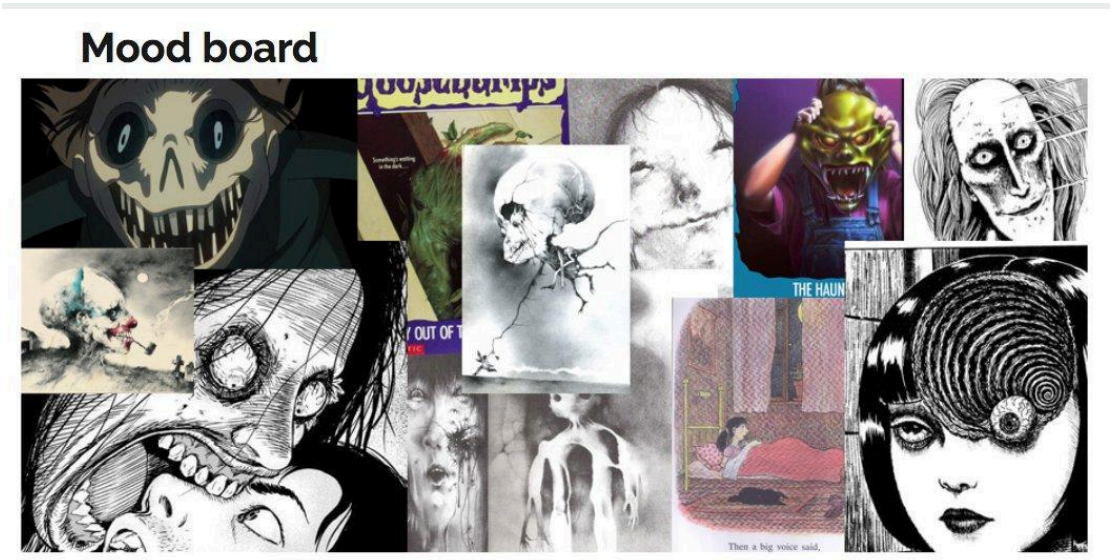
Summer Work Make-Up for Stage and Screen

As part of your Induction week and getting to know you better I would like you to prepare a mood board that depicts a visual genre/style that inspires you. For example, this could be horror, fantasy, punk, romantic, cyber etc.

You can include lots of visual inspiration on a mood board to build a colour palette, texture and shape inspirations. Include images of make-up, objects, environments, buildings, animals…. Whatever you find interesting. (See examples below.) Your mood board can be done in any format e.g. digital or cut and past on a piece of paper.



Once you have created your mood board I would like you to design a make-up look inspired by the mood board. Use the colours, shapes and texture you find in your images, be as creative as you can!!! You can complete the make up on yourself or a friend but remember to take photos to show your ideas at induction week.
