

Summer Conferences 2023

Student Technology Services – Network Access

Wireless Connectivity (macOS):

1. Click on the Network Icon in the upper right corner of the menu bar.
2. Select View Available Wireless Networks. A window pops up with all of the available networks within range. Click on **wustl-2.0**.
3. Open your Internet browser and navigate to **portal.ip.wustl.edu**. A registration welcome page will appear. Follow the instructions to review the network use policy and move onto the registration page.
4. When prompted for a username/password for registration, please use the following credentials:
 - a. Username: WUSTLspg
 - b. Password: StudWasITascSum3r2023@!
5. When the process is complete, you will see a confirmation on your screen. **Reboot** your device to complete the process of connecting your machine to the wired network.

Wireless Connectivity (Windows):

1. Right click on the wireless icon located on the lower right task bar.
2. Select View Available Wireless Networks. A window pops up with all of the available networks within range. Click on **wustl-2.0**. Click "Connect".
3. Open your Internet browser and navigate to **portal.ip.wustl.edu**. A registration welcome page will appear. Follow the instructions to review the network use policy and move onto the registration page.
4. When prompted for a username/password for registration, please use the following credentials:
 - a. Username: WUSTLspg
 - b. Password: StudWasITascSum3r2023@!
5. When the process is complete, you will see a confirmation on your screen. **Reboot** your device to complete the process of connecting your machine to the wired network.

Wired Connectivity (macOS/Windows):

1. **Plug** your computer into the network jack in your residence.
2. Open your Internet browser. A registration welcome page will appear. Follow the instructions to review the network use policy and move onto the registration page.
3. When prompted for a username/password for registration, please use the following credentials:
 - a. Username: WUSTLspg
 - b. Password: StudWasITascSum3r2023@!
4. When the process is complete, you will see a confirmation on your screen. **Reboot** your device to complete the process of connecting your machine to the wired network.
