## **Overview**

The School District of Newberry County views the use of electronic resources as central to the delivery of its educational program and expects that all students will use electronic resources as an essential part of their learning experiences. It is the policy of the School District of Newberry County to maintain an environment that promotes ethical and responsible conduct in all electronic resource activities. With this privilege and extraordinary opportunity to explore resources comes responsibilities for the parent and for the student. The 1:1 HANDBOOK, <u>USE OF TECHNOLOGY RESOURCES STUDENT CONSENT FORM</u>, <u>USE OF DISTRICT INFORMATION TECHNOLOGY RESOURCES</u>, and <u>1:1 AGREEMENT</u> are available through the district website <a href="https://www.newberry.k12.sc.us/">https://www.newberry.k12.sc.us/</a> or you may request a printed copy from your child's school.

# **Parent and Student Responsibility:**

School District of Newberry County students and families must understand:

- 1. All students are allowed access to electronic resources unless the school is notified in writing by the parent/guardian.
- 2. All users of the district network and equipment must comply at all times with the <u>USE OF TECHNOLOGY RESOURCES STUDENT CONSENT FORM Español</u>.
- 3. All devices and all technology equipment associated with the device are on loan to students and remain the property of the School District of Newberry County.
- 4. All users are accountable to all school, district, local, state, and federal laws.
- 5. All use of the device and network must support education.
- 6. Students and families must follow all guidelines set forth in this document and by district staff.
- 7. All rules and guidelines are in effect before, during, and after school hours for all district computers whether on or off the school campus.
- 8. All files stored on district equipment or the network are property of the district and may be subject for reviewing and monitoring.
- The term "equipment" or "technology" refers to devices, batteries, power cord/chargers and bags/cases. Each piece of equipment is issued as an educational resource. The conditions surrounding this equipment can be equated to those of a textbook or a school issued calculator.
- 10. Students are expected to regularly perform operating system updates on their devices by installing Windows updates by selecting Update and Restart or Apple IOS updates as recommended by their devices.
- 11. Students are expected to keep the devices and other equipment in good condition. Failure to do so will result in bills for repair or replacement.
- 12. The price that the school district paid for the device includes the device power adapter and/or other accessories.
- 13. Students are expected to report any damage to their device as soon as possible. This means no later than the next school day.
- 14. Students who identify or know about a security problem are expected to convey the details to their teacher without discussing it with other students.
- 15. Students are expected to notify a staff member immediately if they come across information, images, or messages that are inappropriate, dangerous, threatening, or make them feel uncomfortable.
- 16. All users are expected to follow existing copyright laws and educational fair use policies.
- 17. Students may only log in under their assigned School District of Newberry County username. Students may not share their password with other students.
- 18. Students may not loan device components to any other person for any reason. Students who do so will be held financially responsible for any loss of components.
- 19. All devices come with a standardized image already loaded and should not be modified.
- 20. Any failure to comply with the rules as outlined in this handbook may result in disciplinary action. The School District of Newberry County may remove a user's access to the network without notice at any time if the user is engaged in any unauthorized activity.
- 21. The School District of Newberry County reserves the right to confiscate the property at any time.

## Parent/Guardian Responsibilities

The School District of Newberry County makes every effort to equip parents/guardians with the necessary tools and information to ensure safe use of the devices in the home. There are several responsibilities assumed by the parent/guardian. These are outlined below.

In order for students to be issued a Dell laptop or iPad, a student and his/her parent/guardian must acknowledge acceptance of the Student/Parent Responsible Use Agreement found at the conclusion of this document. A student will not be issued a device until the agreement has been accepted via the District's Online Registration Portal or a hard copy has been signed by both parent/guardian and student and returned to the school.

## **Accept Liability Parent/Guardian Responsibility**

The parent/guardian/student are responsible for the cost of repair or replacement at the date of loss if the property is:

- Not returned
- Intentionally damaged
- Damaged because of negligence
- Lost or stolen (Must be reported to school and/or police immediately. In cases involving theft a police report will be required.)

