- IV. **SDAC this Year**
 - A. What do we want to accomplish this year (Grow, Initiative, Structure)?
 - Initiatives:

- Library program
 - Competition element, prize structure
 - Building momentum to kick us off, this could lead to things like robotics and STEM competitions in partnership with universities
 - Performances, speaking opportunities involvement with parents
- Literacy and math support
 - What is support and empowering students be excited about reading and math and be celebrated, bringing this partnerships/events/competitions, be a part of the culture, students are rewarded and celebrated for
- Tweaking “spelling bee” competition style
 - Something fun, brings the whole school/community together
 - Prize packages
- Reality Changers speech night idea
- Bringing volunteers for the community come and read to the students, do math together (as an example) to enhance what the teachers are already doing
- Building these habits in students
- Inviting non-famous role models like the engineer at the airport (things students see with their families)
- Reflective leaders of the students
- Signature event(s) connected with the student achievement goals
- Price for donors to participate is package-level of books (X level), fundraising tiers
 - Or sponsor the food, or books, or prize
- Karmin working with ERG leaders are companies who have funding and are looking for funding projects that give back to the community
 - Support with planning and putting together this event
- Create a KIPP Leadership Program (not SDAC) create a platform to learn leadership skills, LEAD San Diego style that connects with industry and workforce, KIPP-Corporate Alliance Pipeline (think about KIPP Forward connection)
 - Model off of what exists within KIPP Fdn perhaps
- Keeping talent in San Diego, KIPP Forward alignment/connection with talent developers and companies looking to grow/keep talent here
 - High Tech High is a great example of this
 - Student population that comes through HTH
 - How do we make sure folks know our students are just as qualified, being more visible

B. Prospect List

- What are we looking for in joining the SDAC?
 - Structure of the council with its terms and conditions and roles
 - What are the specific needs/types of people needed?
 - Funding, network, business profile, etc.
 - Executive Committee structure?
 - For now:

- Who can help us with the library project, is willing to build/be adaptable, committed to rolling up sleeves?

- Ideas

- Mayra Reyes, Principal at Fred Rohr Elementary School, TFA alumna
- Taryell Simmons, DEI Consultant and RISE Urban Nation Podcast Host
