

## WILLIAM E. NORRIS PRESCHOOL PROGRAM INFORMATION 2025-2026

The Town of Southampton offers a public inclusion preschool program to meet the mandate for educating preschool children with disabilities. The program is open to families who have three and four year old children (must be 3 by September 1st). Also, five year olds whose birthdays come after September 1st.

The Norris preschool program can accommodate children with and without disabilities from Southampton. By integrating children in this way, each population benefits and enriches the other. Carefully designed activities provide excellent social experiences, increased self-confidence, a base for understanding people with disabilities, a foundation of preschool skills and joyful play that is central to the early childhood stage of development.
