Hi, I'm Icey and I need to expose this weirdass hoe named Ice.
I've never wanted to see any **NSFW / Vore**, all of this was uncalled for.

Ice's profile

Ice is a weird individual who I'm gonna call out for grooming me and other hidden relics in the past that a friend of mine has revealed.

ice 11/23/2022 1:16 PM

maybe some questions are better left as questions

I was shocked when I got this answer from Ice (16 at the time) because I was 15 and my ex was 13.

There are several things wrong with this

- We're all minors
- The age gap between him and us is incredibly large
- Ice was being nosey into our relationship
- Ice's behavior is downright weird.

I made a mistake about this because I never brought it up to my ex; I don't know why I didn't call him out on this because looking at this; since I've matured, I would've done a callout. Yet, I didn't.

Another instance of me making another mistake was when me and my ex broke off. Ice immediately came to me to ask me out. I rejected at first and Ice "understood" at first. As time went on, Ice has done NSFW drawings of my persona genderbent. Who is supposed to represent my childhood and has a figure of a **young boy**. I was never let known of this nor consented to this.

Next, he drew vore of my persona (**drawing was deleted**) and I was left uncomfortable and confused by Ice because of this I decided to talk to him about this even being legal. (**This was a huge mistake because he has a twisted set of morals**)

TIMELINE: During the Relationship

During this part of time, I was bombarded with a lot of sexting and nsfw by Ice. I believe he love-bombed me before and early days of our relationship because he would put in so much effort. Near the end of our relationship, he would only talk about sex and “listen” to me by suddenly diverting the subject to sex.

Text blocked by the date says “question is”

TIMELINE: The breakup and the aftermath

I was completely drained and uncomfortable from all of this sexting, nsfw, and vore. That's when the final straw was Ice calling me sexy and a picture of me in real life for the final time

I opened up to my friends Tawna and Sam about this and they suggested I break up with him because of all the nasty ass shit he did to me yet I didn't reveal too much because I was scared of being wrong. I went through with it and finally obtained my peace.

ice 07/09/2023 1:18 PM

oh oki

raidenicey 07/09/2023 3:38 PM

Ice, I don't think this can work.

It's because after your claim of stopping with your sexual stuff.

I've noticed how dry our conversations are.

We've been purely short talks and never in-depth.

I'm sorry I haven't told you that simply asking for a deep conversation won't work.

It's draining because I haven't felt any connection with you.

So, I think it's best to part ways.

I mean as in we're in no contact w/ each other.

Goodbye, Ice.

ice 07/09/2023 3:40 PM

Oh...

I guess i won't hold you back if you're feeling like this

I understand sorry that it didn't work out :)

I'd still like to be your friend tho

raidenicey 07/09/2023 3:40 PM

nuh uh

ice 07/09/2023 3:41 PM

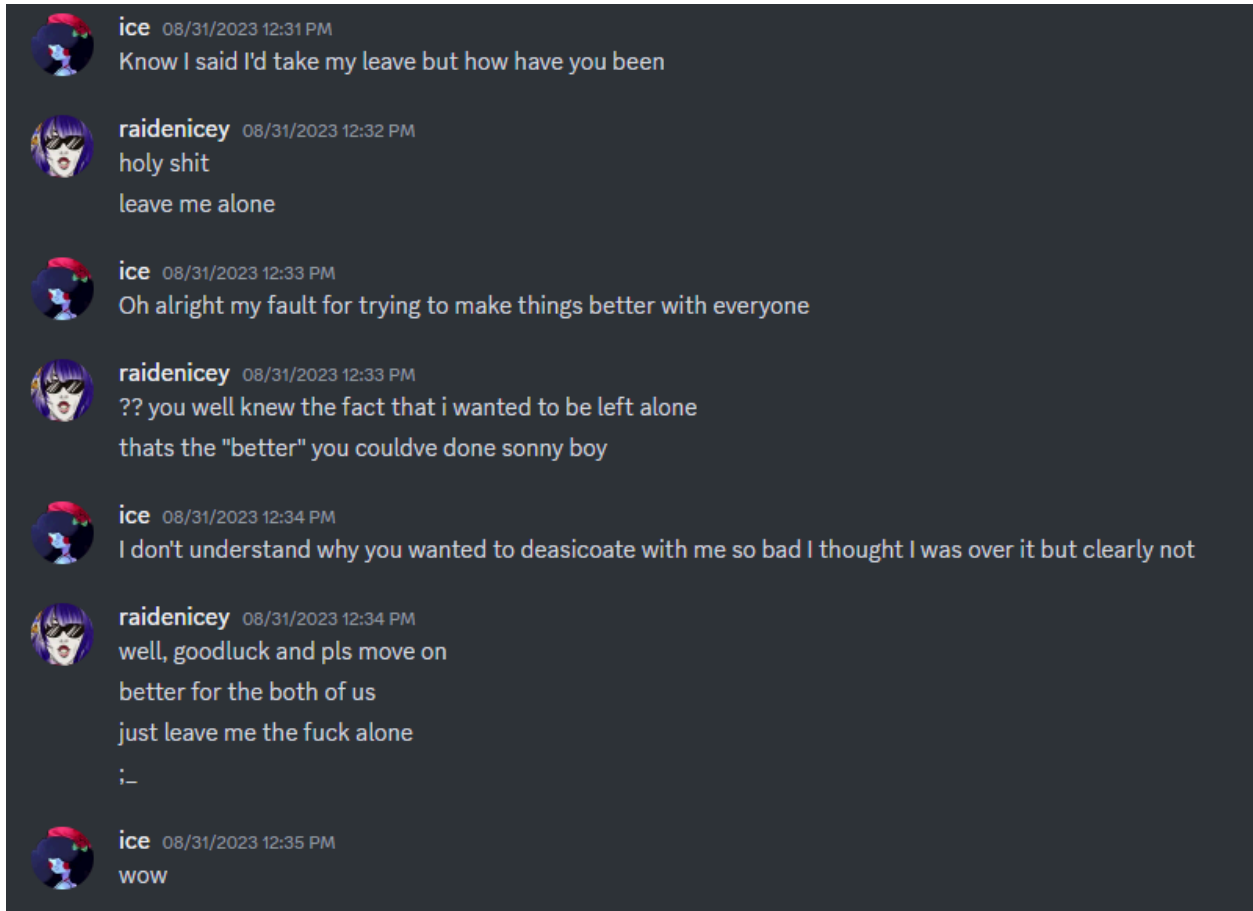

Awh :(

I'm gonna miss you icy then

Although, he started to message me.

I responded because It was my best friend that was in trouble.
He took advantage of this and he messaged me to make things “better.”

