School Council Meeting

“Parents play a vital role in the development and education of their children and in the success of schools. They are the most important influence in a child’s life outside of school. Long after direct learning from parents in a child’s early years gives way to formal education, parents continue to play a key role in student success through the attitudes they help to share and the direct supports they provide.”

A school council is an advisory body that functions within the parameters of Ministry of Education and Board policy. School councils provide an opportunity and the means to advise the principal and the Board on any matter pertaining to improvement of pupil achievement and enhancing the accountability of the education system to parents/guardians. The ultimate responsibility for the administration and management of the day-to-day operation of the school rests with the principal.
