AICTE IDEA LAB Activities Report

EVENT: SKILLING PROGRAMME- AICTE IDEA LAB SPONSORED 6 DAYS IDEATION WORKSHOP-2 (PHASE-II)

DATE: 17-01-2022 TO 22-01-2022

Activity Name: SKILLING PROGRAMME- AICTE IDEA LAB SPONSORED 6 DAYS IDEATION WORKSHOP-2 (PHASE-II)

Date: DATE: 17-01-2022 TO 22-01-2022

Venue: G Block, AICTE IDEA LAB, PIET

Speaker (if any): Dr. Sunil Dhull,(Co-Cordinator, IDEA LAB)

Dr. Anju Gandhi (Coordinator IDEA LAB)

ABOUT THE WORKSHOP-

The 6-days Skilling Programme- (Phase -2) Ideation Workshop, sponsored by the AICTE IDEA Lab, PIET on 17-01-2022 TO 22-01-2022 was designed to equip participants with practical problem-solving skills through creative ideation techniques. The workshop aimed to encourage students and educators to innovate and develop hands-on solutions to challenges in various sectors. The AICTE IDEA Lab initiative is designed to promote creativity, innovation, and hands-on learning through experiential programs. These workshops focus on fostering problem-solving and ideation skills, often aimed at students, educators, and budding innovators.

The workshop was attended by 30 students, primarily undergraduate participants from various engineering and technology disciplines. These students were selected based on their interest in creative problem-solving and innovation, and they were supported by faculty mentors throughout the process.

Key Objectives for an Ideation Workshop:

1. **Creative Thinking:** Encouraging participants to think outside the box, using techniques like brainstorming, mind mapping, and reverse engineering.

2. **Problem Identification:** Teaching participants how to identify real-world problems that need innovative solutions, particularly in engineering, technology, or design.
3. **Innovation Process:** Introducing participants to the stages of innovation—from ideation to prototype development.
4. **Hands-on Sessions:** Encouraging practical sessions where participants can apply the skills they are learning.
5. **Collaboration:** Teamwork and collaboration should be key components, as innovation thrives in diverse teams.