It's very clear of what I stated in my breakup statement of how I wanted to be left alone yet Ice still decides to contact me and try to guilt trip me in the process, "Oh alright my fault for trying to make things better with everyone" He clearly took offense when I simply told him to leave me the fuck alone. It's like he gets offended when he doesn't get his way!

This is the end of my segment.

(2) Tawna's Statement

Hi, I'm Tawna. I've been friends with icy for over 4 years, and I've followed their progress, both as a best-friend, and as an individual. Despite this, in April 2023, icy announced to me that they were in a relationship with Ice, one of my other friends. **Before I explain my side and what I've seen / been approached with, I will go over my experience with ice as a friend.**

An overview of what my statement holds is a somewhat timeline of events, briefly brushing things icy has explained prior. My attachments and statement mostly consists of my analysis toward Ice's intentions, my personal experience with Ice, and the fall-from-grace.

(Disclaimer : Most of my screenshots have British dates (D/M/Y)).

Chapter 1 : My friendship with ice (TEXT).

The way I met Ice was on a server full of icy's friends (a private server + safe space for icy) on the 30th August 2022. The way we clicked was through when I was streaming my drawing process to members on call. They got the bright idea of me drawing their main persona, and that's how our friendship came to be.

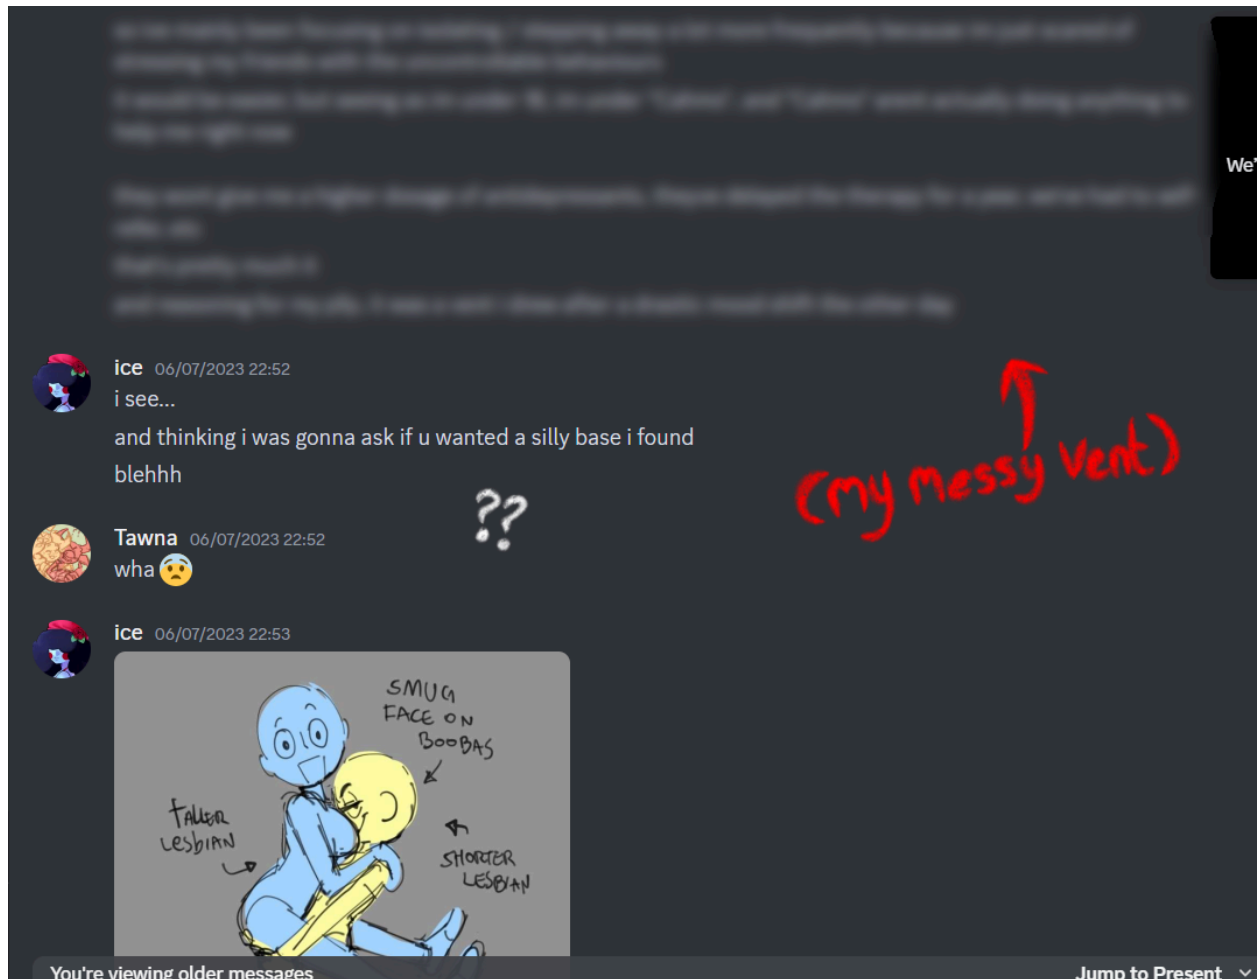

My **thoughts** on the friendship have been unfortunately chipped however. While dealing with a lot of mental struggle, I slowly began to believe that ice only wanted to approach me when they wanted something (like a drawing, or Roblox clothes). **They would also disregard my manic-episode vents just to shit-talk about icy, completely unprovoked.** This is when my trust started to slip, and *I tried my hardest to support them*, but my emotions were being damaged just by doing so.

What completely ended my friendship with ice was when I discovered what they had been doing behind the scenes with icy. Not only was my emotions being pushed by ice repetitively approaching me and bringing me into their business, but icy soon opened up about what had been going on behind the scenes of the relationship. I was told once, and then two months later, I was given more context. **That was when I completely snapped and decided to cut ties with ice.**

Chapter 2 : The Red Flags of our friendship (TEXT + ATTACHMENTS)

To sum-up me and ice's friendship to a short conclusion, it would be quite uneventful. Once again, I only believed they would text me in regards to commissions that I would do for friends, free of charge.

Due to the mental struggle I mentioned before, *I have been more emotionally vulnerable to venting and having manic-episodes, some of which I had in the presence of ice.* Nevertheless, their responses seemed dry, and it felt like they had no interest in hearing me out, changing topics drastically in the process.

