Richard, 31, is an incel and is socially awkward. He has a 9-5 job every weekday which he earns 4k per month. He is interested in getting laid and seeks to get some women but does not know how to start. He wants to interact with women and get successful as a seducer because he wants to enjoy the experience. He also wants the confidence booster that he can be a great communicator and can sexually give women the best sex ever! He wants to feel like a king to women. He is not a virgin but his past girlfriend that he had complained he was awful in sex.

Current State:

Richard is not doing well in his sexual life and has no social life with women. He also does not have any knowledge and is quite nervous when it comes to having sex with women because his past girlfriend complained that she wasn't getting satisfied by him. (He lasts 5 seconds) Worse, his attempts at getting women are always shrugged and his DM's are never read, approaches are turned down because they sense his needy personality. Basically, he has low self-esteem with women and wants that to change and become someone who women desires

Dream State:

Richard is a chick magnet. He has experienced having fun with women and is a great seducer who gives women what they want. He is no longer shy and awkward and has high self-esteem that he can seduce any woman that he wants. He has great social skills as a result of this transformation. Finally, he can make women beg for more sex because he gives them the best sex experience.

Roadblock:

Richard's problem is that he does not understand women and what they want. Based on his past girlfriend, he was not able to give her the fun she wanted in the long run and that has gotten to his head. He has low self-esteem and does not provide any value to women because of this state. Women feel the negative vibes of people that Richard has a vibe that does not feel fun in anyway.

Solution:

Richard needs to work on understanding women and learning how to have a vibe that attracts women. He also needs to get over his low self-esteem and be able work on becoming confident by being more masculine. If he is able to learn and apply the concepts on how to attract women (becoming fun, satisfying them sexually, communication) then he will improve his sex life.

Subject Line: Create A Seductive Aura That Women Will Crave Irresistibly

Hey there Richard,

Unsatisfied with your sexual life?

You feel like you're invisible to women, constantly getting ignored in your DMs on social media, or approaching them in person.

All these causes make you feel negative that you complain to your friends and family how lonely you feel.

They say: "Where's the positive vibes?" You are seen as bad energy that it disgusts people. Women smell this on you and want to go away immediately.

You overthink that you will never be able to experience tremendous fun with women and that you will stay an incel forever.

I urge you to avoid this fate!

Get rid of all the destructive thoughts in your mind and radiate an attractive aura.

Understand that there is still hope and that you can have the fun experience that you dream. You need to act like a MASCULINE MAN that women will imagine being with you and they have no better options to go to.

Masculinity makes you more assertive and confident like a real man, rather than expressing your emotions in the same way as females do.