## Monitor Student Use Parent/Guardian Responsibility Suggestions

The parent/guardian must agree to monitor student use at home (if applicable) and away from school. The best way to keep students safe and on-task is to have a parent/guardian present and involved.

- Investigate and apply parental controls available through your internet service provider and/or your wireless router.
- Develop a set of rules/expectations for devices used at home. Further guidelines, resources and guides for parents and families can be found at <a href="https://www.commonsensemedia.org/">https://www.commonsensemedia.org/</a>.
- Only allow device use in common rooms of the home (e.g. living room or kitchen) and not in bedrooms.
- Demonstrate a genuine interest in what your student is doing on the device. Ask questions and request that they show you his or her work often.

## **Support Student Safety**

A shared responsibility for schools and parents/guardians alike, student safety is always a high priority. The precautions described in this section are intended to help students be safe on the path to and from school. Student safety always comes first.

Please review the following safety tips with your student:

- Keep your Online Identity secret Don't tell anyone your real name or address or what neighborhood you live in.
- Your Username and Password belong to you ... And only you Don't give your username or password to anyone.
- The Internet has a great memory ... So keep its memory of you clean Just because the Internet is so massive does not mean that embarrassing or inappropriate

pictures, rude or mean comments, or illegal activities will disappear forever. Watch what you post about yourself or others.

- Never meet anyone in person that you met online.
- Parents are ultimately responsible for minors online.
- Every search, web site visit, online posting and email is registered or recorded somewhere on the Internet.
- If someone asks you to send them sexual pictures, be very suspicious -- and don't do it. Alert your parents or teacher.
- If someone demands your device, give it to the person. Report the incident immediately to law enforcement (School Resource Officer).

## **Helping Students Access Email:**

- www.outlook.office.com/mail/
- Students use their login followed by @sdnc.org and their password. Example: jsmit3333@sdnc.org
  - E-mail should be checked regularly.

## **Helping Students Check Grades:**

• Students can check their own grades at <a href="https://sdnc.powerschool.com/public/">https://sdnc.powerschool.com/public/</a> with their student login and password.

## **Helping Students Access Online Learning Tools**

- Students will log into their devices and access <a href="https://clever.com/in/newberry">https://clever.com/in/newberry</a>. Once logged into Clever, they will access applications using their district issued credentials of email address and password.
- Once in Clever, students will access school-approved apps/programs/websites for their classes including Schoology <a href="https://sdnc.schoology.com/">https://sdnc.schoology.com/</a> and Google Drive/OneDrive.

## **Troubleshooting Common Problems:**

- Websites not pulling up. Check Internet connection at the bottom right by clicking on the symbol ?.
- If the student is having issues signing into the computer with their username and password once it is powered on, restarting the computer may solve the problem.
- If that does not work and the computer has not been on the network for some time it may require the student to connect to the district wi-fi and login.
- If the computer freezes up and does not allow you to move the cursor restart by holding down ALT CTRL DELETE buttons at the same time. On the next screen, select restart.
- If ALT CTRL DELETE does not work, hold down the power button and do a hard shut down.
- To override the system settings to unmute the microphone, press the FN and F4 keys at the same time.
  - Addition troubleshooting documents are available at https://www.newberry.k12.sc.us/

# **Device Rules and Guidelines**

The rules and guidelines are provided here so that students and parents/guardians are aware of the responsibilities students accept when they use a district-owned device. In general, this requires efficient, ethical, and legal utilization of all technology resources. Violations of these rules and guidelines will result in disciplinary action. Students will not receive devices until proper documentation is completed by parent/guardian and student. Students receive device-related training during the first weeks of school. Below you will find a summary of the main points of each training topic.