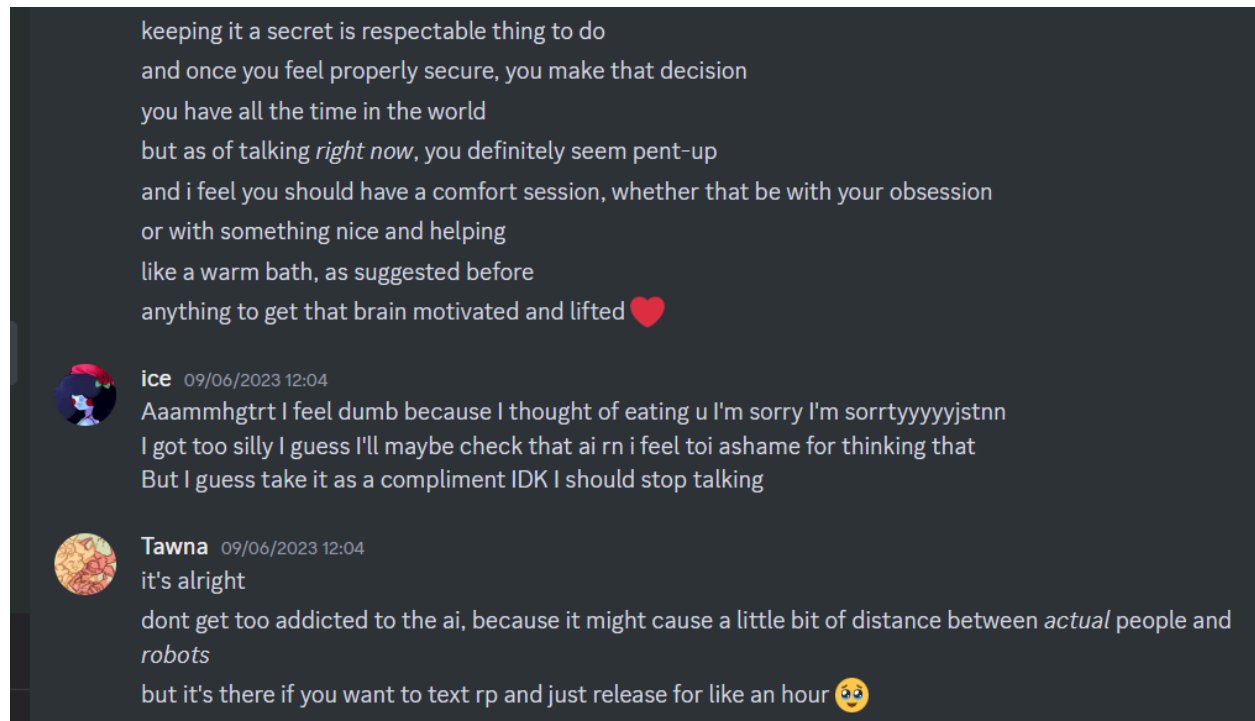

(Context : I was having a manic episode with the blurred messages above, and they just abruptly switched topics, sending the same sexual-base pose to me that they sent to icy.)

I honestly felt kind of sad at this, which eventually made me believe that they didn't care about me at all.

Before icy and ice's falling-out, I happened to get myself into a situation where ice was opening up to me about their kinks and fetishes. Although **I wasn't sent any vulgar stuff** (*not that I can remember*), they spoke to me for at least an hour with the topic, yet paid zero attention to my vents (*like the one shown prior*). Despite all of my discomfort on their topics, I opened up about my childhood traumas and obsessions to balance the conversation and make them feel better.

This is when they – said this, which I'm still kinda disgusted by.

(Context : This is practically the end of the long conversation we had. The eating part in particular made me uncomfortable, but I still tried to be supportive because I cared about them.)

I refuse to show the full conversation due to my own insecurities, and for ice's privacy. Nevertheless, this whole situation was and still has been messy for me, icy, and everyone dragged into it.

This is around the time when the break-up happened.

Chapter 3 : The Break-up and everything in-between.

Going back through DMs and group chats, I was able to back-track to the conversations me, icy and Sam had the day of the break-up. This took place on the 9th of July 2023. I remember

feeling sick as me and Sam were reading as icy typed, in complete disbelief on Voice Call.

raidenicey 09/07/2023 19:31

LOL

i felt

so

fucking awkward

no cause they said i look sexy

and i fuckin imploded

theyve said this before

and i went along with it

but i always felt more like a toy

:SOB:

sorry i always cringed when you said theyre happy with each other

so i awkwardly agree

dude.

i've hung out with ice ONLY THRICE

IN THIS FUCKING RELATIONSHIP

thrice

THRICEEE

i accidentally made myself upset with that

cause i wanted to check the update log

idk it just feels more one sided relationship with me and ice

NO

ITS NOT YOUR FAULT

ITS BECAUSE I DIDNT TELL YOU

OR ANYONE ACTUALLY

(Context : This was the beginning of the group chat in which we discussed and comforted icy. They opened up about "feeling like a toy", suggestively to ice, while opening up about other ongoing issues, such as the one-sidedness.)

