

Meaningful Online Engagements Tool: How Flipgrid created a community during COVID-19 times for Preservice Teachers in an Early Childhood Education Course

Presenters:

- *Zlata Stankovic-Ramirez, PhD Coastal Carolina University*
- *Jennifer Quong, PhD Texas Woman's University*

Presenter Section (presenters can use this section for any additional information or comments.)

Comments Protocol: Because the poster presenters do not have the opportunity to interact with those interested in their topic, we have created this space for feedback and asynchronous interaction. To make this a productive experience for all:

1. Please add your comments, insights or questions in the space below.
2. Please include your name and contact information, so that the presenter(s) can get back to you.
3. Write your comments underneath the last person who commented, so they stay organized.
4. Because this is an editable document, also be careful not to erase any previous comments! (If this happens accidentally, simply press the back button on the upper left.)
