Annual Events FAQ

Hubbard County 4-H | Updated Fall 2025

Where are the programs and meetings I'm interested in?

Most of our local programming isn't listed, as we are flexible in what and when we can offer programs. This document is outlining the most consistent dates and deadlines during an average 4-H year. If you have a particular project or skill you'd like to see in the upcoming 4-H year, please reach out to our Extension Office.

Do I have to be a part of everything on this calendar?

The short answer is no. However, 4-H is powered by youth leadership and adult volunteers. We encourage civic engagement through involvement in programming and leadership opportunities such as those listed.

Why don't I see my club meetings listed?

Club meeting details are up to each individual club to decide, and can change from year to year. Reach out to your club's leaders or the Extension Office for the latest information regarding club meetings.

Why is the calendar from October to September?

October is the beginning of a new 4-H year, and thus begins our annual calendar. Additionally, this designation aligns well with school calendars, as 4-H members must be at least in Kindergarten, but no older than one year out of high school ('grade 13'), when enrolling.

Why do we re-enroll in 4-H every year?

Youth re-enroll annually, and adult volunteers re-enroll every three years to ensure we have appropriate insurance coverage for members as well as up-to-date information for youth project preferences, and contact information. If someone is having issues with online enrollment, please contact the Extension Office.

What does BLU/TEEL stand for?

Building Leadership & Understanding or Teens Engaged in Emerging Leadership. These annual workshops take place across the state for youth in grades 6-9 or 10+ to build leadership skills, network with others, and practice teamwork through hands-on activities, guest speakers, and more!

What does YELLO stand for?

Youth Exploring Leadership & Learning Opportunities is a state-wide leadership conference for grades 7-13 which includes messages from nationally-recognized speakers, educational workshops, group networking experiences, field trips and opportunities to contribute to the local community through service.

I have more questions about the calendar, who should I contact?

For information & assistance, contact your Local Extension Office.