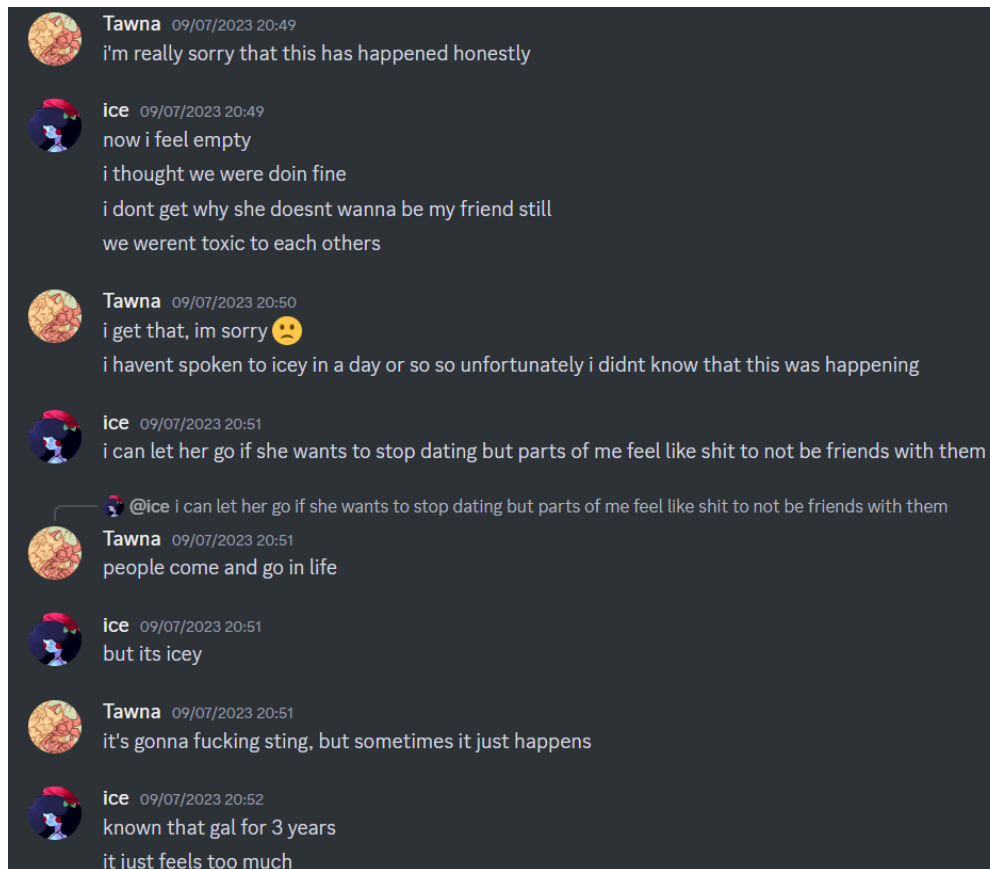

It hurt me to see icy suffering this way, so we focused on comforting icy and helping them motivate to end the relationship. Once icy mustered up enough courage, **it was almost instantaneous when ice messaged me about it, when it was not my place to comment at all.**

(Context : Ice seemingly came to me straight away, and I tried to support both sides, because obviously they were both dear friends to me.)

The conversation furthermore consisted of going back-and-forth with Ice. Due to me being unaware of what things were actually going on, I was trying to support them as much as

possible, yet also try to get them away from icyy as much as I could as the one in the middle.

(Context : This was the same conversation addressing the break-up.)

Even with these two attachments below, Ice somewhat tried to convince me to talk to icyy regarding the break-up, when even I knew that it wasn't my place to do that at all.

 @ice it feels like its always onto me
Tawna 09/07/2023 20:57
someday, youre gonna have to accept that that was what you did, that was who you are, and all you should be concerned on doing is moving forward

 **ice** 09/07/2023 20:57
I just am concerned about icyey
i know ill heal but damn close friend

and i think she wont hear anything ill say so it's pointless to even try
itll only make her more upset

 @ice I just am concerned about icyey
Tawna 09/07/2023 21:00
icyey will heal over time, this is going to sting for the both of you
but just focus on moving forward, improving, and taking time for yourself now

 **ice** 09/07/2023 21:00
well if you ever mention my name with her
could you tell her if she needs to talk at somepoint
ill be waitin

 **Tawna** 09/07/2023 21:01
im probably not going to

 **ice** 09/07/2023 21:01
not right now

 **Tawna** 09/07/2023 21:01
if theyve made a decision, it's not my place

 **ice** 09/07/2023 21:01
fair enough
maybe ill message her after sometime
just to check up

 **Tawna** 09/07/2023 21:01
i dont think that's a good idea, man
icyey just wants to be left alone
thats all i know

 **ice** 09/07/2023 21:02
alright then

 **Tawna** 09/07/2023 21:02
because ive seen how theyve felt after things like this

 **ice** 09/07/2023 21:02
if that what she wants (edited)
i'm a bit scared she found someone else and just made up something
i dont think its true but

At first, once this conversation (and the break-up) passed, it seemed like it was going fine. But, that soon came to an end when me, icy and sam collectively started to acknowledge some weird patterns with ice. They started posting a lot more / trying to become relevant on my server, which they rarely ever touched before.

Something that felt off to me was the following sequence of messages.

(Context : This was somewhat near the break-up messages, once again unprovoked.)

