8th Grade Hershey Park Trip Eligibility Guidelines

Dear Parents, Guardians, and Students,

The end-of-the-year trip to Hershey Park is our way of celebrating two years of hard work and accomplishment on the part of our eighth-grade students. In addition, it is a way to showcase students who have exemplified the embodiment of our Strayer Stronger mantra. At Strayer Middle School, we feel strongly about acknowledging our students in a positive manner. We feel just as strongly, however, that the students continue to maintain high academic and behavioral standards. We will be taking into consideration established patterns of behavior from the course of the school year and requiring that students maintain these standards throughout the remainder of the school year.

We encourage all students to continue displaying the Strayer Stronger pillars of being safe, respectful, responsible, and courageous. Students who continuously struggle to follow the Strayer Stronger pillars may find themselves unable to attend this trip. Administration will be reaching out to students and families who fall into this category as the second half of the year unfolds. If a student has multiple tech alerts (if you owe money for technology violations), you may be ineligible for the trip. If the student becomes ineligible for the trip, the refund will be issued as a ticket to Hershey Park.

Please sign and date the bottom of this form, so we know you have reviewed and understand these guidelines. Return it (along with your permission slip and money) to your period 1A teacher. Incomplete forms will not be collected. ***Permission slip, payment, and this form must be turned in together***. Thank you in advance for your time and cooperation. Here's to a great trip!

Sincerely,

8th Grade Teachers

My son/daughter and I have both read and understand the Hershey Park Trip Eligibility Guidelines.