# Electronic Resource Policy and Responsible Use Procedures All use of technology must:

- Support learning
- Follow local, state, and federal laws
- Be school appropriate

#### **Security Reminders**

- Do not share logins or passwords. <u>Exception</u>: students are asked to share passwords with parents or guardians
- Do not develop programs to harass others, "hack", bring in viruses, or change others' files
  - Follow Internet safety guidelines
  - Do not install any VPN (virtual private network) software on district devices

## **Activities Requiring Teacher Permission**

- Instant-messaging
- Using headphones in class
- Downloading programs/extensions, music, games and videos
- Playing games

## **Inappropriate Content**

All files must be school appropriate. Inappropriate materials include explicit or implicit references to:

- Alcohol, tobacco or drugs
- Gangs
- Obscene language or nudity
- Bullying, threatening, or harassment
- Discriminatory or prejudicial behavior
- Other content deemed inappropriate by school or district staff

#### **USB Drives**

• Students and staff are encouraged to use cloud storage through district access of OneDrive or Google Drive.

# **Device Use, Care, and Classroom Routines**

## **Lockers**

• Devices should not be stored in lockers. Exception: Physical Education/Band

## **Hallways**

- Always carry it in the district issued case and use two hands when possible
- Never leave the device unattended for any reason.

#### **Classroom Habits**

- Ensure that the device is resting securely on the desktop. **Never** place your device on the floor
- Close the lid of the device before standing up. Check for pencils or other objects that may be on the keyboard before you close the lid. Objects left on a keyboard may crack the screen.
- Never leave your device unattended unless you have your teacher's permission to do so. If you walk away from your device, lock the screen before walking away. Press the
- and L key at the same time to lock the laptop.
- Follow all directions given by the teacher. Failure to follow district policies and teacher instructions could result in disciplinary action.

#### **Care of Device**

- The power cord/charger remain with the device or in the district provided case when not in use
  - iPads will be provided with a case. It must remain in the case at all times.
- Charge the device fully at the end of each day. The student is responsible for ensuring that the power cord is connected to the device and it is charging.
- Store the device on a desk or table. Books and/or binders should never be placed on top of a device. If the device is not in use, it should either be stored on top of a desk/table or in the rack under a student desk.
  - A device should never be on the floor.
  - A device should never be open if a student is consuming food or drink.
  - A device should never be left in a vehicle for an extended length of time
  - Unplug headphones or other peripherals when not in use.

#### **Care of Device at Home**

- The iPad stays in the provided case, even to charge. Charge the device fully each night.
  - Use the device in a common room of the home.
  - Store the device on a desk or table never on the floor!
  - Protect the device from:
    - Extreme heat or cold.
    - Food and drinks.
    - Small children (little brothers and sisters, etc.)
    - Pets.

#### <u>Traveling To and From School</u>

- Completely shut down the device before traveling.
- Do not leave the device in a vehicle.
- Use your district issued protective case to carry the device.
- Do not carry your device in a bag with any liquid, including water bottles.
- If ever in a situation when someone is threatening you for your device, give it to them and tell a staff member as soon as you arrive at school.
- The School District of Newberry County will work in cooperation with the local police department if a device is reported stolen.

#### **Prohibited Actions**

#### **Students are prohibited from:**

- Defacing district issued equipment in any way. This includes but is not limited to applying stickers, marking, painting, drawing or marring any surface of the devices, batteries, power cords/chargers or cases. Students should not remove the District labels/barcodes from their device.
- The device is not to be used as a storage device for papers, notebooks, headphones, and other material. Doing so can cause damage to the device.
  - If such action occurs, the student will be billed the cost of repair or replacement.

## **E-mail for Students**

#### Purpose:

All students are issued an e-mail account. E-mail allows students to safely and effectively communicate and collaborate with district staff and classmates, giving them an authentic purpose for writing. Teachers may also have other methods of communicating with parents and students. Please refer to your student syllabus for each course on the most effective way to communicate with that teacher.

The effective use of e-mail is:

- A 21st Century communication tool.
- Used in careers and higher education settings.
- A way to meet the National Educational Technology Standards (NETS).

#### **Guidelines and Reminders:**

- E-mail should be used for educational purposes only.
- E-mail transmissions are monitored by the district to ensure appropriate use. This means that administrators and teachers may check students' email.
- All e-mails and its/their contents are property of the district. E-mail should only be used by the authorized owner of the account.
  - Students should protect their passwords at all times.
- Any suspected breach of a student's assigned School District of Newberry County account should be reported immediately to the student's administrator.