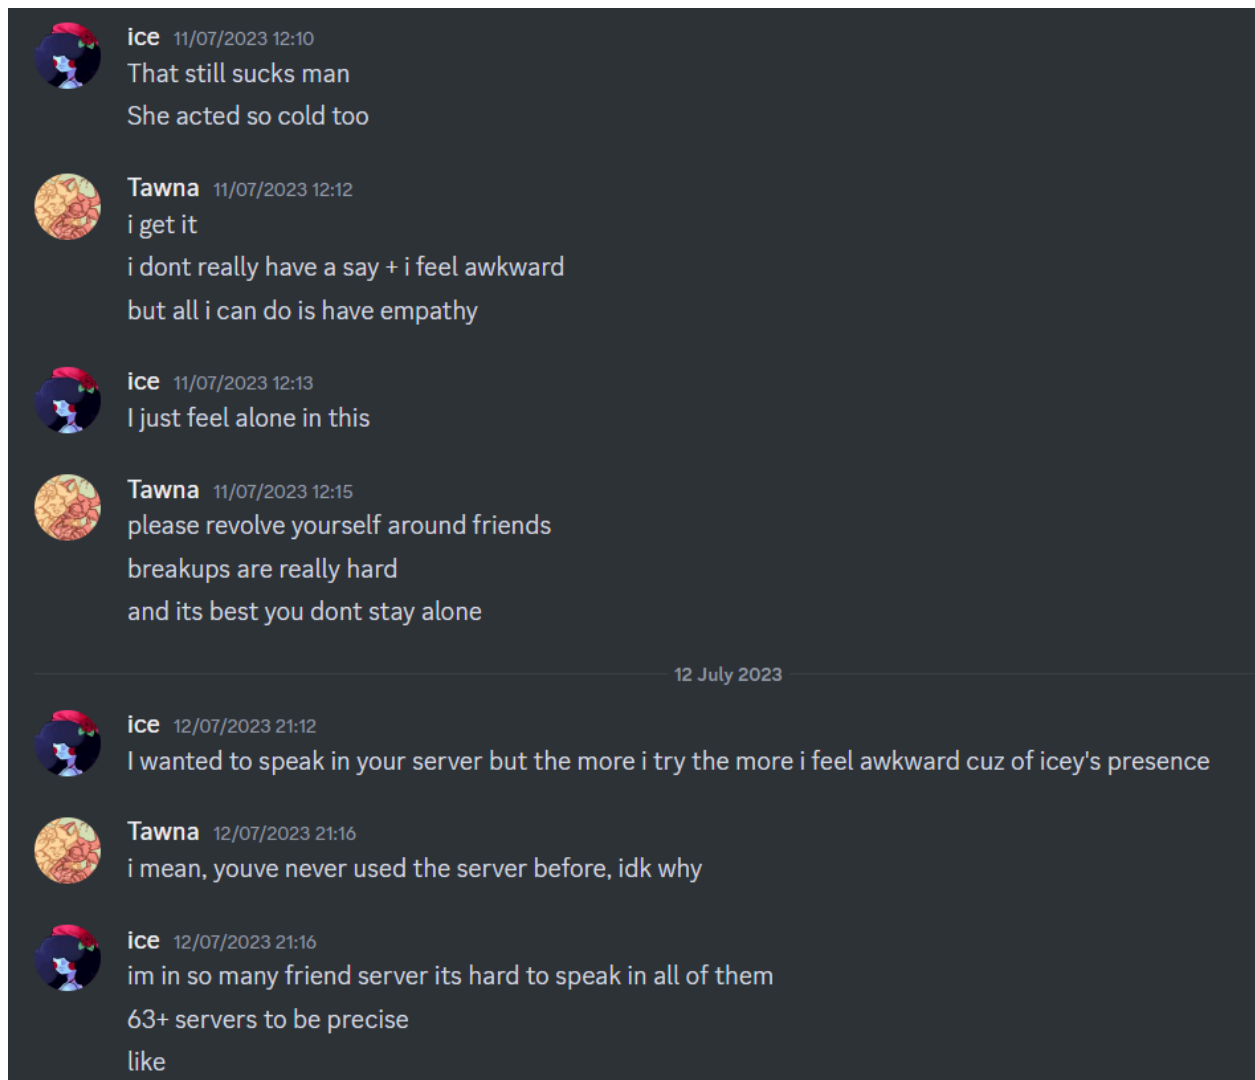

At the time, I understood they were stressed and I tried to provide them some emotional support, **but this is when something started feeling off to me.** Muffin (*one of our friends*) was matching Discord PFPs with icy as a friendly get-together gig, like icy has done previously. *It confused me why Ice was more concerned with the fact that icy could've gotten with someone else, rather than moving on in the first place?*

It only caused me to theorize more and slowly put every piece together. As clueless as I was at the time, **I continued being friends with Ice, as I was too awkward to move anywhere in the friendship, and I was also feeling sympathy due to Ice being overwhelmed with stress.** But now I realize I shouldn't have stayed.

Chapter 4 : The hostility

The air was very thin between me and ice in regards to our friendship. Most of the rare times Ice would ever text me would be about icy, except these weren't really vents of sadness anymore. Eventually, these blurt-outs took a villainizing route when referring to icy. I never properly asked for Ice to vent to me about icy, if anything I hinted at the opposite. But it didn't stop them of course.

This slowly became what all of our texts were about. It happened enough for me to get tired of being fed it.

The screenshot shows a text conversation on a dark background. It features profile pictures for 'ice' (a red and black character) and 'Tawna' (a yellow and orange character). The messages are as follows:

- ice** 11/07/2023 12:10
That still sucks man
She acted so cold too
- Tawna** 11/07/2023 12:12
i get it
i dont really have a say + i feel awkward
but all i can do is have empathy
- ice** 11/07/2023 12:13
I just feel alone in this
- Tawna** 11/07/2023 12:15
please revolve yourself around friends
breakups are really hard
and its best you dont stay alone

A date separator indicates **12 July 2023**.

- ice** 12/07/2023 21:12
I wanted to speak in your server but the more i try the more i feel awkward cuz of icy's presence
- Tawna** 12/07/2023 21:16
i mean, youve never used the server before, idk why
- ice** 12/07/2023 21:16
im in so many friend server its hard to speak in all of them
63+ servers to be precise
like

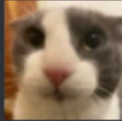

(Context : Ice claiming icy was “cold” during the break-up.)

ice 13/07/2023 00:15

ice 13/07/2023 21:31
i left it was too much im sorry
also noticed she removed me from her servers too

Tawna 13/07/2023 21:32

ice 13/07/2023 21:32
i really miss them
brr

ice 08/13/2021 5:18 PM

raidenicey 08/13/2021 5:18 PM

i dont understand
how is that possible

raidenicey 08/13/2021 5:18 PM
idk...
i horribly misspelt the word icy

ice 08/13/2021 5:19 PM
LOL

raidenicey 08/13/2021 5:19 PM
but it looks better...

ice 08/13/2021 5:19 PM
True...

(Context : The screenshot Ice attached was the beginning of icy and Ice's Private DMs.)

Once again, referring back to the previous chapter, I stated that Ice barely ever used the server up until the break-up. **This was at the exact same time that Ice began regularly shit-talking about icy in DMs.**

Tawna 31/08/2023 17:39

i think it's just best to leave icy alone at this point

i dont really have a say in the matter because it's two of my friends, but it is just best that you both avoid each other

ice 31/08/2023 17:40

I asked about you to them and they were rude I tried to see if they were alright and I get this

It's like

2 years never meant anything

Now I'm pissed that I went in with good intentions and get kicked in the ass without an explanation

