

Valuable For You

Hi Adam,

Your pirate course is amazing especially for those who are going to fast this Ramadan and try to fight the urge of looking for food.

Jokes aside, I just watched your pirate course and after finishing it I've come up with a specific way we could tweak the written section of the course to further increase the amount of people purchasing it.

Do you want to hop on a quick 5 minute zoom call to further discuss this?

All the best,

Muhammed
