.</li></ul>	Suggested activities:  Use thinking tools.  Use ICT to identify odd numbers and even numbers.	1	State any number up to 100 000.  Read number sentences involving basic operations and
1.3 Estimate	1.3.1 Give reasonable estimates for the quantity based on the given reference set and justify the answers.	Suggested activity: Use real objects and diagrams/ pictures.	2	mixed operations.  Explain the value of numbers up to 100 000.  Explain the steps of solving
1.4 Round off numbers	1.4.1 Round off whole numbers to the nearest ten thousands.	Notes:     i. Identify the number that might represent a number which has been rounded off to the nearest ten thousands.     ii. Rounding off activities can include money and measurements.     Suggested activity: Use number lines.	4	basic operations and mixed operations.  Determine the value of numbers including estimating and rounding off numbers up to 100 000.  Justify answers and solve number sentences involving basic operations and mixed operations.  Justify answers and solve number sentences involving value of unknown in addition and subtraction.  Solve daily routine problems involving whole numbers, addition and subtraction up to 100 000 with one unknown.  Solve daily routine problems involving whole numbers,

	5	addition and subtraction up to 100 000 using various strategies.
	6	Solve daily non-routine problems involving whole numbers, addition and subtraction up to 100 000 creatively and innovatively.