Tawna 31/08/2023 17:41

i get it

dont sting yourself anymore with icy

the 2 years obviously did mean something, but things change

ice 31/08/2023 17:42

It's not fair

Tawna 31/08/2023 17:42

it isnt, i understand

ice 31/08/2023 17:42

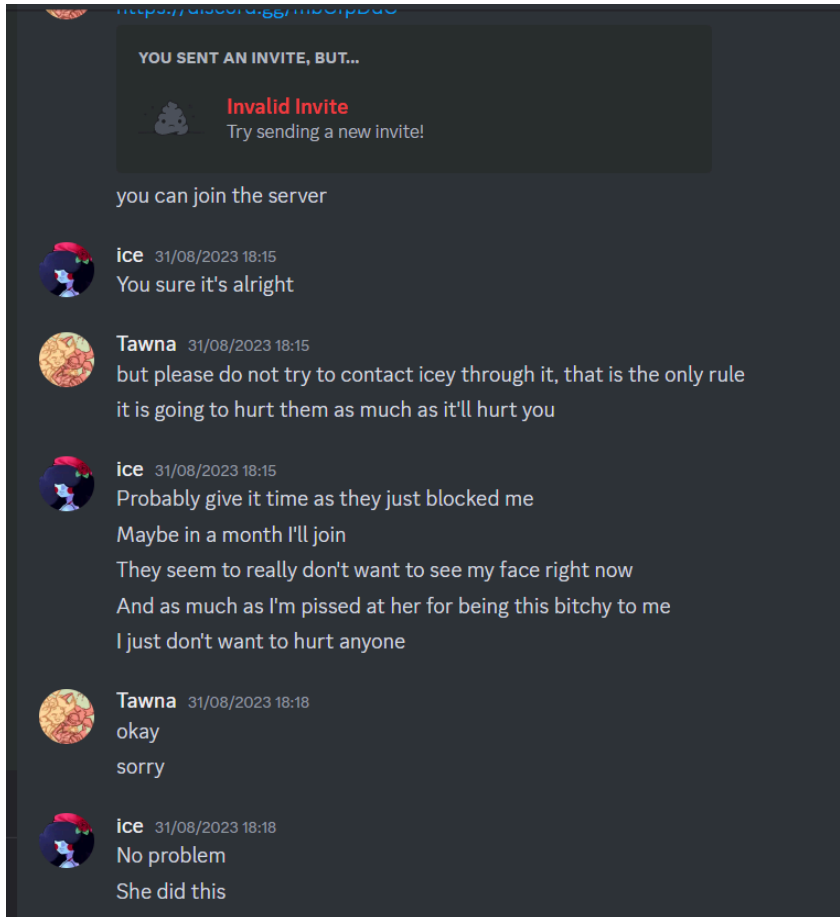

I would've never done her this

Why would she to me

Tawna 31/08/2023 17:42

i dont know

(Context : Both these attachments were in the same conversation, the last one having a very hostile attitude.)

This was the point where I started heavily disliking Ice for **constantly feeding me these toxic remarks** towards one of the closest friends that I have. Considering how they flunked out / gave little attention to most of my venting, and even discovering the information later on, I was immediately caring more for icy, while all of this disgusted me to a severe degree. **“She did this”** should’ve been the final straw.

- For the next part of this chapter, I’m going to give a quick **disclaimer** for the following screenshots. **These were taken from a DM with a friend of mine that is an associate with Ice.** I’m unaware of what their intentions were when messaging me these, **so for their privacy, I’ve blurred out their name.** I don’t want to tie them to this, nor have I asked for permission, but in this situation, I can’t ignore this; I have to bring it to light. *I just want to use the conversation for evidence.*

I have tried to space out the contexts as best I can.

okay so

basically i started talking to ice again
and like

he told me about some stuff n whatever

And im kinda curious to like
why he thinks hes unable to join your server
I know its not my business and all
but i was just intrigued by it

1.

Tawna 31/08/2023 18:06

its because im in a friendship with their ex
said ex being in the server

31/08/2023 18:06

yeah i know-

Tawna 31/08/2023 18:06

said tension

31/08/2023 18:06

but hes told me that hes tried to make things right and move on but only really gets like

Attitude from her for it

and i kinda see it as him being excluded because a singular person doesnt like him
And yeah i get the tension thing
but im sure something can be resolved if theres a level of cooperation

31/08/2023 18:06

2.

Tawna 31/08/2023 18:07

the only thing i know is that the ex in question doesnt want to talk to ice anymore / is trying to avoid

31/08/2023 18:07

yeah he said
But I mean cant he still join?
Its not like they need to interact

Tawna 31/08/2023 18:08

yes he can

31/08/2023 18:08

after all he already tried to resolve it with icy
She wasn't adamant

Tawna yes he can

31/08/2023 18:08

oki ill let him know
but uhm

maybe if there IS tension just separate the two
i felt kinda bad because ice is a nice guy

Saying things i made clear to ice.

Tawna 31/08/2023 18:09

thats why im worried if ice rejoins the server
icyey made it clear that they did not want to talk to ice anymore, but ice approached either way
im on no side, but it is just a huge mess i should not be dealing with

3.

31/08/2023 18:09

yeah I understand
i dont really want involvement either

Tawna 31/08/2023 18:09

the only way this can be resolved is if ice fully moves on
or if icyey forgives ice
both highly unlikely

Tawna the only way this can be resolved is if ice fully moves on

31/08/2023 18:10

i think he has
he has been telling me he just wanted to talk things out or whatever before moving on
Like you know just be friends again type of thing