#### **Unacceptable Use Examples:**

- Non-education related forwards (e.g. jokes, chain letters, images, etc.).
- Harassment, profanity, obscenity, racist terms.
- Cyber-bullying, hate mail, discriminatory remarks.

• E-mail for individual profit or gain, advertisement, or political activities.

#### **Webcams/Video Instruction**

#### Purpose:

Each student device is equipped with a webcam. This equipment offers students an extraordinary opportunity to experience a 21st Century tool and to develop 21st Century communication skills and participate in virtual instruction.

#### **Examples of Use:**

Webcams are to be used for educational purposes only, under the direction of a teacher or parent. Examples include:

- Recording videos or taking pictures to include in a project.
- Participating in live virtual lessons.
- Recording a student giving a speech and playing it back for rehearsal and improvement.
- Please note that installing Internet calling/video-conferencing software is prohibited on district devices. Software for using the webcam is already installed on the district provided device.

The Assigned Mobile Computing device comes equipped with photo and video capabilities. The Family Educational Rights and Privacy Act (FERPA) is a federal law that affords parents and students over 18 years of age certain rights with respect to students' educational records including photographs. You can read more about FERPA online at https://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html

For this reason, students must obtain written permission to publish or make publicly available a photograph or video of any school-related activity. Unauthorized recordings are subject to disciplinary action in accordance with the district's Acceptable Use Policy.

The School District of Newberry County retains the rights to any recording and/or publishing of any student or staff member's work or image.

## **Listening to Music**

#### At School

Listening to music on your device is not allowed during school hours *without permission from the teacher*. Permission will be given only for media used to complete a school assignment.

#### At Home

Listening to music on your device is allowed at home with permission from parents/guardians.

## **Watching Videos**

Watching non instructional videos on your device is not allowed.

## **Gaming**

#### At School

Online gaming is not allowed during school hours unless you have been given permission by a teacher. All games must be in support of education.

#### **At Home**

Online gaming is allowed at home if all of the following conditions are met:

- The content of the game is school appropriate.
- You have permission from your parent/guardian.
- The game is in support of education.
- All school work is complete.
- No download of any kind is needed.

# Personal software is prohibited from being loaded onto district owned-devices.

## **Printing**

#### **Printing at School or at Home**

Any documents that require printing should be discussed with your teacher.

## **Apps and Third Party Extensions**

<u>Considerations:</u> School officials reserve the right to remove any app and/or extension that could interfere with the correct operation of the device and/or other software packages required for instruction. Likewise, school officials reserve the right to add apps and/or extensions to student accounts that are required by teachers for instructional purposes.

## **Background Images and Screensavers**

**Considerations:** The background image of devices are set to identify site location and should not be changed.

## **Copyright and Plagiarism**

<u>Considerations</u>: Students are expected to follow all copyright laws. Duplication and/or distribution of materials for educational purposes is permitted when such duplication and/or distribution would fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC).

## **Academic Honesty**

<u>Considerations</u>: Since many assignments ask for work to be completed online or without direct adult supervision, students agree to practice academic honesty at all times when completing graded or ungraded assignments or assessments. Any issues of academic dishonesty will be directed to the student's administrator.

## **Device Internet Shutoff Times**

Each night, the SDNC will disable internet access for any school-issued device. Times:

Elementary student internet disabled at 8 p.m.

Middle School student internet disabled at 10 p.m.

High School student internet disabled at Midnight (12 a.m.)

Students may still use their device for school related assignments that do not require internet.

# **Technology Discipline**

All School District of Newberry County board policies, including, but not limited to <u>USE OF DISTRICT INFORMATION TECHNOLOGY RESOURCES</u> - <u>Español</u> will be followed.

