Pyrothyst Commission & Pricing

Last updated: Sep 14, 2026

By commissioning me, you agree to the following [Terms of Service](#). Please read everything carefully! If you have any questions, feel free to ask for clarification!

Click here for [COMMISSION BUNDLES](#) (Sales for getting multiple items!)

This document lays out all my pricing options in organized tables and data! I try to make everything as clear as possible for my customers (and myself)!

However, if this kind of document is intimidating to you, don't hesitate to reach out to ask about my options in plain words! I LOVE tables and organizing data and numbers, but I know that is not everyone's thing! PLEASE reach out if you have any questions! I would be happy to explain it! :)

My [Ko-Fi](#) also has a nice user interface to interact with that's much easier to look at if you prefer! You can order straight through there as well!

Standard Options

Size	Doodle	Sketch	Line	Flat	Shaded
Headshot	\$2	\$5	\$10	\$15	\$25
Half Body	\$2	\$10	\$15	\$25	\$35
Full Body	\$2	\$15	\$25	\$35	\$45

These are my standard commission options! Each price is based on the amount of character shown and the effort it takes to draw.

Extra Characters:

An extra character is an additional 40% of the base price.

For example:

- Flat Color Headshot base price = \$15
 - Additional 2 characters = (\$6) + (\$6) = \$12

Total Cost = \$27

Extra/Misc Options

Interested in something besides my standard commissions? These options include smaller-scale and even physical pieces that fall outside my typical headshot or full-body categories. Costs listed as a range will fluctuate based on the intricacy of your character or the level of detail you desire. Make sure to check the notes for each specific choice to get all the details!

Revisions are a normal and welcome part of the commission process! This policy is not meant to discourage you from asking for changes. I want you to be happy with your finished artwork, which is why every stage includes free revisions.

Revision limits are meant to keep communication efficient. When you receive an update, please look it over carefully and send all of your requested changes together whenever possible. Multiple changes requested at once still count as one revision round.

This helps avoid repeated back-and-forth, which can take a lot of time. Once the included revisions are used, a small fee compensates me for the additional time and work. Major changes to previously approved work may cost more if they require parts of the artwork to be redone.

Mistakes on my end are always corrected for free and do not count toward your revision limit. The goal is to make the revision process smoother and more efficient for both of us. Thanks!