i think he has

Tawna 31/08/2023 18:10

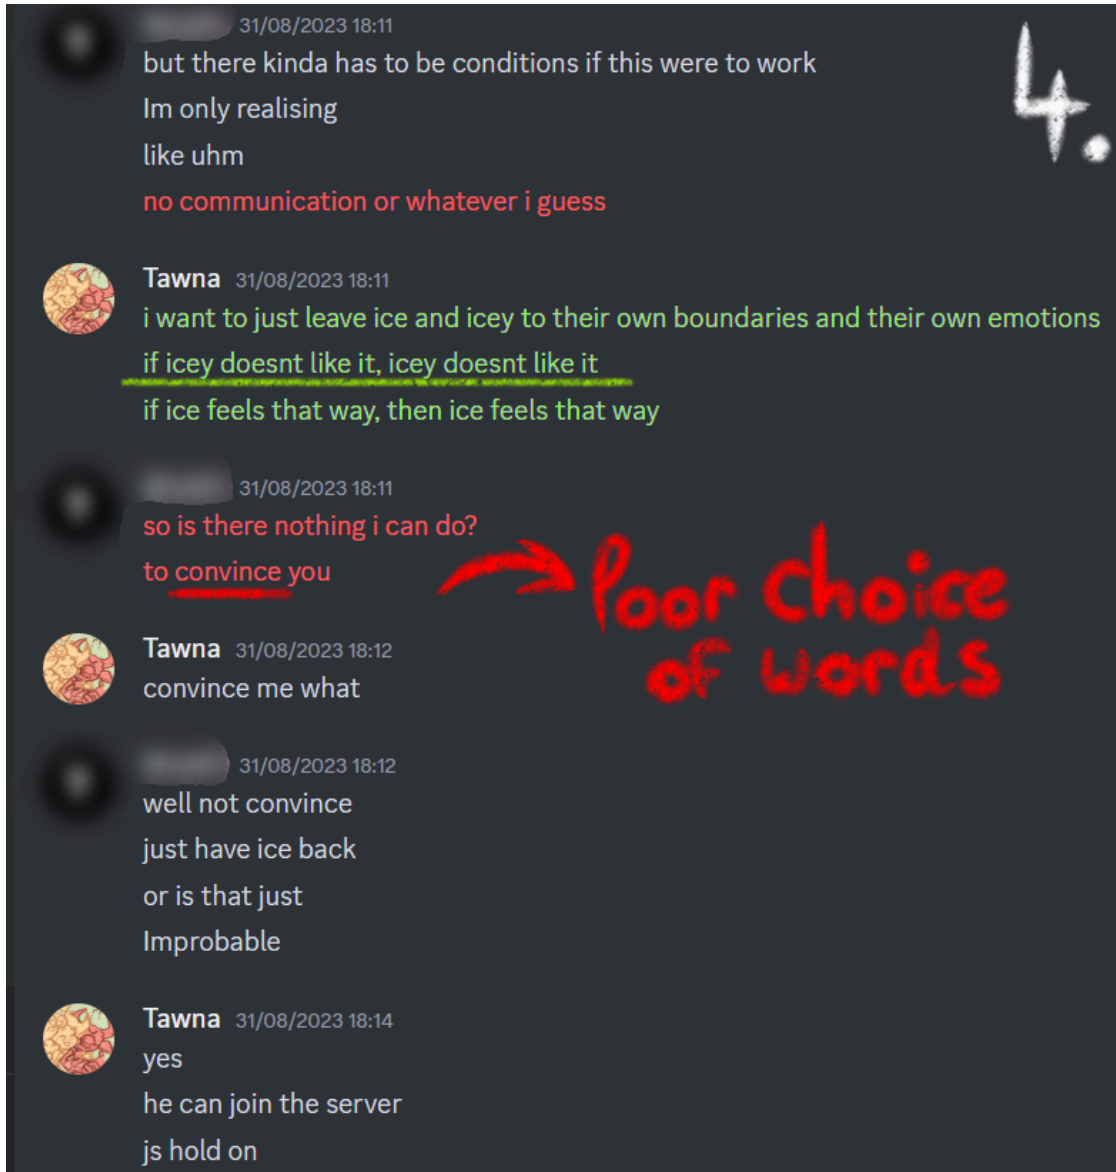

yeah
but in a state like that
it's not moving on

Very Clear.
i was angry at this point. + logic

31/08/2023 18:10

ill ask

(Context : Conversation with [N/A] regarding Ice and icy in my private Discord server.)

To briefly explain the context behind this entire conversation, **my friend, [N/A], texted me regarding Ice and their supposed love troubles.** I was already pissed off at the time from being bombarded by Ice with the attachments earlier in my statement. I easily believed that [N/A] had been unfortunately pulled into the stupidity of Ice's denial toward leaving icy alone.

- [N/A] came off as quite clueless during most of this, but said some interesting words such as "adamant", "attitude" and "convince", which honestly sounded like Ice's words, not theirs.
- **What infuriates me the most about this is that icy was never "cold" or "bitchy" like Ice had called them out to be.** All icy wanted was for Ice to *leave them alone* and split ways, yet Ice (at these points) wasn't taking it for an answer. This eventually becomes more blood-boiling later on down the line.

I was growing incredibly impatient with [N/A] toward the end, **to the point where my friendship with [N/A] has been inactive ever since said conversation.** From my perspective, I **personally believe [N/A] knew nothing about it, only what Ice was feeding them.** Icey soon found out that this stuff was happening and apologized to me for even being tied in with it in the first place, which I felt heavily bad for.

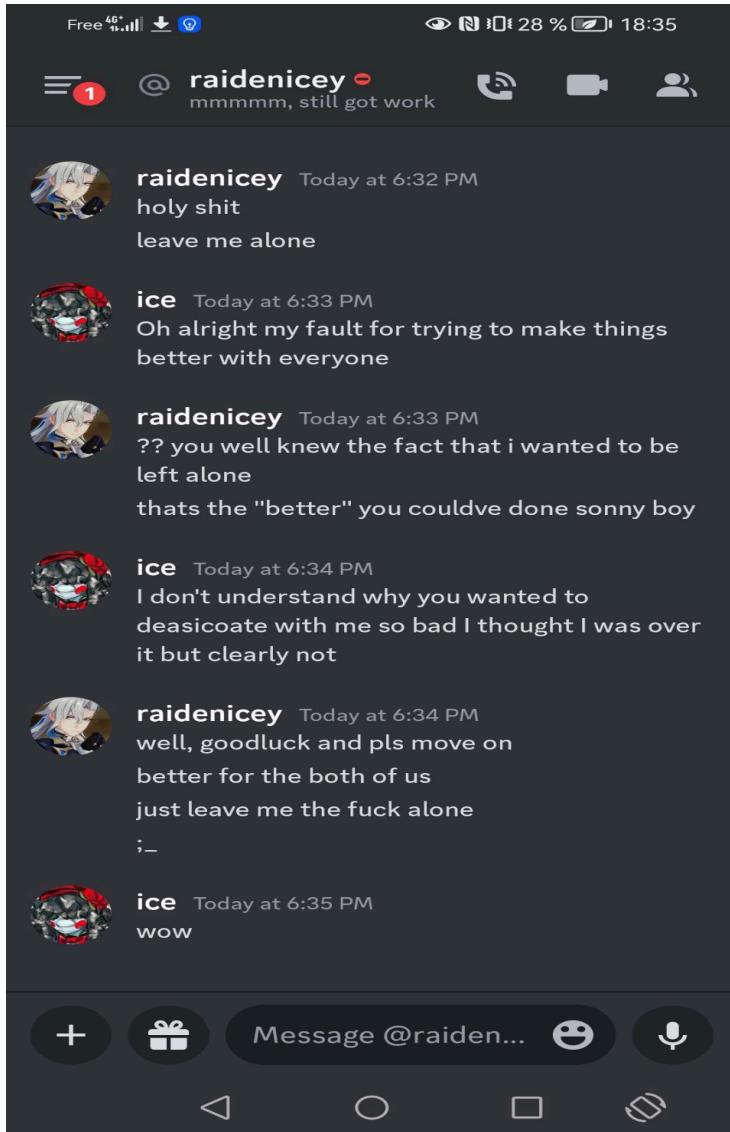

Keep in mind that I was a (somewhat forced) Mediator in this situation, I had no true involvement with any of the messier details that went on behind the scenes, and every single time Ice would text me regarding icy in any way possible, I would either be trying to move them off icy, or I would be trying to hit them with logic and reality. I didn't want [N/A] or Ice to approach me at all, but both, mainly Ice, didn't seem to care. **I was eventually forced to be in the middle of this, more-so by Ice.** icy was trying to help me cope with my anger toward the subject.