## **Examples of Unacceptable Use**

Unacceptable conduct includes, but is not limited to, the following:

- 1. Using the network for illegal activities, including copyright, license, or contract violations.
- 2. Unauthorized downloading or installation of any software including shareware and freeware including but not limited to installing personal software, VPN software, or making any unauthorized changes to the operating system on school devices.
- 3. Using the network for financial or commercial gain, advertising, or political lobbying.
- 4. Accessing or exploring online locations or materials that do not support the curriculum and/or are inappropriate for school assignments.
- 5. Vandalizing and/or tampering with equipment, programs, files, software, network performance or other components of the network; use or possession of hacking software is strictly prohibited.
- 6. Gaining unauthorized access anywhere on the network.
- 7. Revealing the home address or phone number of one's self or another person.
- 8. Invading the privacy of other individuals, which includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature.
- 9. Using another user's account or password, or allowing another user to access your account or password.
- 10. Posting anonymous messages or unlawful information on the network.
- 11. Participating in cyber-bullying or using objectionable language in public or private messages (e.g., racist, terroristic, abusive, sexually explicit, threatening, stalking, demeaning, or slanderous).
- 12. Falsifying permission, authorization or identification documents.
- 13. Obtaining copies of or modifying files, data or passwords belonging to other users on the network.
- 14. Knowingly placing a computer virus on a computer or network.
- 15. Attempting to access or accessing sites blocked by the district Internet filtering system.
- 16. Downloading music, games, images, videos, or other media without the permission of a teacher.
- 17. Sending or forwarding social or non-school related e-mails.
- 18. Using someone's else's work as my own, or engaging in academic dishonesty.

Tech-related Behavior Violations	Equivalent "Traditional" Classroom Violations
E-mail, instant messaging, Internet surfing, computer games (off-task behavior)	Passing notes, looking at magazines, games (off-task behavior)
Missing case	No binder/missing supplies
Cutting and pasting without citing sources (Plagiarism)	Plagiarism
Cyber-bullying	Bullying, harassment
Damaging, defacing, or endangering device or accessories	Vandalism, property damage
Using profanity, obscenity, racist terms	Inappropriate language
Accessing pornographic material, inappropriate files, or files dangerous to the integrity of the network	Bringing pornographic or other inappropriate content to school in print form
Using an electronic resources account authorized for another person	Breaking into or using someone else's locker

#### **Tech Violations**

Behavior unique to the digital environment without a "traditional" behavioral equivalent

Chronic, tech-related behavior violations (see above)

Deleting browser history

Using electronic resources for individual profit or gain; for product advertisement; for political action or political activities; or for excessive personal use

Making use of the electronic resources in a manner that serves to disrupt the use of the network by others

Unauthorized downloading or installation of software, VPN software or making unauthorized changes to the the operating system/BIOS

Attempts to defeat or bypass the district's Internet filter

Modification to district browser settings or any other techniques, designed to avoid being blocked from inappropriate content or to conceal Internet activity

# **Discipline Related to Student Device Use**

Use of the technology systems operating in the School District of Newberry County is a privilege and not a right. Violation of the policy and administrative rule concerning the use of technology will result in disciplinary actions similar to other code of conduct violations. The district may remove a user's access to the network without notice at any time if the user is engaged in any unauthorized activity.

#### **Progressive Discipline**

- Discipline is progressive. Low-level, first-time infractions will have lesser consequences than infractions that are repetitive or more serious in nature.
  - Progressive Discipline Steps Examples

The following are for illustrative purposes only. The appropriate progressive discipline steps for the individual situation would apply.

- Warnings
- o In-class consequences
- Parent contact
- School-based consequences
- Discipline referral

## **Formal Discipline**

- Level 1 *In-Class consequences*: Students who must be re-directed by their teacher are subject to loss of computer or internet privileges for the remainder of the class period, and parents will be notified. Habitual misuse of technology will result in a formal discipline referral and other disciplinary consequences as outlined in the District Code of Conduct.
- Level 2 Pattern of abuse or flagrant violations: Any student who, after a Level 1 consequence, continues to engage in serious or persistent misbehavior by violating the district's previously communicated written standards of conduct may be removed from class and recommended for suspension.
- Level 3 Expellable offense: Student could be expelled from school if he/she engages in conduct that contains the elements of the offense of criminal mischief as defined by local, state, and federal law. Expulsion may be considered in flagrant violations that blatantly corrupt the educational value of computers or the Internet or compromise another computer network.

