Purpose

This document descripts how to create array that contains number sequences like this,
[[1, 2, 3, 4, 5], [2, 3, 4, 5, 6], ..., etc]

Code

```
result = []                # create a list
result.append(data[0:5])   # [[1, 2, 3, 4, 5]]
result.append(data[1:6])   # [[1, 2, 3, 4, 5], [2, 3, 4, 5, 6]]
print(result)
```