Chapter 5 : Ice's excuse + their behavior (The final straw)

This is now coming up to present time, the time that I'm writing this document. I haven't really spoken to Ice ever since the previous events, as I've been having my own problems relating to trauma and heavy mood shifts. *The reason why I'm bringing this up is because it becomes important.*

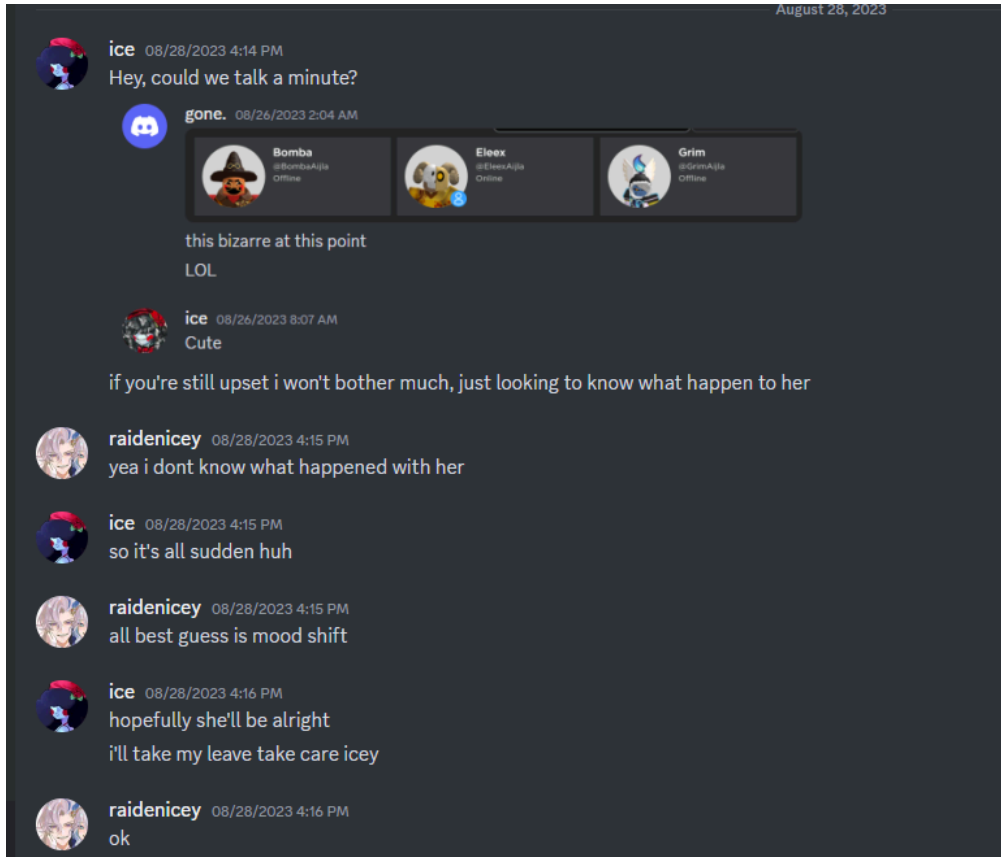

Unfortunately, not too long ago, **I had a really nasty episode / attack, in which I was stunned physically and took two days off the internet.** I took some time away from friends simply to recover and get my head straight, and return like usual shortly after. I then saw that Ice approached me wondering if I was okay.

Despite how mad I was at them, my vulnerable mindset ended up releasing a manic episode / deep thoughts in the Private DM with them. I didn't intend for my vent to drastically distress icy, but I needed to come to terms with the fact that there was nothing I could do.

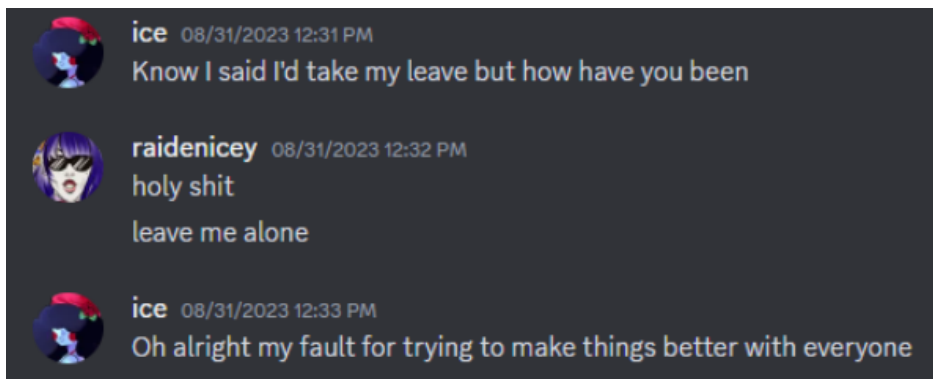

(Context : Ice attached this screenshot to me moments after my vent.)

If it couldn't get any better, **Ice ended up taking my vent as an excuse to go straight to icy.** However, not for me, **for their own benefit.** Once they had gotten icy's attention about the concern around my sudden disappearance, *they instantly tried to get close to icy, completely forgetting about my state, what they ORIGINALLY came over for.*

Went from ^ This, to That. v

I only just linked the two together today, and God, am I angry. It's mind-boggling to me that Ice would actually use my struggle as an excuse to talk to icy again. Yet this doesn't grasp everything I'm angry at, so time to get into the messy parts in which I heavily dislike, I guess.

Chapter 5 : Part 2 : Sexting + OC Sexualisation

I had to make a separate section for this, because this shit is absolutely unacceptable. From seeing icy admit and show all the messages and receipts of *how Ice was sexting*,

lewding and practically grooming them appalled me. **To believe I was supporting Ice and trying my best to nicely persuade them out of harassing icy WHILE this was going on makes me regret even trying.** In contrast to everything Icey had linked above (attachments + their side) regarding the pictures of porn, sexualisation, fetishes etcetera, **I cannot stress enough that this is bullshit worth calling out and giving icy closure with.**

*There's only so much I can do for someone, until my support is gone. **No matter how hard I tried to persuade Ice to do the right thing and refrain from contacting icy, they wouldn't listen to me. It resulted in the demise of my bond with them, if the receipts I've seen weren't enough to begin with. I've chosen to stick by icy's side, because this shit just isn't right, no matter how you see it.***

Chapter 6 : My overall opinion on icy's end ((ANALYSIS / theories / opinions on ice's intention + acts))

I stand with everything that I've said in my statement. There was **zero consent or signs of enjoyment coming from icy whatsoever in any of the screenshots** I've seen. Neither does icy want physically *anything* to do with Ice overall, *which they've made painfully clear.* It turned from a normal break-up, to a literal nightmare very quickly. I've (*unfortunately*) reviewed everything that icy has been comfortable enough to share with their peers **regarding the sexting and lewd behaviors.**

I've *written* enough, I've *seen* enough, and I've *dealt with enough stress from the situation.* **In no way did I want to be involved, nor have to write this and go against keeping my DMs and interactions private,** but I feel like I have to just to support icy and address the faults. I am deeply sorry to icy and I will continue to support as much as I can until some closure is created from this incident. **It has been a pain writing this, knowing I may hurt people with this statement, but I believe it is for the better that these things come to light.**

I hope for the future that ice acknowledges what faults they have as an individual (ones they refused to see), and change for the better. I also hope they refrain from approaching me, icy, or anyone involved like this again.

Thank you for your time.