# **Device Security**

## **Balanced Approach:**

Two primary forms of security exist: device security and Internet filtering. Each device has security features built directly into the operating system. The SDNC strives to strike a balance between usability of the equipment and appropriate security to prevent the devices from being damaged or

used to cause damage to the district network. Device Security is in place on the device to prevent harmful and prohibited activities. These include downloading or installing software on the devices, removing software, changing system settings, etc.

#### **Internet Filtering:**

The SDNC maintains an Internet filtering software package. This program automatically filters all student access to the Internet.

# Damaged, Lost, or Stolen Equipment

#### **Damaged Equipment:**

Accidents do happen. You are responsible for the actual repair or replacement cost for negligent or malicious damages. Parents will be notified of the repair cost, which will be assessed to the student's account in PowerSchool. The account will be cleared when full payment has been received by the school official.

<u>Any theft or damages not reported</u> prior to device turn-in or end of year collection will be charged to the student regardless of the cause. It is your responsibility to immediately report any device damage or theft. The price that the district paid for the device includes the device, case, charger, and battery.

## **Lost Equipment**

#### **Reporting Process**

If any equipment is lost, the student or parent must report it to the school immediately. Students can let a teacher or administrator know, and the staff member will assist him/her. If it is reported that a student has not brought the device to school for an extended period of time, the school will consider the device to be lost and could charge the student's account for full replacement of the device and its related equipment.

#### **Financial Responsibility**

The circumstances of each situation involving lost equipment will be investigated. Students/parents will be held financially responsible for any lost equipment.

After investigation, if a device is deemed lost, the school will make a determination regarding a replacement device.

## **Stolen Equipment**

## **Reporting Process**

If equipment is stolen, the school must be notified and a police report must be filed immediately. A copy of the police report must be provided to the school by the student or parent in a timely manner.

#### **Financial Responsibility**

Students/parents will be held financially responsible and can be billed for full replacement costs for stolen equipment. Remember, it is the parent's/student's responsibility to report the theft to the proper police and school authorities immediately upon incident. After investigation, if a device is deemed stolen, the school will make a determination regarding a replacement device.

# **Transfer or Withdrawal**

The district-issued device is owned by the School District of Newberry County. If the student transfers or withdraws from the district, the device must be returned to the zoned school. If the device is not returned within ten days of withdrawal, the district will file a police report for stolen equipment. If a student transfers from one school to another in our district, they will not take the device with them. They will be issued another device at their new school.

## **Technology Fee/Device Repair and Replacement**

All students in grades PreK-12 have a <u>Technology Insurance Fee of \$25</u> for the full academic year due at the time of registration. This non-refundable fee may be paid online or in person at your child's school.

Students who PURCHASE the Technology Insurance will receive their first repair free. The second accidental damage in the school year will result in a \$40 fee. The full cost of repair will be charged for all subsequent accidental damages during the academic year. If the device is damaged as a result of neglect or abuse, the student will be charged the full repair price. See pg. 14 in the Student 1:1 Handbook for guidelines for Damaged Lost/Stolen equipment. (see District Website under the student section). All Technology Fees are expected to be paid within 10 business days of your student enrolling in the School District of Newberry County.

Students who DO NOT PURCHASE the Technology Insurance will be charged full repair costs for all accidental damage as well as damage that is caused by neglect or abuse.

If the device is not returned within ten days of withdrawal, the district will file a police report for stolen equipment. If a student transfers from one school to another in our district, they will not take the device with them. They will be issued another device at their new school.

Failure to sign the letter of agreement will result in the loss of mobile device and/or Internet privileges for that student.

# **SDNC 1:1 - Parent/Guardian Device Agreement**

This agreement must be signed before a student will be issued a device. Parents/Guardians may also complete this agreement through online registration.
