

## My personal profile

*In order to practice what we are learning at this level, we will work on a project called “Healthy and unhealthy habits at the University” with Bienestar Universitario.*

*In this project you are a volunteer and the first task that you have is to write a personal profile to introduce yourself. Let's do some exercises to prepare our own profile.*

### 1. Listen to Andrés' profile and fill in the blanks with the missing words.

**Audio:** <https://murf.ai/share/lmiovfp9>

I am Andrés Correa. I am \_\_\_\_\_ years old and I am from Yopal, Casanare, but I live in Medellín in the Floresta Neighborhood. I study \_\_\_\_\_ at Universidad Nacional de Colombia in Medellín. I am in my \_\_\_\_\_ semester.

I consider myself a \_\_\_\_\_ person because I have many friends. I am also a very creative person because I like to use my imagination to create \_\_\_\_\_. Besides, I am a responsible student because I like studying in the mornings and then I work in a coffee shop in the afternoons.

Regarding my extracurricular activities, I go to the \_\_\_\_\_ on Mondays and Wednesdays. On Fridays, I practice swimming. In my free time, when I am not in class, I take \_\_\_\_\_ and draw manga. I like reading a lot, but I also enjoy watching \_\_\_\_\_.

When I finish my undergraduate degree, I want to start a master's degree in history of art, to have a good \_\_\_\_\_ that allows me to travel around the world, and maybe to have my own \_\_\_\_\_.

### 2. Read the profile again and answer some questions:

Where is Andrés from?

What does Andrés study?

What are Andrés' personality traits?

What does Andrés like to do?

What does Andrés do in his free time?

What does Andrés want to do in the future?

*As we could see in the previous exercise a personal profile usually includes the description of personal information (birthday, age, hometown, occupation), likes, personality traits and plans for the future. Now let's practice our writing skills to write a personal profile by using the information below:*

3. Use the given information to create this person's personal profile. Write at least ten complete sentences.
