Cat Fishing Simulator

Privacy Policy

Giant Fish built Cat Fishing Simulator as a commercial game.This service is provided by Giant Fish and is intended for use as is.This page is used to inform visitors regarding our policies with the collection, use and disclosure of personal information if anyone decided to use our service.

Personal Info

App does not collect any personal information (contact info, contacts etc .) of users.

What Information May Be Collected

Android advertising ID
Audio/Photos/Videos (locally on device)

Why It's Collected
Android advertising ID

To serve ads in services where cookie technology may not be available (for example, in mobile applications), we may use technologies that perform similar functions to cookies. Sometimes Google links the identifier used for advertising on mobile applications to an advertising cookie on the same device in order to coordinate ads across your mobile apps and mobile browser. This can happen, for example, when you see an ad within an app that launches a web page in your mobile browser. This also helps us improve the reports we give to our advertisers on the effectiveness of their campaigns.

Audio/Photos/Videos (locally on device)

Internal Operations like saving your artwork into your device so you can resume it later, but we don't collect or send any audio/photo/video over the internet.

With Whom It's Shared

Android advertising ID is shared with Google only and their privacy policy can be found here. http://www.google.com/policies/technologies/ads/
