How Trust Land Funds are being used this year from the plan written last year. (show plan on website)

Salina Elementary has utilized Trust Lands funds the following ways:

- Salina Elementary will hire teachers to reduce class size and Instructional Assistants For Math and Reading Intervention and as a support for

Teacher Led Differentiated Instruction and Interventions. These funds will also help cover the cost of our District Art teacher

- TSSA (Teacher and Student Success Plan) used to help reduce class size by paying the salary of ½ day teacher.
- Teacher professional development opportunities and PLC's.
- Materials to support our core reading/math programs and/or our reading and math intervention program. Take home parent/student communicator folders. Academic awards and incentives for students.
- School Safety and Digital Citizenship- Wolf tracks, 2nd Steps, and White Ribbon Week in the spring (digital citizenship).
- The purchase of the Typing Pal Program for 3-5 grades, to help the students increase their keyboarding skills. This also helps prepare them for the end of year tests, which are all computer based. The RISE test specifically requires all students to do a writing portion in which they have to type their response in detail.
- The purchase of bulbs for the teacher projectors as well as color printer cartridges for the school's color printer.
- Any remaining funds will be used to purchase software for computers, Smartboards, iPads, iPods, chrome books, or audio enhancement devices.

Amount of Trust Lands allotted to the school for the 2020-21 school year.

\$66,389.00
